Re: BSE Construction Group
Bonding Capacity

We are proud to serve as the bonding agent for BSE Construction Group. BSE is a valued customer of our agency.

BSE's bonding company is American Contractors Indemnity Company (ACIC), NAIC #10216. They are rated A+ (Superior), XIV (\$1.5 Billion to \$2 Billion surplus) by A.M. Best Company. Their U.S. Treasury Limit is \$11,305,000.

BSE's bonding capacity is \$3,000,000 for single jobs and \$4,000,000 aggregate. These limits are not necessarily a maximum level of support, but are merely an indication of past support. Larger single job or aggregate limits may be available on a case by case basis.

This letter should not be construed to be a commitment to become surety on any specific project. The surety expressly reserves its rights to modify its plans prior to issuing any bonds contingent upon review of the terms and conditions of the contract, bond forms, pertinent underwriting information, and financing for a project.

If you require further information, please feel free to contact me.

Sincerely,

Kevin S. Keller

Upon failure to do so, the local business taxpayer shall be subject to the payment of another Local Business Tax for the same business, profession or occupation.

Pursuant to Florida law, all Local Business Tax Receipts shall be sold by the Tax Collector beginning July 1 of each year and shall expire on September 30 of the succeeding year. Those Local Business Tax Receipts renewed beginning October 1 shall be delinquent and subject to a delinquency penalty of 10 percent for the month of October. An additional 5 percent penalty for each month of delinquency is added until paid, provided that the total delinquency penalty shall not exceed 25 percent of the Local Business Tax for the delinquent establishment.

In addition to the penalty, the Tax Collector is entitled to a collection fee of \$1 to \$5. This fee is based on the amount of Local Business Tax, which will be collected from delinquent taxpayers after September 30 of the business year.

This receipt is a Local Business Tax only. It does not permit the local business taxpayer to violate any existing regulatory or zoning laws of the state, county or city. It also does not exempt the local business taxpayer from any other taxes, licenses or permits that may be required by law.

Pursuant to Florida law, Local Business Taxes are subject to change.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

- Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
- Certify that you are not subject to backup withholding, or
- Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

Project Approach

Welcome to Black Street Enterprises, LLC. If you are considering building or remodeling a residential or commercial property in South Florida, and are looking for an experienced builder, without a big price, then you've found your company. Black Street Enterprises, LLC is a State of Florida Certified General Contracting Company focused on building satisfaction through performance. We were established as a limited liability corporation (Sub Corp S) on July 31, 2007 and have grown more successful with each passing year. Our three core goals are to communicate:

1. The experience and expertise of Black Street Enterprises (BSE)
2. Provide the owner uncompromising total quality control throughout the process: we do it right the first time.
3. To save the owner money without sacrificing quality, by value engineering every step.

The company values begin with honesty, integrity, and compassion toward our staff, clients, subcontractors, suppliers, professional associates, municipality officials and the community. We promote a disciplined yet fair business environment and adhere to construction industry standards and practices. We are prepared to deliver our services with comprehensive and creative solutions, offering more than sixty years of combined experience in construction management of renovation, restoration, commercial and residential construction.

BSE will be your "personal builder," an adaptation of the Design-Build delivery system, a return to the historical Master Builder model of total project accountability. Lionel Dunbar, Keith Owens, and Rainey Rissman (Senior Advisor) are the key "hands-on" organizational figures, from design inception to construction completion, for a limited number of Owners per year. Lionel's building career is more than 20 years, Keith Owens more than 20 years and Rainey's is over 40 years, throughout Florida. Rainey's "green" credentials provide the company the ability to build and remodel as environmentally friendly as the specification allow.

We at BSE strive to meet or exceed the needs of our clients every step of the way. The company offers a wide range of services from remodeling to sustain a property all the way to planning and developing a new project from concept that include but are not limited to:

- General Contracting (Design Build)
- Interior and Exterior Renovations
- New Construction
- Procurement Consulting
- Property Maintenance

As mentioned earlier we promote a disciplined yet fair business environment and adhere to construction industry standards and practices. With the years of experience of the staff we have implemented several procedures that have proven to be most successful in our endeavors. We felt it necessary to create such procedures to both protect our company and our clients from unwanted exposure. At all cost, we strive to minimize or avoid any surprises during the construction process. These said procedures make up our quality control program which include but are not limited to the following:

- Policies and Procedure manuals for the Procurement, Construction and Accounting departments.
- Creating detailed cost profiles that are monitored through construction.
- Issuance and entering into agreements with suppliers, subcontractors that clearly identify the scope of work and time to be completed within. In said agreements are pay schedules for each vendor.
- Creating a CPM schedule for every project that is implemented into every subcontract agreement.
- Using checklists for both field and vendors to prevent quality issues and delays. These checklists determine payment of vendors and when the vendor to follow can start.
- Daily reports are turned in to Director of Operations and/or President of the progress of each contract.
- Written Safety Program

Our primary goal is to provide exceptional service and value to our clients while providing quality workmanship, paying special attention to safety, and completing each project on schedule and within budget. Our trade partners have been affiliated with our key personnel for many years. When looking for additional or new trade partners we make sure they have the capabilities to meet our schedules both financially and physically by way of a pre-approval process. We strive to exceed our client's expectations by taking a hands-on proactive approach to managing each project. A reputation for providing complete customer satisfaction and client referral is the instrument by which we measure our company's success. We recognize the unique needs of each client and the different challenges which come with each new project.

During participation in the 8(a) Business Development Program, you will receive business development assistance from an assigned Business Development Specialist in the Miami District Office located at 100 S. Biscayne Blvd - 7th Floor, Miami, FL 33121. The phone number is (305)536-5521.

Your firm will become eligible to receive 8(a) Business Development contracts after you submit a business plan using SBA Form 1010C and receive SBA's approval of the plan. We are sending a copy of this certification letter to the SBA Miami District Office. That office will send you the business plan form.

SBA requires that the 8(a) participant's President or Chief Executive Officer sign a Participation Agreement to show that he or she understands the conditions of 8(a) program participation. Please read the Agreement carefully, sign and date one copy and return it to the SBA Miami District Office at the address shown in the third paragraph above. The second copy is for your records.

Even though your firm's approved North American Industry Classification System (NAICS) Code is 236220, your firm may be awarded contracts under other NAICS Codes, as long as your firm is qualified to perform the required service or task. In this regard, please note that contracts awarded under 8(a) Business Development Program authority generally result from the self-marketing efforts of participating firms. While your firm's acceptance into the 8(a) Business Development program is not a guarantee of contract support, SBA will make every effort to assist you in your marketing efforts.

I welcome you as an 8(a) Business Development Program participant and wish you every possible success.

Sincerely,

Darryl K. Hairston
