FERGUSON WATERWORKS

Evaluation Criteria NO. 2: Certified Minority Business Enterprise

We do not meet the criteria for a Minority Business Enterprise.

Evaluation Criteria NO. 3: Business Plan

Ferguson Waterworks has been under contract with Collier County for the last 16 years as its sole underground utility parts supplier. During this time, we have worked side by side with Collier County on several business aspects that have aided Collier County in growing, maintaining, and servicing its utility system. We have assisted Collier County with various tasks such as inventory management, value engineering, project management and 24-hour service. Ferguson has partnered with Collier County on pre-planning projects, identifying long lead time materials, and storing materials at our Naples yard for quick access by both Collier County and its approved Contractors. This has proven to be beneficial by making product availability proactive and aiding in prompt construction completion.

Ferguson Waterworks has been committed to the Southwest Florida market and its customers for over 34 years. This is a testament to the commitment Ferguson has and continues to make for our customers, providing world-class service and reliability. In addition to our Naples location, Ferguson Waterworks has two facilities in Southwest Florida, one located in Lee County and the other in Charlotte County, with a collective inventory of close to 12 million dollars, 52 employees and 12 delivery vehicles. Our commitment and dedication to giving our customers the best possible customer service, resources, facilities, and knowledge has earned us the privilege to be the market leader in supplying underground utilities in Southwest Florida.

When choosing a business partner, it is extremely important that the partner can take care of the needs requested. We feel Ferguson Waterworks is the premier distributor that offers this high level of service and value to Collier County. We would like to extend an invitation to Collier County to visit our facilities and see our capabilities firsthand.

In this section of the Business Plan, we will identify and expand on the above-mentioned values and benefits Ferguson Waterworks will continue to provide to Collier County in the upcoming years.

Detailed plan of approach, including but not limited to, management of the County's required inventory and/or the proposers inventory at a reasonable level to support "around the clock service." Describe how the proposer will stock and manage inventory.

After reviewing the inventory currently on hand at Collier County's warehouses, several opportunities exist to reduce inventory, without sacrificing availability and service. Upon being notified of a successful RFP, Ferguson shall work cooperatively with the Collier County staff to develop an inventory management plan as identified below:

Ferguson Waterworks will schedule a meeting with Collier County staff to determine the most commonly used products and crucial inventory. Once this is complete, Ferguson will work with Collier County staff to establish stock parameters for both parties. This would include discussing stock minimums, maximums, safety stock and lead times. Common items such as pipe, valves, and fittings (PVF) are currently stocked less than 1 mile away at our Naples facility. Most of our $4.5 million Naples inventory is based off Collier County Utility specifications. This means that Collier County could reduce the amount of common market

products they currently stock in their warehouses and rely on Ferguson to maintain additional local inventory. Ongoing conversations will keep this process active and adaptive to any current or future needs that may arise.

In addition to the common items, Ferguson will work with Collier County to identify material for future projects with longer lead times as well as proactively determine the stock levels required to prevent outages or job delays. As a direct point of communication, JoDerek Adams has been diligently involved over the last 16 years with Collier County staff, taking on projects such as: creating material lists, pre-ordering material for projects, and housing those materials at our Ferguson Naples location. This is all to ensure Collier County and its Contractors are prepared to start projects, with materials readily available. This pre-planning of material has proven to be beneficial in allowing projects to start and continue without delay.

Below is a specific list of processes to maintain a responsible managed inventory:

- Identify emergency and repair items with Collier County staff and agree on stocking levels.
- Create minimums/maximums for products needed/desired to be kept at both Collier County and Fergusons' Naples warehouse.
- Help to review and expand upon current Collier County inventory management/purchasing systems.
- In addition, incorporate quantities of known upcoming projects with new monthly demands to create better and timelier purchase quantities.
- Schedule weekly or bi-weekly (at Collier County's discretion) warehouse visits with staff to review inventory requirements and address any needs. JoDerek Adams currently stops by various Collier County facilities weekly as part of his responsibility as the sales representative for Collier County. In addition to weekly visits, JoDerek Adams is available to assist when called upon.

Describe your disaster recovery plan. Including post event availability, staffing, and a detail plan should your primary distribution warehouse be damaged or destroyed.

If a disaster to our Naples warehouse occurs, Ferguson has many options here. We have two other warehouses in Southwest Florida, one in Ft. Myers and one in Port Charlotte that currently stocks anywhere from $3 to $4.5 million of inventory at each facility. This inventory is based around common underground utility supplies like pipe, valves, fittings, restraints, repair clamps, etc. We have no less than three delivery trucks at each location that would be accessible on a given notice in the event of a disaster. We also have 22 other Ferguson facilities in the state of Florida that are stocked similar to our current warehouse in Naples. All Fergusons locations are considered a team. Meaning that if one location is in need the others would be more than willing to assist in any way possible, deliveries, material, etc. We also have a distribution center in Frostproof Fl, that is 633,000 square ft on 30 acres, which is fully stocked with the above-mentioned products.

In the unfortunate event of a natural disaster both Ferguson and Collier County would be affected. JoDerek Adams' immediate course of action would be to contact the proper County personnel and with an effort of identifying immediate needs. Once the immediate needs are established, a strategy would be implemented for the most direct solution. In the above-mentioned paragraph, all those resources would apply.

In the aftermath of Hurricanes Irma and Ian, the Ferguson locations in the state of Florida, were prepared and immediately went into action to provide resources to our customers and associates in SW Florida. All stores were equipped with gas generators, fuel trucks, water, and food. We always strive to take lessons learned during these unfortunate times, so that we can be better prepared in the future to help our customers and associates.

Include with the business plan how your firm will ensure that all parts are available within the specified time frame.

Ferguson will utilize the above-mentioned processes to ensure product availability in meeting the needs of Collier County.

Provide a narrative on your firms experience with integrating with a computerized enterprise asset management system and the assistance you provided to your customer.

Ferguson creates and manages both standard and custom system integrations with its customers, or with the third parties of their choice. These integrations can be for data transfer, and for transactions. To help customers we offer standard formats and can also work directly with their technology teams to meet customer specific requirements and make it easy to do business.

Unique solutions are created with each customer's special needs in mind. Some examples include, but are not limited to…

- Implementing bar coded inventory to help manage inventory investment creating, demands, minimums, and maximums. Systems can stand alone, be integrated on either Ferguson or customer side, or directly connect Ferguson and customer systems.
- Create specific product catalog with details and specifications in an electronic format allowing for easy order entry and historical purchases reporting.
- Utilize third party software to achieve customer mobile needs.
- Directly integrate customer operating system with Ferguson operating system to eliminate duplicate work.

Identify resources for assisting County in maintaining ordering parameters, forecasting, and monitoring stock levels to provide the required material at the best price, on time, and delivered to the right location.

Recognizing Collier County's inventory management system and ordering processes, Ferguson has taken special consideration to incorporate the Collier County SAP numbering system. By utilizing our cross-referencing program, Ferguson generates a bid proposal with the correct Collier County and Ferguson material numbers which is then generated to a Purchase Order. This helps assure both parties that the correct material is being ordered and prepped for delivery. Ferguson then generates an order, including the SAP number, allowing quick verification of accurate material delivery and proper location storage.

With continued communication between Collier County staff and JoDerek Adams, the correct product lists, confirmed jobsite locations, and accurate delivery times are obtained. Ferguson Enterprises has implemented technology to maximize our logistical approach to deliveries. Utilizing computer software, our current GPS technology enables us to have real time view of the locations of our delivery trucks. With this feature, we can prevent potential delays and incorrect jobsite deliveries to provide the most efficient delivery service.

Provide a description of how the online ordering systems works and the benefits of the system to Collier County.

Ordering with Ferguson is more convenient and easier than ever. Ferguson Online is packed with distinct features to help Collier County quickly place orders, access product details, and manage accounts at the office and on-the-go, 24/7. Our free, real-time website gives our customers quick access to products, time-saving account details and convenient online ordering. Ferguson Online is packed with features that customers can't find anywhere else. These features can also be customized to Collier County's needs.

Ferguson on-line offers personalized product codes, 12 month's purchase history (View Purchase History), favorite's lists (My Lists) & Quick Order for easy on-line purchasing of Collier County's commonly ordered items. One of the big advantages to Ferguson on-line is we offer code cross referencing, meaning that we can cross reference Collier County's warehouse product code with Ferguson part numbers. Collier County can go on-line and type in their part number and it will automatically reference the Ferguson code, making search and Quick Order very convenient. We currently have Collier County warehouse inventory codes set up for on-line ordering.

Our customer inventory management (CIM) services are built around the customer's business processes. Ferguson provides bin labels, customized & barcoded reference catalogs, and barcode reading scanners to make stock replenishment and inventory counts so much easier. Our program is scalable and built to fit whatever our customers need. Over 1000 scanners have been deployed around the nation to our various customers.

- Collier County can see their current account status and manage cash flow.
- Flexible payment options available such as credit card payment or credit terms account.

- Print AR statements or research invoices whenever needed. (Ferguson can also provide electronic invoices to update our customers accounting system. This option requires that our customer's program can send and/or receive electronic documents via EDI, XML, CXML, TXT, CSV, etc.)
- Collier County can set up new users and manage their website permissions as their team grows.
- Collier County can set up approval limits on orders to manage and control their company's spending.
- Collier County can replenish their on-site warehouses or mobile fleet quickly, easily, and accurately with a wireless scanner. Lightweight, rugged scanners used with customized labels let customers replenish on the fly, while reducing errors. They just simply scan and order what they need through Ferguson Online, where they can see real-time pricing and product availability. These scanners and bar codes will be provided to the County at no charge.

- If Ferguson is awarded vendor, we will set up classes for online training for the county staff.

Describe the return policy specifically addressing excess project parts.

Our standard policy is that if stock material is ordered and returned in sellable condition, full credit will be issued. If the material is returned and is unable to be resold, no credit will be issued. We will then contact the customer, who will then have the option of keeping the material.

When an item is considered non-returnable, specific conversations regarding the product will take place with the customer prior to ordering. In the event an item has been ordered that is non-returnable, potential options exists such as dispersing products amongst other Ferguson branches who may be in need of similar products.

With proper communication and thorough review of the scope of work, we have historically had great success in limiting the amount of excess material leftover from a project.

Evaluation Criteria NO. 4: Savings to the County

Provide a price for all line items on Attachment A. – Annual Price List.

See Attachment 1 in Supplemental Documents - 23-8183 – Attachment - A- Annual Price List

Provide a list of manufacturers and corresponding discount percentages being offered to the County.

See Attachment 2 in Supplemental Documents - Ferguson - 23-8183 Price List (Excel Spreadsheet)
See Attachment 3 in Supplemental Documents - Vendor List Price Verification
See Attachment 4 in Supplemental Documents - Net Price Vendors

In our professional opinion, this list of proposed manufacturers and vendors best reflects the leading products in our industry. This list is also consistent with preferred manufacturers historically utilized by Collier County.

In the attachment listed Vendor List Price Verification, you will find proposed manufacturers that have published list prices available online. For ease of list price and discount verification, we have loaded those list prices/discounts accordingly in the Ferguson - 23-8183 Price List Excel Spreadsheet. To ensure accuracy we have also provided links to the manufacturer's website in the Vendor List Price Verification attachment.

In the Net Price Vendors attachment, you will find proposed manufactures and vendors utilized by the County that do not offer list pricing. For those items we have provided net pricing.

Provide the amount of any additional discount that may be offered to the County that is based on price quantity and/or volume. Express the discount using decimals.

With the privilege of being Collier County's sole underground utility parts supplier for the last 16 years, we have firsthand knowledge of the volume of materials purchased by Collier County. With careful consideration of historical purchases, the proposed pricing provided within this proposal is based off of high volume/quantity usage.

If Ferguson is the selected vendor, we would like to propose a mutually negotiated flat rate discount of all the items within this proposal. We would then update the discount percentages provided in the Ferguson - 23-8183 Price List Excel Spreadsheet /Vendor List Price Verification accordingly to reflect the additional mutually agreed upon discount.

We believe this covers special consideration to high volume purchasing. This plan allows flexibility to the County to order as needed and will be able to receive high quantity/volume discounts on both small and large purchases.

Provide a discount percentage for any manufacturers not listed.

For any manufacturer or product not listed within this proposal, we would like to propose a 16% mark up on cost plus freight charges when applicable.

In the Ferguson - 23-8183 Price List Excel Spreadsheet under Vendor-Cost section, you will find examples of materials that have been purchased by Collier County throughout the years. Typically, materials within this list would be considered special order items. Meaning these items are not standard and usually require a higher level of time and knowledge to procure accurately. We feel that a 16% markup on cost is a reasonable request based on the needed investment to procure and compared to markup percentages for items like this in our industry.

If Ferguson is the selected vendor, we would like to discuss this further with Collier County and come to a mutually agreed upon cost plus markup percentage.

Provide any additional payments discounts for early payments terms.

Ferguson currently offers Collier County a prompt payment discount of 1% net 30-day, from the date of the invoice, on all invoices.

Because of the valued and longstanding partnership between Ferguson and Collier County, we would like to increase this prompt payment option to, 2% net 30-day, on all invoices.

Based off the historical spend of $7,600,000 annually listed within this solicitation, this would equate to around $152,000 a year in savings. Over the potential 5-year term of this contract, the savings could exceed $750,000 in retained funds.

We believe this prompt payment option of, 2% net 30-day, covers special consideration to high volume purchasing.

Assist County with maintaining the County's Approved Products List. Complete periodic reviews of the list and provide suggestions for new products for addition to the list or removal of those no longer being manufactured.

Updating and maintaining an accurate APL can be very time consuming and a potentially expensive task. Often this task is outsourced to Engineers, or other agencies and that comes with additional costs. With extensive knowledge of products and vendors in our industry, we believe we can save the County time and money by maintaining the APL. We have worked with other municipalities in the past, specifically Lee County Utilities and Marco Island, to help maintain their respective APL's.

If Ferguson is the selected vendor, we would like to continue further discussions with the County regarding the APL. Below are a few of ideas we can use as a starting point to establish processes to ensure this is well kept and up to date. This, of course, would be at the County's discretion.

- Create an approval committee with County appointed personnel to periodically review and update the APL.
- Establish how often this County would like to meet and discuss.
- Once the APL is current and up to date, create a pre-established check list for County approved products and vendors, to streamline project submittals.

Evaluation Criteria NO. 5: Capability of the Company

Indicate the number of years the company has been in business of providing utility parts to large customers.

Celebrating its 70th year in business in 2023, Ferguson is a diverse wholesale distributor with operations spanning multiple business groups. The company is ranked by trade publications as the largest distributor of plumbing supplies, pipe, valves, and fittings (PVF).

Founded in 1953, Ferguson is headquartered in Newport New. VA. The company boasts sales of more than $30 billion and approximately 32,000 associates in 2,056 locations. Nationally, our network of 21 distribution centers facilitates a diverse list of over 1 million products to our branches or directly to our customers. Ferguson and its subsidiaries serve customers in locations and online in all 50 states, Puerto Rico, Mexico, and the Caribbean.

With three branches within our Southwest Florida business unit that will be servicing the Collier County account, we have an approximately $12 million worth of deliverable inventory. With daily interbranch movement, products move from one branch to another with fluidity. Less than a mile from the Collier County distribution warehouse is our Naples location, with about $4.5 million dollars in active inventory. Daily intracompany shipments from our Frostproof, FL based distribution center allow certain product replenishment to take place within 24 hours.

We are a company committed to the growth of our business and our people. We support the communities in which we do business. Our company has a unique culture and tradition of supporting civic, cultural, educational, and environmental activities. We are committed to the highest standards of ethics, from helping our customers select green product solutions to providing a safe and secure workplace environment.

Indicate the number years of experience the employees that will be assigned to the County has been in this type of business.

Collectively, the associates listed below have a combined 119 years of experience in underground utilities.

Submit the names and a brief synopsis of the employees that will be assigned to the County.

JoDerek Adams - Outside Sales Representative – JoDerek started with Ferguson on January 12th, 2004, at 23 years of age. He has been in the industry for almost 20 years, all in SW Florida. He has been the sales representative for Collier County for the past 16 years. He is an eleven-time Ferguson Presidents Club Recipient, which is awarded both on performance and acumen. This is the highest sales recognition you can receive within Ferguson. For your review, please see his resume.
See Attachment 5 in Supplemental Documents – JoDerek Adams Resume

William Lunsford- Sales Support Representative - William started with Ferguson on January 11th, 2018. William has grown his career within Ferguson by starting in the warehouse, developing his sales knowledge on the counter, and growing his capabilities in his current role. This development, as well as his 5+ years of experience, have led him to be a knowledgeable resource with fantastic customer service skills. He is a great associate and a reliable member of the Ferguson team.

Michael McArthur- Naples Branch Manager - Mike started with Ferguson on September 18th, 2017. Over his 6+ year career with Ferguson, he has proven to be a valuable asset to our team. His knowledge and customer service experience led him to become a Key Account Representative before transitioning into his current Branch Manager role. He is a valuable leader within our organization.

Robert "Bobby" Holtz- Senior Project Manager - Bobby started with Ferguson in June of 2006, at the age of 23. He has been with Ferguson at the Naples Branch 136 for all 17 years of his career. During this time, he has held positions at the counter, inside sales, Naples Branch manager, Operations manager, and most recently being promoted to Senior Project Manager. Bobby's leadership and experience has been vital to our success in Naples Branch 136.

Gregory Gardner- Operations Manager - Greg started with Ferguson on May 19th, 2014. He is passionate about the way his team operates and succeeds. His 9+ years of experience with Ferguson has created a strong knowledge of what it takes to run a successful team of associates that are proud of the work they put in day in and day out. He has proven to be a knowledgeable resource for a range of different associates and is not afraid to figure difficult situations out in order to guarantee results.

Mark Stefanacci- SWFL Area Sales Manager - Mark has been in the industry for over 28 years. He spent 12 years as an outside salesman in the SWFL market. Covering municipalities, contractors, and plant contractors. Mark has spent the last 16 years as the Sales Manager for the SWFL market, managing and developing the growth of Ferguson Waterworks. Mark believes that world class customer service should be our minimum standard at Ferguson.

Mark McFalls- General Manager - Mark has been in the waterworks industry for 35 years. Mark started his career at Ferguson in 1988. Throughout his career, he has held roles as branch manager, outside sales and his current role as the General Manager. Mark was chosen as the General Manager of the SW Florida Business unit in 2001. As General Manager, Mark has overseen the development in SW Florida. Mark has also been involved in the growth of associates while keeping the business unit in tune with the current standards and preparing for the future expansion.

Indicate the total amount of Governmental/Municipal and or private customers your company has had that required around the clock service.

Ferguson currently has 33 customers that require around the clock service. All 24 of the government municipalities listed below as well as the 9 contractors that rotate and service Collier County's Annual Contractors on call list. Mitchell & Stark, Kyle Construction, Haskins Inc, DN-Higgins, Quality Enterprises, Coastal Concrete, Cougar Contracting, PWC, and Southwest Utility. We offer around the clock services to all of our customers, including those serviced by our Plumbing division. When our customer is in need, we are there 24/7/365.

JoDerek Adams has personally opened our stores on many occasions for Collier County, the 9 annual contractors, and other municipalities after hours. For the 16 years that JoDerek Adams has been the Outside Sales Representative for Collier County, he has proven to be reliable in facilitating material when in need, both during and after business hours. This has been evident on two separate occasions alone during this current solicitation.

The first was an emergency repair on a 42" HDPE Watermain transmission line that was successfully completed on 11/21/2023. This was a very unique repair, requiring a combination of special large diameter fittings and adapters. With extensive industry and vendor knowledge, JoDerek was able to procure the appropriate materials needed in the timeframe required to successfully complete the repair. Thus, avoiding any further effects to Collier County and its customers.

The second is an ongoing repair on a 30" Forcemain that occurred the same day as the 42" was completed. With inside market knowledge of existing projects, JoDerek was able to successfully access and deliver the materials needed to complete the bypass portion of the repair. We are currently working with Haskins INC and County staff, on procuring the remaining materials needed to complete the repair portion of this work.

Indicate the name and number of Governmental Entities your company has serviced in the past years (January 1, 2019 – December 31, 2023).

Indicate turnaround time when vendor is out of stock for both common and uncommon purchased parts such as:

- 3/4 RED PRES BFP W/ 90 BV LF – Utilizing our vendor relationships, we have successfully negotiated with our vendor to keep 500 of these in stock at all times. Turnaround for these is about 5-7 business days for transit.
- 24 CL350 CL DI FASTITE PIPE – Please see below.
- 30 CL250 CL DI FASTITE PIPE - Please see below.
- LFNP 3/4-1 COMP REP KIT 975XL – Our Frostproof Fl, distribution center currently stocks between 50-100 kits. In the event Collier County is out of these, we could turn around the on-hand inventory from Frostproof in 1-2 business days.
- 16 CL350 CL DI FASTITE PIPE - Please see below.

At our Naples Branch we currently stock material needed for emergency repairs up to 36”. This includes but is not limited to, 40ft of PVC pipe, 2 MJ Long Sleeves, both PVC and DI megalugs, and a repair band kit up to 36”. This has proven very beneficial to Collier County and other customers over the years.

Common Items

Our Naples location is inventoried around Collier County Utilities specifications. To greater assist Collier County and its partnered contractors, we strive to maintain these levels of available inventory for same day service or delivery. Our Frostproof, Fl distribution center and 22 Florida Waterworks branches, gives us the ability to expand our product offerings while continuing to quickly account for customers’ needs. Utilizing modern logistical capabilities, a product from the before mentioned sources can be available in Collier County within 24-48 hours.

Frostproof FL distribution center- 633,000 square ft warehouse, $60 million inventory
Tampa Fl Business unit- 4 Waterworks branches, $15.6 million combined inventory.
Pompano FL Business unit- 4 Waterworks branches, $13.4 million combined inventory.
Orlando FL Business unit- 4 Waterworks branches, $17.2 million combined inventory.

Uncommon Items

In regards to special or made to order industry products, we proactively communicate with vendors to make sure lead times are understood and information is relayed to better forecast delivery with our customers. With Ferguson Enterprises being a National company, we strategically partner with reputable vendors who share similar business values and national reach. Maximizing nationwide vendors helps alleviate concerns with product shortages and assists us in being proactive in meeting the needs of Collier County. Giving a time frame on uncommon items can have many variables. Utilizing reputable vendors, alternative solutions, and nationwide distribution networks, Ferguson always strives to meet our customers’ needs in the timeliest manner possible.

Indicate average stock held on site available in Collier and Lee County for the most utilized underground parts.

Ferguson on average inventories approximately $9 million between our Collier and Lee County locations.

The County requests that the vendor submits no fewer than three (3) and no more than ten (10) completed reference forms from clients during a period of the last 5 years whose projects are of a similar nature to this solicitation as a part of their proposal. Provide information on the projects completed by the Proposer that best represent projects of similar size, scope and complexity of this project using form provided in Form 5. Proposers may include two (2) additional pages for each project to illustrate aspects of the completed project that provides the information to assess the experience of the Proposer on relevant project work.

See Attachment 6 in the Supplemental Documents section – References

DeWayne Tagg– Lee County Utilities - Operations Manager for Water Distribution/Sewer Collections

Project- Water, Sewer, and Irrigation Materials- Similar to the current RFP from Collier County, Ferguson is currently under contract with Lee County Utilities as its sole Underground Utility parts supplier. Services provided include inventory management, material procurement, value engineering, assisting with updating their current APL, and other various utility needs.

Project- Corkscrew Utilities Relocation Phase 2. As a result of recent supply chain issues and to ensure materials were available for an upcoming project, Lee County proactively decided to pre-purchase the material. This project consisted of large diameter, Water, Sewer, and Raw Water materials. Ferguson worked directly with the engineer of record (Johnson Engineering) and Lee County Utilities to successfully create a list of materials and facilitate delivery to meet the project schedule. The overall project was about 3.3 million dollars of the above-mentioned material.

Ryan MacPhee- Haskins INC- Vice President

Project- Palm River Areas 1 & 2 Project – This project is located in Collier County and consists of Water, Sewer, and Drainage materials. Given the area and tight working conditions of the project, this was a great example of the value Ferguson can offer to our customers. With thorough communication and proper planning, we were able to store material at out Naples's location and deliver as needed. This proved to be beneficial to Haskins, as well as the citizens living in the area.

Dan Higgins – DN Higgins – Owner

Projects- Naples Park 98th&99th Avenue and 105th&106th Avenue – These are projects located in Collier County and consists of Water, Sewer, and Drainage materials. Ferguson has worked closely with DN Higgins over the course of these projects to coordinate deliveries as needed, to maintain production and minimize disruption to the local residents.

Evaluation Criteria NO. 6: Accountability and Fiscal Stability

Provide three examples where your firm was unable to provide the customer a requested part(s) upon order and how you resolved the issue.

When issues arise regarding a manufacturer's inability to meet a requested date are identified, alternate solutions are typically implemented averting the occurrence altogether. Adjusting the requested date if agreeable to the customer is also a potential remedy. Through good communication and the result of implementing the processes within this proposal, Ferguson has always fulfilled our customer's needs and orders. We are not able to provide three examples of where we did not fulfill our customer's needs.

Include whether the company or one of the principals has filed for bankruptcy during the past five years (January 1, 2019 – December 31, 2023).

With outstanding corporate culture and leadership, Ferguson Enterprises filing for bankruptcy has never occurred.

STOCK PERFORMANCE

No stock performance data is available for this D-U-N-S Number.

The scores and ratings included in this report are designed as a tool to assist the user in making their own credit related decisions, and should be used as part of a balanced and complete assessment relying on the knowledge and expertise of the reader, and where appropriate on other information sources. The score and rating models are developed using statistical analysis in order to generate a prediction of future events. Dun & Bradstreet monitors the performance of thousands of businesses in order to identify characteristics common to specific business events. These characteristics are weighted by significance to form rules within its models that identify other businesses with similar characteristics in order to provide a score or rating.

Dun & Bradstreet's scores and ratings are not a statement of what will happen, but an indication of what is more likely to happen based on previous experience. Though Dun & Bradstreet uses extensive procedures to maintain the quality of its information, Dun & Bradstreet cannot guarantee that it is accurate, complete or timely, and this may affect the included scores and ratings. Accounts are sometimes placed for collection even though the existence or amount of the debt is disputed. Payment experiences reflect how bills are met in relation to the terms granted. In some instances payment beyond terms can be the result of disputes over merchandise, skipped invoices etc. Each experience shown represents a separate account reported by a supplier. Updated trade experiences replace those previously reported.

The public record items contained in this report may have been paid, terminated, vacated or released prior to the date this report was printed. This information may not be reproduced in whole or in part by any means of reproduction.

There may be additional UCC Filings in D&Bs file on this company available by contacting 1-800-234-3867.

There may be additional suits, liens, or judgments in D&B's file on this company available in the U.S. Public Records Database, also covered under your contract. If you would like more information on this database, please contact the Customer Resource Center at 1-800-234-3867.

If it is indicated that there are defendants other than the report subject, the lawsuit may be an action to clear title to property and does not necessarily imply a claim for money against the subject.

A lien holder can file the same lien in more than one filing location. The appearance of multiple liens filed by the same lien holder against a debtor may be indicative of such an occurrence.

2023 Florida Annual Resale Certificate for Sales Tax

This Certificate Expires on December 31, 2023

Business Name and Location Address

FERGUSON ENTERPRISES LLC
3801 PROSPECT AVE
NAPLES, FL 34104-3713

Certificate Number

21-8012422862-0

By extending this certificate or the certificate number to a selling dealer to make eligible purchases of taxable property or services exempt from sales tax and discretionary sales surtax, the person or business named above certifies that the taxable property or services purchased or rented will be resold or re-rented for one or more of the following purposes:

- Resale as tangible personal property
- Re-rental as tangible personal property
- Resale of services
- Re-rental as commercial real property
- Incorporation into tangible personal property being repaired
- Re-rental as transient rental property
- Incorporation as a material, ingredient, or component part of tangible personal property that is being produced for sale by manufacturing, compounding, or processing

Your *Florida Annual Resale Certificate for Sales Tax* (Annual Resale Certificate) allows you or your representatives to buy or rent property or services tax exempt when the property or service is resold or re-rented. You **may not** use your Annual Resale Certificate to make tax-exempt purchases or rentals of property or services that will be used by your business or for personal purposes. Florida law provides for criminal and civil penalties for fraudulent use of an Annual Resale Certificate.

As a seller, you must document each tax-exempt sale for resale using one of three methods. You can use a different method each time you make a tax-exempt sale for resale.

1. Obtain a copy (paper or electronic) of your customer's current Annual Resale Certificate.
2. For each sale, obtain a transaction authorization number using your customer's Annual Resale Certificate number.
3. Each calendar year, obtain annual vendor authorization numbers for your regular customers using their Annual Resale Certificate numbers.

Form 2: Conflict of Interest Certification Affidavit

The Vendor certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with this solicitation does not pose an organizational conflict as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the contractor's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the contractor (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition to this signed affidavit, the contractor / vendor must provide the following:

1. All documents produced as a result of the work completed in the past or currently being worked on for the above-mentioned project; and,
2. Indicate if the information produced was obtained as a matter of public record (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.

Failure to disclose all material or having an organizational conflict in one or more of the three categories above be identified, may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.

Form 3: Immigration Affidavit Certification

This Affidavit is required and should be signed, by an authorized principal of the firm and submitted with formal solicitation submittals. Further, Vendors are required to be enrolled in the E-Verify program (https://www.e-verify.gov/), at the time of the submission of the Vendor's proposal/bid. Acceptable evidence of your enrollment consists of a copy of the properly completed E-Verify Company Profile page or a copy of the fully executed E-Verify Memorandum of Understanding for the company *which will be produced at the time of the submission of the Vendor's proposal/bid or within five (5) day of the County's Notice of Recommend Award.*

FAILURE TO EXECUTE THIS AFFIDAVIT CERTIFICATION AND SUBMIT WITH VENDOR'S PROPOSAL/BID MAY DEEM THE VENDOR'S AS NON-RESPONSIVE.

Collier County will not intentionally award County contracts to any Vendor who knowingly employs unauthorized alien workers, constituting a violation of the employment provision contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act ("INA").

Collier County may consider the employment by any Vendor of unauthorized aliens a violation of Section 274A (e) of the INA. Such Violation by the recipient of the Employment Provisions contained in Section 274A (e) of the INA shall be grounds for unilateral termination of the contract by Collier County.

Vendor attests that they are fully compliant with all applicable immigration laws (specifically to the 1986 Immigration Act and subsequent Amendment(s), that it is aware of and in compliance with the requirements set forth in Florida Statutes §448.095, and agrees to comply with the provisions of the Memorandum of Understanding with E-Verify and to provide proof of enrollment in The Employment Eligibility Verification System (E-Verify), operated by the Department of Homeland Security in partnership with the Social Security Administration at the time of submission of the Vendor's proposal/bid.

Form 4: Vendor Submittal – Local Vendor Preference Certification

(Check Appropriate Boxes Below)

State of Florida (Select County if Vendor is described as a Local Business)

☒ **Collier County**
☒ **Lee County**

Vendor affirms that it is a local business as defined by the Procurement Ordinance of the Collier County Board of County Commissioners and the Regulations Thereto. As defined in Section Fifteen of the Collier County Procurement Ordinance:

> Local business means the vendor has a current Business Tax Receipt issued by the Collier County Tax Collector prior to bid or proposal submission to do business within Collier County, and that identifies the business with a permanent physical business address located within the limits of Collier County from which the vendor's staff operates and performs business in an area zoned for the conduct of such business. A Post Office Box or a facility that receives mail, or a non-permanent structure such as a construction trailer, storage shed, or other non-permanent structure shall not be used for the purpose of establishing said physical address. In addition to the foregoing, a vendor shall not be considered a "local business" unless it contributes to the economic development and well-being of Collier County in a verifiable and measurable way. This may include, but not be limited to, the retention and expansion of employment opportunities, support and increase to the County's tax base, and residency of employees and principals of the business within Collier County. Vendors shall affirm in writing their compliance with the foregoing at the time of submitting their bid or proposal to be eligible for consideration as a "local business" under this section. A vendor who misrepresents the Local Preference status of its firm in a proposal or bid submitted to the County will lose the privilege to claim Local Preference status for a period of up to one year under this section.

Vendor must complete the following information:

Year Business Established in ☒Collier County or ☒ Lee County: 34 years

Number of Employees (Including Owner(s) or Corporate Officers): 32,000

Number of Employees Living in ☒ Collier County or ☒ Lee (Including Owner(s) or Corporate Officers): 47

If requested by the County, Vendor will be required to provide documentation substantiating the information given in this certification. **Failure to do so will result in vendor's submission being deemed not applicable.**

COLLIER COUNTY'S

PURCHASE ORDER TERMS AND CONDITIONS

1. Offer

This offer is subject to cancellation by the COUNTY without notice if not accepted by VENDOR within fourteen (14) days of issuance.

2. Acceptance and Confirmation

This Purchase Order (including all documents attached to or referenced herein) constitutes the entire Agreement between the parties, unless otherwise specifically noted by the COUNTY on the face of this Purchase Order. Each delivery of goods and/or services received by the COUNTY from VENDOR shall be deemed to be upon the terms and conditions contained in this Purchase Order.

No changes or additional terms may be added to the Purchase Order except by written instrument executed by the COUNTY. VENDOR is deemed to be on notice that the COUNTY objects to any additional or different terms and conditions contained in any acknowledgment, hyper-link, invoice, or other communication from VENDOR, notwithstanding the COUNTY'S acceptance or payment for any delivery of goods and/or services, or any similar act by VENDOR.

3. Inspection

All goods and/or services delivered hereunder shall be received subject to the COUNTY'S inspection and approval, and payment therefore shall not constitute acceptance. All payments are subject to adjustment for shortage or rejection. All defective or nonconforming goods will be returned pursuant to VENDOR'S instructions at VENDOR'S expense.

To the extent that a purchase order requires a series of performances by VENDOR, the COUNTY prospectively reserves the right to cancel the entire remainder of the Purchase Order if goods and/or services provided early in the term of the Purchase Order are non-conforming or otherwise rejected by the COUNTY.

4. Shipping

a) All goods are FOB destination and must be suitably packed and prepared to secure the lowest transportation rates and to comply with all carrier regulations. The risk of loss of any goods sold hereunder shall transfer to the COUNTY at the time and place of delivery; provided that the risk of loss prior to actual receipt of the goods by the COUNTY nonetheless remains with VENDOR. The VENDOR shall be responsible for filing, processing, and collecting all damage claims with the shipping carrier and/or its insurance carrier.

b) No charges will be paid by the COUNTY for packing, crating, or cartage unless otherwise specifically stated in this Purchase Order. Unless otherwise provided in the Purchase Order, no invoices shall be issued, or payments made prior to delivery. Unless freight and other charges are itemized, any discount will be taken on the full amount of invoice.

c) All shipments of goods scheduled on the same day via the same route must be consolidated. Each shipping container must be consecutively numbered and marked to

show this Purchase Order number. The container and Purchase Order numbers must be indicated on the bill of lading. Packing slips must show the Purchase Order number and must be included on each package of less than container load (LCL) shipments and/or with each carload of equipment. The COUNTY reserves the right to refuse or return any shipment or equipment at VENDOR'S expense that is not marked with Purchase Order numbers. VENDOR agrees to declare to the carrier the value of any shipment made under this Purchase Order and the full invoice value of such shipment.

5. Payment Terms

Payment will be made upon receipt of a proper invoice and in compliance with Chapter 218, Fla. Stats., otherwise known as the "Local Government Prompt Payment Act," and, pursuant to the Board of County Commissioners Procurement Ordinance, as amended. All invoices must contain the Purchase Order number and any other specific information as identified on the Purchase Order and be sent to:

Collier County Board of County Commissioners
Attn: Accounts Payable
3299 Tamiami Trail, East, Ste 700
Naples FL 34112-5749
OR email to:
bccapclerk@collierclerk.com

Discounts for prompt payment will be computed from the date of receipt of goods or from the date of receipt of invoices, whichever is later.

6. Time is of the Essence

Time for delivery of goods or performance of services under this Purchase Order is of the essence. Failure of VENDOR to meet delivery schedules or deliver within a reasonable time, as interpreted by the COUNTY alone, shall entitle the COUNTY to seek all remedies available to it at law or in equity. VENDOR agrees to reimburse the COUNTY for any expenses incurred in enforcing its rights. VENDOR further agrees that the undiscovered delivery of nonconforming goods and/or services is not a waiver of the COUNTY'S right to insist upon further compliance with all specifications.

7. Changes

The COUNTY may, at any time and by written notice, make changes to drawings and specifications, shipping instructions, quantities, and delivery schedules within the general scope of this Purchase Order. Should any such change increase or decrease the cost of or the time required for performance of the Purchase Order, an equitable adjustment in the price and/or delivery schedule will be negotiated by the COUNTY and VENDOR. Notwithstanding the foregoing, VENDOR has an affirmative obligation to give notice if the changes will decrease costs. Any claims for adjustment by VENDOR must be made within thirty (30) days from the date the change is ordered or within such additional period of time as may be agreed upon by the parties.

8. Warranties

VENDOR expressly warrants that the goods and/or services covered by this Purchase Order will conform to the specifications, drawings, samples, or other descriptions furnished or specified by the COUNTY, and will be of satisfactory material and quality production, free from defects and sufficient for the purpose intended. Goods shall be delivered free from any security interest or other lien, encumbrance, or claim of any third party. These warranties shall survive inspection, acceptance, passage of title and payment by the COUNTY.

9. Statutory Conformity

Goods and services provided pursuant to this Purchase Order, and their production and transportation shall conform to all applicable laws, including but not limited to the Occupational Health and Safety Act, the Federal Transportation Act and the Fair Labor Standards Act, as well as any law or regulation noted on the face of the Purchase Order.

10. Advertising

No VENDOR providing goods and services to the COUNTY shall advertise the fact that it has contracted with the COUNTY for goods and/or services, or appropriate or make use of the COUNTY'S name or other identifying marks or property without the prior written consent of the COUNTY'S Procurement Services Division.

11. Indemnification

To the maximum extent permitted by Florida law, the VENDOR shall defend, indemnify and hold harmless Collier County, its officers and employees from any and all liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees and paralegals' fees, whether resulting from any claimed breach of this Agreement by VENDOR, any statutory or regulatory violations, or from personal injury, property damage, direct or consequential damages, or economic loss, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the VENDOR or anyone employed or utilized by the VENDOR in the performance of this Agreement. This indemnification obligation shall not be construed to negate, abridge or reduce any other rights or remedies which otherwise may be available to an indemnified party or person described in this paragraph.

This section does not pertain to any incident arising from the sole negligence of COLLIER COUNTY.

11.1 The duty to defend under this Section 11 is independent and separate from the duty to indemnify, and the duty to defend exists regardless of any ultimate liability of the VENDOR, COUNTY and any indemnified party. The duty to defend arises immediately upon presentation of a claim by any party and written notice of such claim being provided to VENDOR. VENDOR'S obligation to indemnify and defend under this Section 11 will survive the expiration or earlier termination of this Agreement until it is determined by final judgment that an action against the COUNTY or an indemnified party for the matter indemnified hereunder is fully and finally barred by the applicable statute of limitations.

12. Warranty of Non-Infringement

a) VENDOR represents and warrants that all goods sold, or services performed under this Purchase Order are a) in compliance with applicable laws; b) do not infringe any patent, trademark, copyright, or trade secret; and c) do not constitute unfair competition.

b) VENDOR shall indemnify and hold harmless the COUNTY from and against any and all claims, including claims of negligence, costs, and expenses, including but not limited to attorneys' fees, that arise from any claim, suit or proceeding alleging that the COUNTY'S use of the goods and/or services provided under this Purchase Order are inconsistent with VENDOR'S representations and warranties in Section 12 (a).

c) If any claim which arises from VENDOR'S breach of Section 12 (a) has occurred, or is likely to occur, VENDOR may, at the COUNTY'S option, procure for the COUNTY the right to continue using the goods or services, or replace or modify the goods or services so that they become non-infringing, (without any material degradation in performance, quality, functionality, or additional cost to the COUNTY).

13. Insurance Requirements

The VENDOR, at its sole expense, shall provide commercial insurance of such type and with such terms and limits as may be reasonably associated with the Purchase Order. Providing and maintaining adequate insurance coverage is a material obligation of the VENDOR. All insurance policies shall be executed through insurers authorized or eligible to write policies in the State of Florida.

14. Compliance with Laws

In fulfilling the terms of this Purchase Order, VENDOR agrees that it will comply with all federal, state, and local laws, rules, codes, and ordinances that are applicable to the conduct of its business.

Further, VENDOR acknowledges and without exception or stipulation shall be fully responsible for complying with the provisions of the Immigration Reform and Control Act of 1986 as located at 8 U.S.C. 1324, et seq. and regulations relating thereto, as either may be amended, as well as the public employment eligibility requirements set forth in Florida Statutes, § 448.095, as amended. The Vendor is required to register with and use the E-Verify system. The Vendor affirms it is not in violation of the provisions stated in Florida Statutes, § § 287.138, which would make it ineligible to transact business with a public agency, as well as Florida Statutes, § 287.128, which prohibits public bodies from contracting with entities owned by certain foreign countries of concern, Florida Statutes, §287.135, which prohibits agencies from contracting with companies for goods or services that are "Scrutinized Companies," as defined therein . Failure by the awarded firm(s) to comply with the laws referenced herein shall constitute a breach of the award agreement and the County shall have the discretion to unilaterally terminate said agreement, immediately. Any breach of this provision may be regarded by the COUNTY

as a material and substantial breach of the contract arising from this Purchase Order.

15. Force Majeure

Neither the COUNTY nor VENDOR shall be responsible for any delay or failure in performance resulting from any cause beyond their control, including, but without limitation to, war, strikes, civil disturbances, and acts of nature. When VENDOR has knowledge of any actual or potential force majeure or other conditions which will delay or threatens to delay timely performance of this Purchase Order, VENDOR shall immediately give notice thereof, including all relevant information with respects to what steps VENDOR is taking to complete delivery of the goods and/or services to the COUNTY.

16. Assignment

VENDOR may not assign this Purchase Order, nor any money due or to become due without the prior written consent of the COUNTY. Any assignment made without such consent shall be deemed void.

17. Taxes

The County is exempt from paying any State and local sales taxes when payment is made directly by the COUNTY, for goods and services procured subject to this Purchase Order, and for use tax on real property, transient rental property rented, tangible personal purchased or rented, or services purchased (Florida Statutes, Chapter 212), and from federal excise tax.

18. Annual Appropriations

The COUNTY'S performance and obligation to pay under this Purchase Order shall be contingent upon an annual appropriation of funds.

19. Termination

This Purchase Order may be terminated at any time by the COUNTY for convenience, in whole or in part, upon 30 days prior written notice to the VENDOR. This Purchase Order may be terminated immediately by the COUNTY for breach by VENDOR of the terms and conditions of this Purchase Order, provided that COUNTY has provided VENDOR with notice of such breach and VENDOR has failed to cure within 10 days of receipt of such notice. Unless directed otherwise in the notice of termination, the Vendor shall incur no further obligations in connection with the Purchase Order upon receipt of a written notice to terminate.

20. General

a) This Purchase Order shall be governed by the laws of the State of Florida. The venue for any action brought to specifically enforce any of the terms and conditions of this Purchase Order shall be the Twentieth Judicial Circuit in and for Collier County, Florida, or where proper subject matter exists in the United States District Court for the Middle District of Florida.

b) Failure of the COUNTY to act immediately in response to a breach of this Purchase Order by VENDOR shall not constitute a waiver of breach. Waiver of the

COUNTY on any default by VENDOR hereunder shall not be deemed a waiver of any subsequent default by VENDOR.

c) All notices under this Purchase Order shall be sent to the respective addresses on the face page by certified mail, return receipt requested, by overnight courier service, via e-mail, or by personal delivery, and will be deemed effective upon receipt. Postage, delivery, and other charges shall be paid by the sender. A party may change its address for notices by written notice complying with the requirements of this section.

d) The VENDOR agrees that if expressly agreed upon by the parties, reimbursement of any travel expenses that may be associated with this Purchase Order shall be in accordance with Florida Statute Chapter 112.061, Per Diem and Travel Expenses for Public Officers, employees, and authorized persons.

e) VENDORS are hereby notified of the provisions of §287.05701, Florida Statutes, as amended, that the County will not request documentation of or consider or give preference based on a Vendor's social, political, or ideological interests.

f) In the event of any conflict between or among the terms of any Contract Documents related to this Purchase Order, the terms of the Contract Documents shall take precedence over the terms of the Purchase Order. To the extent any terms and /or conditions of this Purchase Order duplicate or overlap the Terms and Conditions of the Contract Documents, the provisions of the Terms and/or Conditions that are most favorable to the County and/or provide the greatest protection to the County shall govern.

g) Public Records:

IF THE CONTRACTOR (VENDOR) HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT:

Communications, Government & Public Affairs Division
3299 Tamiami Trail East, Suite 102
Naples, FL 34112-5746
Telephone: (239) 252-8999
Email:
PublicRecordRequest@colliercountyfl.gov

The CONTRACTOR/VENDOR must specifically comply with the Florida Public Records Law to:

1. Keep and maintain public records required by the public agency to perform the service.

2. Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in this chapter or as otherwise provided by law.

3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are

not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the CONTRACTOR/VENDOR does not transfer the records to the public agency.

4. Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the CONTRACTOR or keep and maintain public records required by the public agency to perform the service. If the CONTRACTOR transfers all public records to the public agency upon completion of the contract, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the contract, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.

h) Payments will be made for services furnished, delivered, and accepted, upon receipt and approval of invoices submitted on the date of services or within six (6) months after completion of contract. Any untimely submission of invoices beyond the specified deadline period is subject to non-payment under the legal doctrine of "laches" as untimely submitted. Time shall be deemed of the essence with respect to the timely submission of invoices under this agreement.

i) The Clerk of the Circuit Court and Comptroller of Collier County, Florida, is authorized to review past, present, and proposed County contracts, transactions, accounts, and records. The Clerk's authority includes, but is not limited to, the power to audit, investigate, monitor, and inspect the activities of entities contracting with the County, or anyone acting on their behalf, in order to ensure compliance with contract requirements and to detect corruption and fraud.

THE E-VERIFY MEMORANDUM OF UNDERSTANDING FOR WEB SERVICES EMPLOYERS

ARTICLE I
PURPOSE AND AUTHORITY

The parties to this Agreement are the Department of Homeland Security (DHS) and Ferguson Enterprises, LLC (Web Services Employer). The purpose of this agreement is to set forth terms and conditions which the Web Services Employer will follow while participating in E-Verify.

A Web Services Employer is an Employer who verifies employment authorization for its newly hired employees using a Web Services interface.

E-Verify is a program that electronically confirms a newly hired employee's authorization to work in the United States after completion of the Form I-9, Employment Eligibility Verification (Form I-9). This MOU explains certain features of the E-Verify program and describes specific responsibilities of the Web Services Employer, DHS, and the Social Security Administration (SSA).

For purposes of this MOU, the "E-Verify browser" refers to the website that provides direct access to the E-Verify system: https://e-verify.uscis.gov/emp/. You may access E-Verify directly free of charge via the E-Verify browser.

Authority for the E-Verify program is found in Title IV, Subtitle A, of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 (IIRIRA), Pub. L. 104-208, 110 Stat. 3009, as amended (8 U.S.C. § 1324a note). The Federal Acquisition Regulation (FAR) Subpart 22.18, "Employment Eligibility Verification" and Executive Order 12989, as amended, provide authority for Federal contractors and subcontractors (Federal contractor) to use E-Verify to verify the employment eligibility of certain employees working on Federal contracts.

Before accessing E-Verify using Web Services access, the Web Services Employer must meet certain technical requirements. This will require the investment of significant amounts of resources and time. If the Web Services Employer is required to use E-Verify prior to completion and acceptance of its Web Services interface, then it must use the E-Verify browser until it is able to use its Web Services interface. The Web Services Employer must also maintain ongoing technical compatibility with E-Verify.

DHS accepts no liability relating to the Web Services Employer's development or maintenance of any Web Services access system.

ARTICLE II
RESPONSIBILITIES

A. RESPONSIBILITIES OF THE WEB SERVICES EMPLOYER

1. By enrolling in E-Verify and signing the applicable MOU, the Web Services Employer asserts that it is a legitimate company which intends to use E-Verify for legitimate purposes only and in accordance with the laws, regulations, and DHS policies and procedures relating to the use of E-Verify.

2. The Web Services Employer agrees to display the following notices supplied by DHS in a prominent place that is clearly visible to prospective employees and all employees who are to be verified through the system:

   a. Notice of E-Verify Participation

   b. Notice of Right to Work

3. The Web Services Employer agrees to provide to the SSA and DHS the names, titles, addresses, and telephone numbers of the Web Services Employer representatives to be contacted about E-Verify. The Web Services Employer also agrees to keep such information current by providing updated information to SSA and DHS whenever the representatives' contact information changes.

4. The Web Services Employer agrees to grant E-Verify access only to current employees who need E-Verify access. Web Services Employers must promptly terminate an employee's E-Verify access if the employer is separated from the company or no longer needs access to E-Verify.

5. The Web Services Employer agrees to become familiar with and comply with the most recent version of the E-Verify User Manual. The Web Services Employer will ensure that outdated manuals are promptly replaced with the new version of the E-Verify User Manual when it becomes available.

6. The Web Services Employer agrees that any person accessing E-Verify on its behalf is trained on the most recent E-Verify policy and procedures.

7. The Web Services Employer agrees that any of its representatives who will create E-Verify cases will complete the E-Verify Tutorial before creating any cases.

   a. The Web Services Employer agrees that all of its representatives will take the refresher tutorials when prompted by E-Verify in order to continue using E-Verify. Failure to complete a refresher tutorial will prevent the Employer Representative from continued use of E-Verify.

8. The Web Services E-Verify Employer Agent agrees to obtain the necessary equipment to use E- Verify as required by the E-Verify rules and regulations as modified from time to time.

9. The Web Services E-Verify Employer Agent agrees to, consistent with applicable laws, regulations, and policies, commit sufficient personnel and resources to meet the requirements of this MOU.

10. The Web Services Employer agrees to comply with current Form I-9 procedures, with two

exceptions:

a. If an employee presents a "List B" identity document, the Web Services Employer agrees to only accept "List B" documents that contain a photo. (List B documents identified in 8 C.F.R. § 274a.2(b)(1)(B)) can be presented during the Form I-9 process to establish identity.) If an employee objects to the photo requirement for religious reasons, the Web Services Employer should contact E-Verify at 888-464-4218.

b. If an employee presents a DHS Form I-551 (Permanent Resident Card), Form I-766 (Employment Authorization Document), or U.S. Passport or Passport Card to complete Form I-9, the Web Services Employer agrees to make a photocopy of the document and to retain the photocopy with the employee's Form I-9. The Web Services Employer will use the photocopy to verify the photo and to assist DHS with its review of photo mismatches that employees contest. DHS may in the future designate other documents that activate the photo screening tool.

Note: Subject only to the exceptions noted previously in this paragraph, employees still retain the right to present any List A, or List B and List C, document(s) to complete the Form I-9.

11. The Web Services Employer agrees to record the case verification number on the employee's Form I-9 or to print the screen containing the case verification number and attach it to the employee's Form I-9.

12. The Web Services Employer agrees that, although it participates in E-Verify, the Web Services Employer has a responsibility to complete, retain, and make available for inspection Forms I-9 that relate to its employees, or from other requirements of applicable regulations or laws, including the obligation to comply with the antidiscrimination requirements of section 274B of the INA with respect to Form I-9 procedures.

a. The following modified requirements are the only exceptions to a Web Services Employer's obligation to not employ unauthorized workers and comply with the anti-discrimination provision of the INA: (1) List B identity documents must have photos, as described in paragraph 6 above; (2) When a Web Services Employer confirms the identity and employment eligibility of newly hired employee using E-Verify procedures, it establishes a rebuttable presumption that it has not violated section 274A(a)(1)(A) of the Immigration and Nationality Act (INA) with respect to the hiring of that employee; (3) If the Web Services Employer receives a final nonconfirmation for an employee, but continues to employ that person, the Web Services Employer must notify DHS and the Web Services Employer is subject to a civil money penalty between $550 and $1,100 for each failure to notify DHS of continued employment following a final nonconfirmation; (4) If the Web Services Employer continues to employ an employee after receiving a final nonconfirmation, then the Web Services Employer is subject to a rebuttable presumption that it has knowingly employed an unauthorized alien in violation of section 274A(a)(1)(A); and (5) no E-Verify participant is civilly or criminally liable under any law for any action taken in good faith based on information provided through the E-Verify.

b. DHS reserves the right to conduct Form I-9 compliance inspections, as well as any other enforcement or compliance activity authorized by law, including site visits, to ensure proper use of

E-Verify.

13. The Web Services Employer is strictly prohibited from creating an E-Verify case before the employee has been hired, meaning that a firm offer of employment was extended and accepted and Form I-9 was completed. The Employer agrees to create an E-Verify case for new employees within three Employer business days after each employee has been hired (after both Sections 1 and 2 of Form I-9 have been completed), and to complete as many steps of the E-Verify process as are necessary according to the E-Verify User Manual. If E-Verify is temporarily unavailable, the three-day time period will be extended until it is again operational in order to accommodate the Employer's attempting, in good faith, to make inquiries during the period of unavailability. If, however, the Web Services interface is unavailable due to no fault of E-Verify, then the three day time period is not extended. In such a case, the Web Services Employer must use the E-Verify browser during the outage.

14. The Web Services Employer agrees not to use E-Verify for pre-employment screening of job applicants, in support of any unlawful employment practice, or for any other use that this MOU or the E-Verify User Manual does not authorize.

15. The Web Services Employer must use E-Verify for all new employees. The Web Services Employer will not verify selectively and will not verify employees hired before the effective date of this MOU. Employers who are Federal contractors may qualify for exceptions to this requirement as described in Article II.B of this MOU.

16. The Web Services Employer agrees to follow appropriate procedures (see Article III below) regarding tentative nonconfirmations. The Web Services Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Web Services Employer agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Web Services Employer agrees to provide written referral instructions to employees and instruct affected employees to bring the English copy of the letter to the SSA. The Web Services Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending. Further, when employees contest a tentative nonconfirmation based upon a photo mismatch, the Employer must take additional steps (see Article III.B below) to contact DHS with information necessary to resolve the challenge.

17. The Web Services Employer agrees not to take any adverse action against an employee based upon the employee's perceived employment eligibility status while SSA or DHS is processing the verification request unless the Employer obtains knowledge (as defined in 8 C.F.R. § 274a.1(l)) that the employee is not work authorized. The Web Services Employer understands that an initial inability of the SSA or DHS automated verification system to verify work authorization, a tentative nonconfirmation, a case in continuance (indicating the need for additional time for the government to resolve a case), or the finding of a photo mismatch, does not establish, and should not be interpreted as, evidence that the employee is not work authorized. In any of such cases, the employee must be provided a full and fair opportunity to contest the finding, and if he or she does so, the employee may not be terminated or suffer any adverse employment consequences based upon the employee's perceived employment

eligibility status (including denying, reducing, or extending work hours, delaying or preventing training, requiring an employee to work in poorer conditions, withholding pay, refusing to assign the employee to a Federal contract or other assignment, or otherwise assuming that he or she is unauthorized to work) until and unless secondary verification by SSA or DHS has been completed and a final nonconfirmation has been issued. If the employee does not choose to contest a tentative nonconfirmation or a photo mismatch or if a secondary verification is completed and a final nonconfirmation is issued, then the Web Services Employer can find the employee is not work authorized and terminate the employee's employment. Employers or employees with questions about a final nonconfirmation may call E-Verify at 1-888-464-4218 (customer service) or 1-888-897-7781 (worker hotline).

18. The Web Services Employer agrees to comply with Title VII of the Civil Rights Act of 1964 and section 274B of the INA as applicable by not discriminating unlawfully against any individual in hiring, firing, employment eligibility verification, or recruitment or referral practices because of his or her national origin or citizenship status, or by committing discriminatory documentary practices. The Web Services Employer understands that such illegal practices can include selective verification or use of E-Verify except as provided in part D below, or discharging or refusing to hire employees because they appear or sound "foreign" or have received tentative nonconfirmations. The Web Services Employer further understands that any violation of the immigration-related unfair employment practices provisions in section 274B of the INA could subject the Web Services Employer to civil penalties, back pay awards, and other sanctions, and violations of Title VII could subject the Web Services Employer to back pay awards, compensatory and punitive damages. Violations of either section 274B of the INA or Title VII may also lead to the termination of its participation in E-Verify. If the Web Services Employer has any questions relating to the anti-discrimination provision, it should contact OSC at 1-800-255-8155 or 1-800-237-2515 (TDD).

19. The Web Services Employer agrees that it will use the information it receives from E-Verify only to confirm the employment eligibility of employees as authorized by this MOU. The Web Services Employer agrees that it will safeguard this information, and means of access to it (such as PINS and passwords), to ensure that it is not used for any other purpose and as necessary to protect its confidentiality, including ensuring that it is not disseminated to any person other than employees of the Web Services Employer who are authorized to perform the Web Services Employer's responsibilities under this MOU, except for such dissemination as may be authorized in advance by SSA or DHS for legitimate purposes.

20. The Web Services Employer agrees to notify DHS immediately in the event of a breach of personal information. Breaches are defined as loss of control or unauthorized access to E-Verify personal data. All suspected or confirmed breaches should be reported by calling 1-888-464-4218 or via email at E-Verify@dhs.gov. Please use "Privacy Incident – Password" in the subject line of your email when sending a breach report to E-Verify.

21. The Web Services Employer acknowledges that the information it receives from SSA is governed by the Privacy Act (5 U.S.C. § 552a(i)(1) and (3)) and the Social Security Act (42 U.S.C. 1306(a)). Any person who obtains this information under false pretenses or uses it for any purpose other than as provided for in this MOU may be subject to criminal penalties.

22. The Web Services Employer agrees to cooperate with DHS and SSA in their compliance monitoring and evaluation of E-Verify, which includes permitting DHS, SSA, their contractors and other agents, upon reasonable notice, to review Forms I-9 and other employment records and to interview it and its employees regarding the Employer's use of E-Verify, and to respond in a prompt and accurate manner to DHS requests for information relating to their participation in E-Verify.

a. The Web Services Employer agrees to cooperate with DHS if DHS requests information about the Web Services Employer's interface, including requests by DHS to view the actual interface operated by the Web Services Employer as well as related business documents. The Web Services Employer agrees to demonstrate for DHS the functionality of its interface to E-Verify upon request.

23. The Web Services Employer shall not make any false or unauthorized claims or references about its participation in E-Verify on its website, in advertising materials, or other media. The Employer shall not describe its services as federally-approved, federally-certified, or federally-recognized, or use language with a similar intent on its website or other materials provided to the public. Entering into this MOU does not mean that E-Verify endorses or authorizes your E-Verify services and any claim to that effect is false.

24. The Web Services Employer shall not state in its website or other public documents that any language used therein has been provided or approved by DHS, USCIS or the Verification Division, without first obtaining the prior written consent of DHS.

25. The Web Services Employer agrees that E-Verify trademarks and logos may be used only under license by DHS/USCIS (see M-795 (Web)) and, other than pursuant to the specific terms of such license, may not be used in any manner that might imply that the Employer's services, products, websites, or publications are sponsored by, endorsed by, licensed by, or affiliated with DHS, USCIS, or E-Verify.

26. The Web Services Employer agrees to complete its Web Services interface no later than six months after the date the Web Services Employer signs this MOU. E-Verify considers the interface to be complete once it has been built pursuant to the Interface Control Agreement (ICA), submitted to E-Verify for testing, and approved for system access.

27. The Web Services Employer agrees to perform sufficient maintenance on the Web Services interface in accordance with the requirements listed in the ICA. These requirements include, but are not limited to, updating the Web Services interface to ensure that any updates or enhancements are incorporated no later than six months after the issuance of an ICA. Web Services Employers should be aware that this will require the investment of time and resources. Compliance with the requirements of the ICA must be carried out to the satisfaction of DHS and or its assignees.

28. The Web Services Employer agrees that any system or interface it develops will follow the steps for creating E-Verify cases and processing tentative nonconfirmations, as laid out in the ICA, this MOU and the User Manual, including but not limited to allowing an employer to close an invalid case where appropriate, allowing an employer to refer a tentative nonconfirmation only when an employee chooses to contest a tentative nonconfirmation (no automatic referrals), and referring a tentative nonconfirmation

to the appropriate agency at the time the employer prints the referral letter and provides the letter to the employee. The Web Services Employer understands that any failure to make its system or interface consistent with proper E-Verify procedures can result in DHS terminating the Web Services Employer's agreement and access.

29. The Web Services Employer understands that if it uses E-Verify procedures for any purpose other than as authorized by this MOU, the Web Services Employer may be subject to appropriate legal action and termination of its participation in E-Verify according to this MOU.

B. EMPLOYERS THAT ARE FEDERAL CONTRACTORS WITH THE FAR E-VERIFY CLAUSE

NOTE: If you do not have any Federal contracts at this time, this section does not apply to your company. In the future, if you are awarded a Federal contract that contains the FAR E-Verify clause, then you must comply with each provision in this Section. See 48 C.F.R. 52.222.54 for the text of the FAR E-Verify clause and the E-Verify Supplemental Guide for Federal Contractors for complete information.

1. If the Web Services Employer is a Federal contractor with the FAR E-Verify clause subject to the employment verification terms in Subpart 22.18 of the FAR, it will become familiar with and comply with the most current version of the E-Verify User Manual for Federal Contractors as well as the E-Verify Supplemental Guide for Federal Contractors.

2. In addition to the responsibilities of every employer outlined in this MOU, the Web Services Employer understands that if it is a Federal contractor subject to the employment verification terms in Subpart 22.18 of the FAR it must verify the employment eligibility of any "employee assigned to the contract" (as defined in FAR 22.1801). Once an employee has been verified through E-Verify by the Web Services Employer, the Employer may not create a second case for the employee through E-Verify.

a. A Web Services Employer that is not enrolled in E-Verify as a Federal contractor at the time of a contract award must enroll as a Federal contractor in the E-Verify program within 30 calendar days of contract award and, within 90 days of enrollment, begin to verify employment eligibility of new hires using E-Verify. The Web Services Employer must verify those employees who are working in the United States, whether or not they are assigned to the contract. Once the Web Services Employer begins verifying new hires, such verification of new hires must be initiated within three business days after the hire date. Once enrolled in E-Verify as a Federal contractor, the Web Services Employer must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

b. Web Services Employers enrolled in E-Verify as a Federal contractor for 90 days or more at the time of a contract award must use E-Verify to begin verification of employment eligibility for new hires of the Employer who are working in the United States, whether or not assigned to the contract, within three business days after the date of hire. If the Web Services Employer is enrolled in E-Verify as a Federal contractor for 90 calendar days or less at the time of contract award, the Web Services Employer must, within 90 days of enrollment, begin to use E-Verify to initiate

verification of new hires of the contractor who are working in the United States, whether or not assigned to the contract. Such verification of new hires must be initiated within three business days after the date of hire. A Web Services Employer enrolled as a Federal contractor in E-Verify must begin verification of each employee assigned to the contract within 90 calendar days after date of contract award or within 30 days after assignment to the contract, whichever is later.

c. Federal contractors that are institutions of higher education (as defined at 20 U.S.C. 1001(a)), state or local governments, governments of Federally recognized Indian tribes, or sureties performing under a takeover agreement entered into with a Federal agency under a performance bond may choose to only verify new and existing employees assigned to the Federal contract. Such Federal contractors may, however, elect to verify all new hires, and/or all existing employees hired after November 6, 1986. Web Services Employers in this category must begin verification of employees assigned to the contract within 90 calendar days after the date of enrollment or within 30 days of an employee's assignment to the contract, whichever date is later.

d. Upon enrollment, Web Services Employers who are Federal contractors may elect to verify employment eligibility of all existing employees working in the United States who were hired after November 6, 1986, instead of verifying only those employees assigned to a covered Federal contract. After enrollment, Web Services Employers must elect to verify existing staff following DHS procedures and begin E-Verify verification of all existing employees within 180 days after the election.

e. The Web Services Employer may use a previously completed Form I-9 as the basis for creating an E-Verify case for an employee assigned to a contract as long as:

i. That Form I-9 is complete (including the SSN) and complies with Article II.A.6,

ii. The employee's work authorization has not expired, and

iii. The Web Services Employer has reviewed the Form I-9 information either in person or in communications with the employee to ensure that the employee's Section 1, Form I-9 attestation has not changed (including, but not limited to, a lawful permanent resident alien having become a naturalized U.S. citizen).

f. The Web Services Employer shall complete a new Form I-9 consistent with Article II.A.10 or update the previous Form I-9 to provide the necessary information if:

i. The Web Services Employer cannot determine that Form I-9 complies with Article II.A.10,

ii. The employee's basis for work authorization as attested in Section 1 has expired or changed, or

iii. The Form I-9 contains no SSN or is otherwise incomplete.

Note: If Section 1 of Form I-9 is otherwise valid and up-to-date and the form otherwise complies with Article II.A.10, but reflects documentation (such as a U.S. passport or Form I-551) that expired after completing Form I-9, the Web Services Employer shall not require the production of additional documentation, or use the photo screening tool described in Article II.A.5, subject to any additional or superseding instructions that may be provided on this subject in the E-Verify User Manual.

g. The Web Services Employer agrees not to require a second verification using E-Verify of any assigned employee who has previously been verified as a newly hired employee under this MOU or to authorize verification of any existing employee by any Web Services Employer that is not a Federal contractor based on this Article.

3. The Web Services Employer understands that if it is a Federal contractor, its compliance with this MOU is a performance requirement under the terms of the Federal contract or subcontract, and the Web Services Employer consents to the release of information relating to compliance with its verification responsibilities under this MOU to contracting officers or other officials authorized to review the Employer's compliance with Federal contracting requirements.

C. RESPONSIBILITIES OF SSA

1. SSA agrees to allow DHS to compare data provided by the Web Services Employer against SSA's database. SSA sends DHS confirmation that the data sent either matches or does not match the information in SSA's database.

2. SSA agrees to safeguard the information the Web Services Employer provides through E-Verify procedures. SSA also agrees to limit access to such information, as is appropriate by law, to individuals responsible for the verification of Social Security numbers or responsible for evaluation of E-Verify or such other persons or entities who may be authorized by SSA as governed by the Privacy Act (5 U.S.C. § 552a), the Social Security Act (42 U.S.C. 1306(a)), and SSA regulations (20 CFR Part 401).

3. SSA agrees to provide case results from its database within three Federal Government work days of the initial inquiry. E-Verify provides the information to the Web Services Employer.

4. SSA agrees to update SSA records as necessary if the employee who contests the SSA tentative nonconfirmation visits an SSA field office and provides the required evidence. If the employee visits an SSA field office within the eight Federal Government work days from the date of referral to SSA, SSA agrees to update SSA records, if appropriate, within the eight-day period unless SSA determines that more than eight days may be necessary. In such cases, SSA will provide additional instructions to the employee. If the employee does not visit SSA in the time allowed, E-Verify may provide a final nonconfirmation to the employer.

Note: If a Web Services Employer experiences technical problems, or has a policy question, the Web Services Employer should contact E-Verify at 1-888-464-4218.

D. RESPONSIBILITIES OF DHS

1. After SSA verifies the accuracy of SSA records for employees through E-Verify, DHS agrees to provide the Web Services Employer access to selected data from DHS databases to enable the Web Services Employer to conduct, to the extent authorized by this MOU:

a. Automated verification checks on employees by electronic means, and

b. Photo verification checks (when available) on employees.

2. DHS agrees to provide to the Web Services Employer appropriate assistance with operational problems that may arise during the Web Services Employer's participation in the E-Verify program. DHS agrees to provide the Web Services Employer names, titles, addresses, and telephone numbers of DHS representatives to be contacted during the E-Verify process.

3. DHS agrees to make available to the Web Services Employer at the E-Verify Web site (www.dhs.gov/E-Verify) and on the E-Verify Web browser (https://e-verify.uscis.gov/emp/), instructional materials on E-Verify policies, procedures and requirements for both SSA and DHS, including restrictions on the use of E-Verify. DHS agrees to provide training materials on E-Verify.

4. DHS agrees to provide to the Web Services Employer a notice that indicates the Web Services Employer's participation in the E-Verify program. DHS also agrees to provide to the Web Services Employer anti-discrimination notices issued by the Office of Special Counsel for Immigration-Related Unfair Employment Practices (OSC), Civil Rights Division, U.S. Department of Justice.

5. DHS agrees to issue the Web Services Employer a user identification number and password that permits the Employer to verify information provided by its employees with DHS.

6. DHS agrees to safeguard the information provided to DHS by the Web Services Employer, and to limit access to such information to individuals responsible for the verification of employees' employment eligibility and for evaluation of the E-Verify program, or to such other persons or entities as may be authorized by applicable law. Information will be used only to verify the accuracy of Social Security Numbers and employment eligibility, to enforce the Immigration and Nationality Act (INA) and Federal criminal or anti-discrimination laws, and to administer Federal contracting requirements.

7. DHS agrees to provide a means of automated verification that is designed (in conjunction with SSA verification procedures) to provide confirmation or tentative nonconfirmation of employees' employment eligibility within three Federal Government work days of the initial inquiry.

8. DHS agrees to provide a means of secondary verification (including updating DHS records as necessary) for employees who contest DHS tentative nonconfirmations and photo non-match tentative nonconfirmations that is designed to provide final confirmation or nonconfirmation of the employees' employment eligibility within 10 Federal Government work days of the date of referral to DHS, unless DHS determines that more than 10 days may be necessary. In such cases, DHS will provide additional verification instructions.

9. DHS agrees to provide the Web Services Employer with an Interface Control Agreement (ICA). This document will provide technical requirements that the Web Services Employer must meet to create and maintain a Web Services interface to the Verification Information System (VIS). VIS is a composite information system that provides immigration status verification for government agencies and verification of employment authorization for employers participating in E-Verify.

10. DHS agrees to provide periodic system enhancements to improve the ease and accuracy of E-Verify, as needed. DHS will also provide E-Verify enhancements to comply with applicable laws and regulations. As enhancements occur, Web Services Employers must update their Web Services

interface to reflect system changes within the timelines specified in Article V.A.1. DHS will provide the Web Services Employer with an ICA to support the E-Verify release whenever system enhancements are required.

11. DHS agrees to provide to the Web Services Employer guidance on breach notification and a means by which the Web Services Employer can report any and all suspected or confirmed breaches of owned or used systems or data spills related to E-Verify cases. At this time, if the Employer encounters a suspected or confirmed breach or data spill, it should contact E-Verify at 1-888-464-4218.

12. In the event the Web Services Employer is subject to penalties, DHS will issue a Notice of Adverse Action that describes the specific violations if it intends to suspend or terminate the employer's Web Services interface access. The Web Services Employer agrees that DHS shall not be liable for any financial losses to the Web Services Employer, its employees, or any other party as a result of your account suspension or termination and agrees to hold DHS harmless from any such claims.

ARTICLE III
REFERRAL OF INDIVIDUALS TO SSA AND DHS

A. REFERRAL TO SSA

1. If the Web Services Employer receives a tentative nonconfirmation issued by SSA, the Web Services Employer must print the notice and promptly provide it to the employee so that the employee may determine whether he or she will contest the tentative nonconfirmation. The Web Services Employer must review the tentative nonconfirmation with the employee in private. After the notice has been signed, the Web Services Employer must give a copy of the signed notice to the employee and attach a copy to the employee's Form I-9.

2. The Web Services Employer will refer employees to SSA field offices only as directed by the automated system based on a tentative nonconfirmation, and only after the Web Services Employer records the case verification number, reviews the input to detect any transaction errors, and determines that the employee contests the tentative nonconfirmation. The Web Services Employer will transmit the Social Security Number to SSA for verification again if this review indicates a need to do so. The Web Services Employer will determine whether the employee contests the tentative nonconfirmation as soon as possible after the Employer receives it.

3. If the employee contests an SSA tentative nonconfirmation, the Web Services Employer will provide the employee with a system-generated referral letter and instruct the employee to visit an SSA office within eight Federal Government work days. SSA will electronically transmit the result of the referral to the Web Services Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary. The Employer agrees to check the E-Verify system regularly for case updates.

4. The Web Services Employer agrees not to ask the employee to obtain a printout from the Social Security Number database (the Numident) or other written verification of the Social Security Number from the SSA.

B. REFERRAL TO DHS

1. If the Web Services Employer receives a tentative nonconfirmation issued by DHS, the Web Services Employer must promptly notify employees in private of the finding and provide them with the notice and letter containing information specific to the employee's E-Verify case. The Web Services Employer also agrees to provide both the English and the translated notice and letter for employees with limited English proficiency to employees. The Web Services Employer must allow employees to contest the finding, and not take adverse action against employees if they choose to contest the finding, while their case is still pending.

2. The Web Services Employer agrees to obtain the employee's response about whether he or she will contest the tentative nonconfirmation as soon as possible after the Web Services Employer receives the tentative nonconfirmation. Only the employee may determine whether he or she will contest the tentative nonconfirmation.

3. The Web Services Employer agrees to refer individuals to DHS only when the employee chooses to contest a tentative nonconfirmation.

4. If the employee contests a tentative nonconfirmation issued by DHS, the Web Services Employer will instruct the employee to contact DHS through its toll-free hotline (as found on the referral letter) within eight Federal Government work days.

5. If the Web Services Employer finds a photo mismatch, the Web Services Employer must provide the photo mismatch tentative nonconfirmation notice and follow the instructions outlined in paragraph 1 of this section for tentative nonconfirmations, generally.

6. The Web Services Employer agrees that if an employee contests a tentative nonconfirmation based upon a photo mismatch, the Web Services Employer will send a copy of the employee's Form I-551, Form I-766, U.S. Passport, or passport card to DHS for review by:

   a. Scanning and uploading the document, or
   b. Sending a photocopy of the document by express mail (furnished and paid for by the employer).

7. The Web Services Employer understands that if it cannot determine whether there is a photo match/mismatch, the Employer must forward the employee's documentation to DHS as described in the preceding paragraph. The Employer agrees to resolve the case as specified by the DHS representative who will determine the photo match or mismatch.

8. DHS will electronically transmit the result of the referral to the Web Services Employer within 10 Federal Government work days of the referral unless it determines that more than 10 days is necessary.

9. While waiting for case results, the Web Services Employer agrees to check the E-Verify system regularly for case updates.

10. DHS agrees to provide the Web Services Employer with an Interface Control Agreement (ICA).

This document will provide technical requirements that the Web Services Employer must meet to create and maintain a Web Services interface to the Verification Information System (VIS). VIS is a composite information system that provides immigration status verification for government agencies and verification of employment authorization for employers participating in E-Verify.

11. DHS agrees to provide periodic system enhancements to improve the ease and accuracy of E-Verify, as needed. DHS will also provide E-Verify enhancements to comply with applicable laws and regulations. As enhancements occur, Web Services Employers must update their Web Services interface to reflect system changes within the timelines specified in Article V.A.1. DHS will provide the Web Services Employer with an ICA to support the E-Verify release whenever system enhancements are required.

ARTICLE IV
SERVICE PROVISIONS

A. NO SERVICE FEES

1. SSA and DHS will not charge the Employer or the Web Services E-Verify Employer Agent for verification services performed under this MOU. The Employer is responsible for providing equipment needed to make inquiries. To access E-Verify, an Employer will need a personal computer with Internet access.

ARTICLE V
SYSTEM SECURITY AND MAINTENANCE

A. DEVELOPMENT REQUIREMENTS

1. Software developed by Web Services Employers must comply with federally-mandated information security policies and industry security standards to include but not limited to:

a. Public Law 107-347, "E-Government Act of 2002, Title III, Federal Information Security Management Act (FISMA)," December 2002.

b. Office of Management and Budget (OMB) Memorandum (M-10-15), "FY 2010 Reporting Instructions for the Federal Information Security Management Act and Agency Privacy Management," April 2010.

c. National Institute of Standards and Technology (NIST) Special Publication (SP) and Federal Information Processing Standards Publication (FIPS).

d. International Organization for Standardization/International Electrotechnical Commission (ISO/IEC) 27002, Information Technology — Security Techniques — Code of Practice for Information Security Management.

2. The Web Services Employer agrees to update its Web Services interface to the satisfaction of DHS or its assignees to reflect system enhancements within six months from the date DHS notifies the Web Services User of the system update. The Web Services User will receive notice from DHS in the form

of an Interface Control Agreement (ICA). The Web Services Employer agrees to institute changes to its interface as identified in the ICA, including all functionality identified and all data elements detailed therein.

3. The Web Services Employer agrees to demonstrate progress of its efforts to update its Web Services interface if and when DHS requests such progress reports.

4. The Web Services Employer acknowledges that if its system enhancements are not completed to the satisfaction of DHS or its assignees within six months from the date DHS notifies the Web Services Employer of the system update, then the Web Services Employer's E-Verify account may be suspended, and support for previous releases of E-Verify may no longer be available to the Web Services Employer. The Web Services Employer also acknowledges that DHS may suspend its account after the six-month period has elapsed.

5. The Web Services Employer agrees to incorporate error handling logic into its development or software to accommodate and act in a timely fashion should an error code be returned.

6. The Web Services Employer agrees to complete the technical requirements testing which is confirmed upon receiving approval of test data and connectivity between the Web Services Employer and DHS.

7. DHS will not reimburse any Web Services Employer or software developer who has expended resources in the development or maintenance of a Web Services interface if that party is unable, or becomes unable, to meet any of the requirements set forth in this MOU.

8. Housing, development, infrastructure, maintenance, and testing of the Web Services applications may take place outside the United States and its territories, but testing must be conducted to ensure that the code is correct and secure.

9. Tf the Web Services Employer includes an electronic Form I-9 as part of its interface, then it must comply with the standards for electronic retention of Form I-9 found in 8 CFR 274a.2(e).

B. INFORMATION SECURITY REQUIREMENTS

Web Services Employers performing verification services under this MOU must ensure that information that is shared between the Web Services Employer and DHS is appropriately protected comparable to the protection provided when the information is within the DHS environment [OMB Circular A-130 Appendix III].

To achieve this level of information security, the Web Services Employer agrees to institute the following procedures:

1. Conduct periodic assessments of risk, including the magnitude of harm that could result from the unauthorized access, use, disclosure, disruption, modification, or destruction of information and information systems that support the operations and assets of the DHS, SSA, and the Web Services Employer;

2. Develop policies and procedures that are based on risk assessments, cost-effectively reduce information security risks to an acceptable level, and ensure that information security is addressed throughout the life cycle of each organizational information system;

3. Implement subordinate plans for providing adequate information security for networks, facilities, information systems, or groups of information systems, as appropriate;

4. Conduct security awareness training to inform the Web Services Employer's personnel (including contractors and other users of information systems that support the operations and assets of the organization) of the information security risks associated with their activities and their responsibilities in complying with organizational policies and procedures designed to reduce these risks;

5. Develop periodic testing and evaluation of the effectiveness of information security policies, procedures, practices, and security controls to be performed with a frequency depending on risk, but no less than once per year;

6. Develop a process for planning, implementing, evaluating, and documenting remedial actions to address any deficiencies in the information security policies, procedures, and practices of the organization;

7. Implement procedures for detecting, reporting, and responding to security incidents;

8. Create plans and procedures to ensure continuity of operations for information systems that support the operations and assets of the organization;

9. In information-sharing environments, the information owner is responsible for establishing the rules for appropriate use and protection of the subject information and retains that responsibility even when the information is shared with or provided to other organizations [NIST SP 800-37].

10. DHS reserves the right to restrict Web Services calls from certain IP addresses.

11. DHS reserves the right to audit the Web Services Employer's application.

12. Web Services Employers agree to cooperate willingly with the DHS assessment of information security and privacy practices used by the company to develop and maintain the software.

C. DATA PROTECTION AND PRIVACY REQUIREMENTS

1. Web Services Employers must practice proper Internet security; this means using HTTP over SSL/TLS (also known as HTTPS) when accessing DHS information resources such as E-Verify [NIST SP 800-95]. Internet security practices like this are necessary because Simple Object Access Protocol (SOAP), which provides a basic messaging framework on which Web Services can be built, allows messages to be viewed or modified by attackers as messages traverse the Internet and is not independently designed with all the necessary security protocols for E-Verify use.

2. In accordance with DHS standards, the Web Services Employer agrees to maintain physical, electronic, and procedural safeguards to appropriately protect the information shared under this MOU

against loss, theft, misuse, unauthorized access, and improper disclosure, copying use, modification or deletion.

3. Any data transmission requiring encryption shall comply with the following standards:

- Products using FIPS 197 Advanced Encryption Standard (AES) algorithms with at least 256-bit encryption that has been validated under FIPS 140-2.
- NSA Type 2 or Type 1 encryption.

4. User ID Management (Set Standard): All information exchanged between the parties under this MOU will be done only through authorized Web Services Employer representatives identified above.

5. The Web Services Employer agrees to use the E-Verify browser instead of its own interface if it has not yet upgraded its interface to comply with the Federal Acquisition Regulation (FAR) system changes. In addition, Web Services Employers whose interfaces do not support the Form I-9 from 2/2/2009 or 8/7/2009 agree to use the E-Verify browser until the system upgrade is completed.

6. The Web Services Employer agrees to use the E-Verify browser instead of its own interface if it has not completed updates to its system to the satisfaction of DHS or its assignees within six months from the date DHS notifies the Web Services Employer of the system update. The Web Services Employer can resume use of its interface once it is up-to-date, unless the Web Services Employer has been suspended or terminated from continued use of the system.

D. COMMUNICATIONS

1. The Web Services Employer agrees to develop an electronic system that is not subject to any agreement or other requirement that would restrict access and use by an agency of the United States.

2. The Web Services Employer agrees to develop effective controls to ensure the integrity, accuracy and reliability of its electronic system.

3. The Web Services Employer agrees to develop an inspection and quality assurance program that regularly (at least once per year) evaluates the electronic system, and includes periodic checks of electronically stored information. The Web Services Employer agrees to share the results of its regular inspection and quality assurance program with DHS upon request.

4. The Web Services Employer agrees to develop an electronic system with the ability to produce legible copies of applicable notices, letters, and other written, photographic and graphic materials.

5. All information exchanged between the parties under this MOU will be in accordance with applicable laws, regulations, and policies, including but not limited to, information security guidelines of the sending party with respect to any information that is deemed Personally Identifiable Information (PII), including but not limited to the employee or applicant's Social Security number, alien number, date of birth, or other information that may be used to identify the individual.

6. Suspected and confirmed information security breaches must be reported to DHS according to Article V.C.1. Reporting such breaches does not relieve the Web Services Employer from further

requirements as directed by state and local law. The Web Services Employer is subject to applicable state laws regarding data protection and incident reporting in addition to the requirements herein.

E. SOFTWARE DEVELOPMENT RESTRICTIONS

1. DHS reserves the right to terminate the access of any software developer with or without notice who creates or uses an interface that does not comply with E-Verify procedures.

2. Employers are prohibited from Web Services Software development unless they also create cases in E-Verify to verify their new hires' work authorization. Those pursuing software development without intending to use E-Verify are not eligible to receive an ICA. At this time, E-Verify does not permit Web Services software development without also being a Web Services Employer or Web Services E-Verify Employer Agent.

F. PENALTIES

1. The Web Services Employer agrees that any failure on its part to comply with the terms of the MOU may result in account suspension, termination, or other adverse action.

2. DHS is not liable for any financial losses to Web Services Employer, its clients, or any other party as a result of account suspension or termination.

ARTICLE VI
MODIFICATION AND TERMINATION

A. MODIFICATION

1. This MOU is effective upon the signature of all parties and shall continue in effect for as long as the SSA and DHS operates the E-Verify program unless modified in writing by the mutual consent of all parties.

2. Any and all E-Verify system enhancements by DHS or SSA, including but not limited to E-Verify checking against additional data sources and instituting new verification policies or procedures, will be covered under this MOU and will not cause the need for a supplemental MOU that outlines these changes.

B. TERMINATION

1. The Web Services Employer may terminate this MOU and its participation in E-Verify at any time upon 30 days prior written notice to the other parties.

2. Notwithstanding Article V, part A of this MOU, DHS may terminate this MOU, and thereby the Web Services Employer's participation in E-Verify, with or without notice at any time if deemed necessary because of the requirements of law or policy, or upon a determination by SSA or DHS that there has been a breach of system integrity or security by the Web Services Employer, or a failure on the part of either party to comply with established E-Verify procedures and/or legal requirements. The Web Services Employer understands that if it is a Federal contractor, termination of this MOU by any party

for any reason may negatively affect the performance of its contractual responsibilities. Similarly, the Web Services Employer understands that if it is in a state where E-Verify is mandatory, termination of this by any party MOU may negatively affect the Web Services Employer's business.

3. A Web Services Employer that is a Federal contractor may terminate this MOU when the Federal contract that requires its participation in E-Verify is terminated or completed. In such cases, the Web Services Employer must provide written notice to DHS. If the Web Services Employer fails to provide such notice, then that Web Services Employer will remain an E-Verify participant, will remain bound by the terms of this MOU that apply to non-Federal contractor participants, and will be required to use the E-Verify procedures to verify the employment eligibility of all newly hired employees.

4. The Web Services Employer agrees that E-Verify is not liable for any losses, financial or otherwise, if the Web Services Employer or the Employer is terminated from E-Verify.

ARTICLE VII
PARTIES

A. Some or all SSA and DHS responsibilities under this MOU may be performed by contractor(s), and SSA and DHS may adjust verification responsibilities between each other as necessary. By separate agreement with DHS, SSA has agreed to perform its responsibilities as described in this MOU.

B. Nothing in this MOU is intended, or should be construed, to create any right or benefit, substantive or procedural, enforceable at law by any third party against the United States, its agencies, officers, or employees, or against the Web Services Employer, its agents, officers, or employees.

C. The Web Services Employer may not assign, directly or indirectly, whether by operation of law, change of control or merger, all or any part of its rights or obligations under this MOU without the prior written consent of DHS, which consent shall not be unreasonably withheld or delayed. Any attempt to sublicense, assign, or transfer any of the rights, duties, or obligations herein is void.

D. Each party shall be solely responsible for defending any claim or action against it arising out of or related to E-Verify or this MOU, whether civil or criminal, and for any liability wherefrom, including (but not limited to) any dispute between the Web Services Employer and any other person or entity regarding the applicability of Section 403(d) of IIRIRA to any action taken or allegedly taken by the Web Services Employer.

E. The Web Services Employer understands that its participation in E-Verify is not confidential information and may be disclosed as authorized or required by law and DHS or SSA policy, including but not limited to, Congressional oversight, E-Verify publicity and media inquiries, determinations of compliance with Federal contractual requirements, and responses to inquiries under the Freedom of Information Act (FOIA).

F. The individuals whose signatures appear below represent that they are authorized to enter into this MOU on behalf of the Web Services Employer and DHS respectively. The Web Services Employer understands that any inaccurate statement, representation, data or other information provided to DHS

may subject the Web Services Employer, its subcontractors, its employees, or its representatives to: (1) prosecution for false statements pursuant to 18 U.S.C. 1001 and/or; (2) immediate termination of its MOU and/or; (3) possible debarment or suspension.

G. The foregoing constitutes the full agreement on this subject between DHS and the Web Services Employer.

2023 Florida Annual Resale Certificate for Sales Tax

This Certificate Expires on December 31, 2023

Business Name and Location Address

FERGUSON ENTERPRISES LLC
3801 PROSPECT AVE
NAPLES, FL 34104-3713

Certificate Number

21-8012422862-0

By extending this certificate or the certificate number to a selling dealer to make eligible purchases of taxable property or services exempt from sales tax and discretionary sales surtax, the person or business named above certifies that the taxable property or services purchased or rented will be resold or re-rented for one or more of the following purposes:

- Resale as tangible personal property
- Re-rental as tangible personal property
- Resale of services
- Re-rental as commercial real property
- Incorporation into tangible personal property being repaired
- Re-rental as transient rental property
- Incorporation as a material, ingredient, or component part of tangible personal property that is being produced for sale by manufacturing, compounding, or processing

Your *Florida Annual Resale Certificate for Sales Tax* (Annual Resale Certificate) allows you or your representatives to buy or rent property or services tax exempt when the property or service is resold or re-rented. You **may not** use your Annual Resale Certificate to make tax-exempt purchases or rentals of property or services that will be used by your business or for personal purposes. Florida law provides for criminal and civil penalties for fraudulent use of an Annual Resale Certificate.

As a seller, you must document each tax-exempt sale for resale using one of three methods. You can use a different method each time you make a tax-exempt sale for resale.

1. Obtain a copy (paper or electronic) of your customer's current Annual Resale Certificate.
2. For each sale, obtain a transaction authorization number using your customer's Annual Resale Certificate number.
3. Each calendar year, obtain annual vendor authorization numbers for your regular customers using their Annual Resale Certificate numbers.

Online: Visit **floridarevenue.com/taxes/certificates**

Phone: 877-357-3725 and enter your customer's Annual Resale Certificate number

Request for Taxpayer Identification Number and Certification

▶ Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give Form to the requester. Do not send to the IRS.

Print or type. See Specific Instructions on page 3.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.
FERGUSON US HOLDINGS, INC

2 Business name/disregarded entity name, if different from above
FERGUSON ENTERPRISES, LLC (FEIN 54-1211771)

3 Check appropriate box for federal tax classification of the person whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor or single-member LLC ☑ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=Partnership) ▶

Note: Check the appropriate box in the line above for the tax classification of the single-member owner. Do not check LLC if the LLC is classified as a single-member LLC that is disregarded from the owner unless the owner of the LLC is another LLC that is **not** disregarded from the owner for U.S. federal tax purposes. Otherwise, a single-member LLC that is disregarded from the owner should check the appropriate box for the tax classification of its owner.

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN,* later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9.*

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, *later.*

To Whom it May Concern:

Effective March 31, 2019, Ferguson Enterprises, Inc. became Ferguson Enterprises, LLC (Ferguson). As a result of the name change, we would like to provide you with the most recent W-9 Form attached for your records.

This change for Income tax purposes requires the corporate income tax form the LLC to be reported under the parent company, now Ferguson US Holdings Inc (FUSHI). As a result of this change all federal documents, like W-9's and 1099s etc., are required to follow this rule and therefore, will show the parent company. At the time of the entity conversion Wolseley Investments Inc. (WII) was Fergusons parent company. Because of this federal W-9 requirement it was determined that we should also change the parent company name to Ferguson US Holdings, Inc. for consistency when providing W-9's to vendors. Effective May 2019, we changed the name of WII to Ferguson US Holdings, Inc.

Contracts and exemption certificates may still be under Ferguson Enterprises LLC since that is the company doing the business, however we are unable to provide a W-9 that allows Ferguson as the company on line 1 will the corresponding EIN. We can provide other backup from the IRS identifying Ferguson Enterprises LLC and its corresponding EIN of 54-1211771. Please find attached a copy of the IRS confirmation letter for Ferguson Enterprises LLC and its EIN. In addition, the W-9 does provide a section for disregarded entities & DBA's on line 2 which we have entered Ferguson Enterprises LLC to show the relationship.

If you have any questions, please feel free to contact me at ask.tax@ferguson.com.
