By submitting a response, the Contractor shall be deemed to have accepted all terms and agreed to all requirements of the eBid (including any revisions/additions made in writing prior to the close of the eBid whether or not such revision occurred prior to the time the Contractor submitted its response) unless expressly stated otherwise in the Contractor's response. **THEREFORE, EACH CONTRACTOR IS INDIVIDUALLY RESPONSIBLE FOR REVIEWING THE REVISED eBID AND MAKING ANY NECESSARY OR APPROPRIATE CHANGES AND/OR ADDITIONS TO THE CONTRACTOR'S RESPONSE PRIOR TO THE CLOSE OF THE eBID.** All Notice(s) of Intent to Award (NOIAs) will be posted as referenced in Section 6.8 – "Public Award Announcement," of this document. **Contractors are encouraged to frequently check the solicitation documentations and embedded URLs for additional information. Each Bidder shall list all subcontractors and the work provided by the suppliers in the area provided on the Bid Reply Sheet. The successful Bidder(s) shall provide a listing of all subcontractors, suppliers, and other persons and organizations (including those who are to furnish the principal items of material and equipment), other than those identified in the Bid Reply, to the City within ten (10) days after the bid opening. Such list shall be accompanied by an experience statement for each such subcontractor, supplier, person, or organization if requested by City. If the City, after due investigation, has reasonable objection to any proposed subcontractor, supplier, other person, or organization, may, before the Notice of Award is given, request apparent successful Bidder(s) to submit an acceptable substitute without an increase in Bid price.

If apparent successful Bidder(s) declines to make any such substitution, the City may award the Contract to the next acceptable Bidder(s) that proposes to use acceptable subcontractors, suppliers, and other

persons and organizations. Declining to make requested substitutions will not constitute grounds for sacrificing the Bid security of any Bidder(s). Any subcontractor, supplier, other person, or organization listed and to whom the City does not make written objection prior to the giving of the Notice of Award will be deemed acceptable to City subject to revocation of such acceptance after the effective date of the Contract.

No subcontract which Contractor enters into with respect to performance of obligations or work assigned under the Contract shall in any way relieve Contractor of any responsibility, obligation, or liability under the Contract and for the acts and omissions of all subcontractors, agents, and employees. All restrictions, obligations, and responsibilities of the Contractor under the Contract shall also apply to the subcontractors. Any contract with a subcontractor must also preserve the rights of the City. The City shall have the right to request the removal of a subcontractor from the Contract with or without cause throughout the term of the Contract.

Any claim of confidentiality is waived upon submission, effective after the City's opening of the proposals pursuant to section 119.07, Florida Statutes. Therefore, the Contractor is hereby cautioned NOT to submit any documents that the Contractor does not want to be made public. The City is allowed to assess a reasonable charge to defray the cost of reproducing documents. A City employee must be present during the time of onsite inspection of documents. 3.3. Bonds and/or Letter of Credit

Bid Bond

Each responding Contractor must supply a Bid Bond or Bid Deposit (certified check, cashier's check, bank money order, bank draft of any national or state bank), in a sum of not less than **\$1000** made payable to the City. As a **Mandatory Requirement**, the Bid Bond or Bid Deposit must be scanned and uploaded into [DemandStar](#) along with all other required documents, thus showing evidence that a Bid Bond or Bid Deposit was obtained. Responding Contractors must send the Original Bid Bond or Bid Deposit to the City within ten (10) days after the eBid Due Date as reflected above in Section 1.5 – "Schedule of Events." The Responding Contractor's bid may be considered non-Responsive if the Bid Bond or Bid Deposit is not received within the

specified time frame. Responding Contractors must submit a Bid Bond or Bid Deposit made payable to the City in a sealed envelope to:

Keith Stewart
121 S.W. Port St. Lucie Blvd.
Port St. Lucie, FL 34984
Attn: Procurement Management Division

Bonds must be issued by a Surety authorized to do business in the State of Florida, in order to guarantee that the Contractor will enter into a contract to deliver products and/or related services outlined in this solicitation, strictly within the terms and conditions stated in the Contract.

3.3.1 Proposal Certification

By responding to this solicitation, the Contractor understands and agrees to the following:

1. That this electronically submitted proposal constitutes an offer, which when accepted in writing by the City, and subject to the terms and conditions of such acceptance, will constitute a valid and binding contract between the Contractor and the City; and
2. That the Contractor guarantees and certifies that all items included in the Contractor's response meet or exceed any and all the solicitation's identified specifications and requirements except as expressly stated otherwise in the Contractor's response; and
3. That the response submitted by the Contractor shall be valid and held open for a period of **one hundred and twenty (120) days** from the final solicitation closing date and that the Contractor's offer may be held open for a lengthier period of time subject to the Contractor's consent; and
4. That the Contractor's response is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a response for the same materials, supplies, equipment, or services and is in all respects fair and without collusion or fraud. Contractor understands and agrees that collusive bidding is a violation of City Ordinances and state and federal laws and can result in fines, prison sentences, and civil damage awards.

3.4. Permits

The selected Contractor shall be responsible for obtaining all permits, licenses, certifications, etc., required by federal, state, county, and municipal laws, regulations codes, and ordinances for the performance of the work required in these specifications and to conform to the requirements of said legislation. Permit fees can be found on the [City's Building Department Website](#). All permit fees shall be included in the Contract amount and paid by the successful Contractor(s).

4. eBid Bid Factors

This section contains the detailed technical requirements and related services for this Sourcing Event. The City has determined that it is best to define its own needs, desired operating objectives, and desired operating environment. The City will not tailor these needs to fit a particular solution a Contractor may have available; rather, the Contractors shall propose to meet the City's needs as defined in this eBid. All claims shall be subject to demonstration. Contractors are cautioned that conditional responses/bids, based upon assumptions, may be deemed non-Responsive.

Unless requested otherwise, all responses must be provided within the provided forms/Excel worksheets included with this Sourcing Event. Except as otherwise indicated, all requested forms and documents must be submitted electronically via the sourcing tool as an uploaded document to the Contractor's response.

4.1. Introduction

All the items described in this section are service levels and/or terms and conditions the City expects to be satisfied by the selected Contractor. Each Contractor must indicate its willingness and ability to satisfy these requirements in the Contractor's submitted response.

Unless otherwise specified, references to brand name or trade name/mark products are intended to be descriptive, but not restrictive, and are used to indicate the quality and characteristics of products that may be offered. Other products may be considered for award if such products are clearly identified and are determined by the City to meet its needs in all respects. Each Contractor's response must indicate the brand name and model, or series number of the product offered and include such specifications, catalog pages, or other data that will provide an adequate basis for determining the quality and functional capabilities of the product offered.

4.2. Contractor's General Information

Each Contractor must complete all the requested information in the electronic purchasing system entitled **Contractor's General Information Worksheet** for inclusion with their bid response.

4.3. Mandatory Requirements

As noted in the preceding section, this eBid contains mandatory requirements (e.g. product specifications, service or quality levels, staff requirements, experience or license requirements, etc.) which must be met by the Contractor in order for the Contractor to be considered Responsive, and, therefore, eligible for Contract award. These mandatory requirements will be defined in one or more of the following ways:

1. Requirements in this eBid document.
2. Requirements contained in any attachment to the Sourcing Event, such as a Mandatory Requirements Worksheet and the cost worksheet.

A Pass/Fail evaluation will be utilized for all mandatory requirements. Please review the Sourcing Event and its attachments carefully and respond as directed.

Some requirements may require a "Yes" or "No" response. Ordinarily, to be considered responsive, responsible, and eligible for award, all requirements identified as mandatory must be marked "YES" to pass. There may be rare instances in which a response of "NO" is the correct and logical response in order to meet the mandatory requirement (e.g., responding "NO" that the Contractor does not possess any conflicts of interest). Otherwise, any mandatory questions marked "NO" will fail the technical requirements and will result in disqualification of the Contractor's response, except as otherwise provided in Section 6 – "Evaluation and Award," of this eBid. Please note some requirements may require the Contractor to provide product sheets or other technical materials.

It is strongly encouraged that all Contractors review all documents that are electronically attached to this eBid. Reviewing the documentation ensures that Contractors understand the full scope of the City's request.

5. Cost/Pricing

Each Contractor is required to submit pricing as part of its response.

5.1. General Pricing Rules

By submitting a response, the Contractor agrees that it has read, understood, and will abide by the following instructions/rules:

1. The submitted pricing must include all costs of performing pursuant to the resulting Contract; and
2. All quantities and/or estimates are for information or tabulation purposes only; and
3. No warranty or guarantee is expressed or implied on the volume of products and/or services that the City may require through the negotiated Contract period; and

4. Bids containing a minimum order/ship quantity or dollar value, unless otherwise called for in the eBid, will be treated as non-Responsive and may not be considered for award; and
5. The Contractor is required to provide net prices. In the event there is discrepancy between a Contractor's unit price and extended price, the unit price shall govern; and
6. In the event there is a discrepancy between (1) the Contractor's pricing as quoted on an uploaded, detailed cost sheet such as an Excel Worksheet (if any), and (2) the Contractor's pricing as quoted by the Contractor in one or more single line entries directly into the Sourcing Event screen, the former shall govern; and
7. The prices quoted and listed in the response shall be firm throughout the term of the resulting Contract, unless otherwise noted in the eBid or Contract; and
8. Unless otherwise specified in any terms and conditions attached to the eBid, all product deliveries will be F.O.B. destination and all shipping charges must be included in the quoted cost; and
9. Unless expressly permitted by the eBid, responses containing provisions for late or interest charges cannot be awarded a contract. Contractors must "strikethrough" any such provisions in printed forms and initial such revisions prior to submitting a response to the City; and
10. Contractor responses requiring prepayment and/or progress payment requirements may be determined non-Responsive, unless otherwise permitted by the eBid; and
11. Unless permitted by the eBid, responses requiring payment from the City in less than thirty (30) days will be considered non-Responsive.

5.2 Cost Structure and Additional Instructions

The City's intent is to structure the cost format in order to facilitate comparison among all Contractors and foster competition to obtain the best market pricing. Consequently, the City requires that each Contractor's cost be structured as directed in the eBid. Additional alternative cost structures will not be considered. Each Contractor is hereby advised that failure to comply with the eBid instructions, submission of an incomplete offer, or submission of an offer in a different format than the one requested may result in the rejection of the Contractor's response.

Enter all information directly into the cost sheet(s). Enter numbers on each cost sheet in "number" (two-place decimal), not "currency" or other format, unless otherwise stated. That is, omit dollar signs, commas, and any other non-essential symbols (e.g., \$7.90 should be entered as 7.90). Prices must be in US Dollars. Enter "n/a" to indicate not available or "0" if there is no charge. Cells left blank will be interpreted as "no offer."

Download the cost worksheet (if any), complete the worksheet, and then upload the worksheet by following the instructions in DemandStar.

5.3 Payment by City's Visa Card Program

The City currently utilizes the State of Florida [Visa Program](#). The awarded Contractor can take advantage of this program and in consideration, receive payment within several days instead of NET 30 terms. Any percentage off the quoted bid price for the acceptance of payment by Visa will be taken into account for consideration of the best value to the City. If no percentage is provided in the cost proposal, the City shall assume a zero (0) percent discount applies.

6. Evaluation and Award

All timely responses will be evaluated in accordance with the following steps. The objective of the evaluation process is to identify the most competitive bid. Once the evaluation process has been completed, the apparent successful Contractor(s) will be required to enter into discussions with the City to resolve any exceptions to the City's contract. The City will announce the results of the eBid as described further in Section 6.8 – "Public Award Announcement."

6.1. Administrative/Preliminary Review

First, the responses will be reviewed by the Issuing Officer to determine compliance with the following requirements:

1. Response was submitted by deadline in accordance with Section 2 – “Instructions to Contractors.”
2. Response is complete and contains all required documents.

6.2. Best Value Analysis (*See also City Code of Ordinances Section 35.12*):

The following criteria will be used to select the bid that will provide the best value to the City:

- Has sufficient financial resources to complete the order.
- Can meet quoted delivery considering all other business commitments. Has a satisfactory record of performance.
- Has adequate staffing to fulfill requirements.
- Has the necessary production, technical equipment, and facilities (or ability to readily obtain them).
- Has necessary organization experience, operational controls, and technical skills (or ability to readily obtain them).
- Is a manufacturer, supplier, authorized distributor, or vendor for the requirement.
- Is otherwise qualified and eligible to receive an award under applicable laws and regulations.
- Has bid within a competitive price range in relation to the needed goods, services, or construction.
- The skill and experience demonstrated by the Bidder in performing contracts of a similar nature.
- The Bidder's past performance.
- Has met all requirements of the solicitation (delivery, quality, and price).
- Has met bounds of commonality. Absolute conformity is not required, just substantial or material compliance.
- Has met bid security requirements. Lack of security, where required, is a material nonconformity.
- [City Code of Ordinances, Section 35.14, Local Preference in Purchasing or Contracting](#).

The element of price is but one of the criteria elements. When considering a proposal, the City will:

- Evaluate the pricing offered by the Bidder; consider lifecycle costing, depreciation, and service contracts.
- Determine what proposal provides the best value to the City.

Value Added : The amount or dollar value of a service that the Bidder may be able to provide the City.

- Value added may be an actual amount given to the City as a signing bonus.
- Value added may be equipment or services given to the City. In this case, the value will be determined by the City for the goods or services, not the Bidder.

6.3. Evaluating Bid Factors (Section 4)

If the Contractor's response passes the Administrative/Preliminary Review, the Contractor's responses to Section 4 – “eBid Bid Factors,” will be evaluated. Responses to mandatory requirements will be evaluated on a pass/fail basis. If a response fails to meet a mandatory requirement, the City will determine if the deviation is material. A Material Deviation will be cause for rejection of the response. An Immaterial Deviation will be processed as if no deviation had occurred.

6.4. Evaluating Cost

The City may utilize lowest cost, lowest total cost, and total cost of ownership (TCO) or greatest savings to determine the most competitive pricing. Submitted pricing may be evaluated/scored on an overall basis or at the category/subcategory/line level (as applicable) relative to other responses/bids.

6.5. Selection and Award

The City reserves the right to: (a) waive minor irregularities, variances or non-material defects in a response; (b) reject any and all responses, in whole or in part; (c) request clarifications from Contractors; (d) request resubmissions from all Contractors; (e) award in whole, in part, or by line item; and (f) take any other action as permitted by law. The City reserves the right to provide for similar and/or additional services from other companies if the City so deems necessary. If the City elects to exercise this right, the Contract awarded under this solicitation shall remain in effect as for to all terms, agreements, and conditions without penalty or diminution of ongoing services as contained therein. Contractor agrees and understands that any Contract awarded pursuant to this solicitation shall not be construed as an exclusive arrangement and further agrees that the City may, at any time, secure similar or identical services, or award more than one Contract under this solicitation, at its sole option.

Single Award

Any Contract award resulting from the eBid will be made to the Responsive and Responsible Contractor with the best value as evaluated in Section 6.3 – “Evaluating Bid Factors,” with whom the City has reached agreement on all Contract terms and conditions.

6.6. Local Preference in Purchasing or Contracting [City Code of Ordinances, Section 35.14](#)

Except where otherwise provided by federal or state law, other funding source restrictions, or as otherwise set forth in the purchasing policy, the City of Port St. Lucie shall give preference to local businesses in the following manner:

1. In purchasing of, or letting of contracts for procurement of, personal property, materials, contractual services, and construction of improvements to real property or existing structures for which a request for proposals is developed with evaluation criteria, a local preference of the total score may be assigned as follows:
 - a. Local businesses which meet all the criteria for a local business as set forth in this section, shall be given a preference in the amount of five percent (5%) of the total quoted price of the local business.
 - b. The City Procurement Management Division shall have the sole discretion to determine if a Contractor meets the definition of a "local business."
2. Limitations:
 - a. The provisions of this section shall apply only to procurements which are above the formal bid threshold as set forth in the City Code of Ordinances and the City of Port St. Lucie Purchasing Manual.
 - b. The provisions of this ordinance shall not apply to any purchase exempted from the provisions of the City of Port St. Lucie Purchasing Manual.

*** Please review [City Code of Ordinances, Section 35.14](#) for the full governing ordinance**

6.7. Site Visits, Samples, and Oral Presentations

The City reserves the right to conduct site visits, request product/work samples, or to invite Contractors to present their product(s) and or service solutions to the evaluation team. Unless prohibited by federal, state, county, or local laws and/or ordinances, all Contractor requested presentations shall be performed in an in-person meeting. An oral presentation or product demonstration is not a negotiation and Contractors are not permitted to revise their responses as part of the presentation and/or demonstration. Samples of items, when required, must be furnished free of expense and, if not destroyed, will upon request, be returned at the Contractor's expense. Request for the return of samples must be made within thirty (30) days following opening of bids. Each individual sample must be labeled with the Contractor's name, bid number, and item number. Failure of the Contractor to either deliver required samples or to clearly identify samples as indicated may be reason for rejection of the bid. Unless otherwise indicated, samples should be delivered to the Procurement Management Division.

6.8. Public Award Announcement

The preliminary results of the evaluation will be announced through the public posting of a Notice of Intent to Award (“NOIA”) on the Electronic Bidding System. The NOIA is not notice of an actual contract award; instead, the NOIA is notice of the City’s expected Contract award(s) pending resolution of the protest process period, pursuant to City Code of Ordinances, Section 35.15, and final approval by the City Council at a publicly noticed meeting. The NOIA (if any) will identify the apparent successful Contractor(s) and unsuccessful Contractor(s). **NO CONTRACTOR SHOULD ASSUME PERSONAL NOTICE OF THE NOIA WILL BE PROVIDED BY THE CITY. INSTEAD, ALL CONTRACTORS SHOULD FREQUENTLY CHECK THE ELECTRONIC BIDDING SYSTEM FOR NOTICE OF THE NOIA.**

7. Contract Terms and Conditions

The Contract that the City expects to award as a result of this eBid will be based upon the eBid, the successful Contractor’s final response as accepted by the City, and the Contract terms and conditions, which can be downloaded from [DemandStar and found in Attachment B – Sample Contract, to this eBid](#). The “successful Contractor’s final response as accepted by the City,” shall mean: the response submitted by the awarded Contractor, written clarifications, and any other terms deemed necessary by the City, except that no objection or amendment by a Contractor to the eBid requirements or the Contract terms and conditions shall be incorporated by reference into the Contract unless the City has explicitly accepted the Contractor’s objection or amendment in writing.

Please review the [City’s Contract terms and conditions](#) and attached Sample Contract prior to submitting a response to this eBid. Contractors should plan on the Contract terms and conditions contained in this eBid being included in any award as a result of this eBid. Therefore, all costs associated with complying with these requirements should be included in any pricing quoted by the Contractors. The Contract terms and conditions may be supplemented or revised before Contract execution and are provided to enable Contractors to better evaluate the costs associated with the eBid and the potential resulting Contract.

Exception to Contract

By submitting a response, each Contractor acknowledges its acceptance of the eBid specifications and the Contract terms and conditions without change, except as otherwise expressly stated in the submitted proposal. If a Contractor takes exception to a Contract provision, the Contractor must state the reason for the exception and state the specific Contract language it proposes to include in place of the provision. Any exceptions to the Contract must be uploaded and submitted as an attachment to the Contractor’s response. Proposed exceptions must not conflict with or attempt to preempt mandatory requirements specified in the eBid.

In the event the Contractor is selected for potential award, the Contractor will be required to enter into discussions with the City to resolve any contractual differences before an award is made. These discussions are to be finalized and all exceptions resolved within the time identified in the Schedule of Events. Failure to resolve any contractual issues will lead to rejection of the Contractor’s response. The City reserves the right to then proceed to discussions with the next best ranked Contractor.

The City reserves the right to modify the Contract to be consistent with the apparent successful offer, and to negotiate other modifications with the apparent successful Contractor. Exceptions that materially change the terms or the requirements of the eBid may be deemed non-Responsive by the City, in its sole discretion, and rejected. Contract exceptions which grant the Contractor an impermissible competitive advantage, as determined by the City, in its sole discretion, will be rejected. If there is any question whether a particular Contract exception would be permissible, the Contractor is strongly encouraged to inquire via written question submitted to the Issuing Officer prior to the deadline for submitting written questions as defined by the schedule of events.

This eBid and the proposal response documents submitted shall be incorporated into the final Contract by reference. Therefore, all requirements in the eBid not specifically addressed in an exception statement in the proposal and accepted in the Contract documents, shall stand as contractual responsibilities of the proposal respondent. The Contract shall be the controlling document over the Proposal response and the eBid; the eBid shall be the ruling document over the Proposal response for all requirements in the eBid not specifically addressed in an exception statement in the proposal. Statement and requirements in the eBid shall rule over the Proposal document.

Order of Preference

In the case of any inconsistency or conflict among the specific provisions of the executed Contract (including any amendments accepted by both the City and the Contractor attached thereto), the eBid (including any subsequent addenda and written responses to Bidders' questions), and the Contractor's Response, any inconsistency or conflict shall be resolved as follows:

- (i) First, by giving preference to the specific provisions of the executed Contract.
- (ii) Second, by giving preference to the specific provisions of the eBid.
- (iii) Third, by giving preference to the specific provisions of the Contractor's Response, except that objections or amendments by a Contractor that have not been explicitly accepted by the City in writing shall not be included in the Contract and shall be given no weight or consideration.

8. Payment

To ensure proper payment, the awarded Contractor must comply with the following:

1. The City shall have not less than thirty (30) days to pay for any products and/or services.
2. Invoices must clearly show the description of products and/or services to include the number of each product or line item fulfilled.
3. All invoices must reference the Contract Number as established by the City.
4. Under no circumstance, will interest of any kind be required as payment to the awarded Contractor.
5. All charges, e.g., set up costs, must be included in the cost proposal. No charges will be allowed unless specified in the eBid and agreed upon in writing by the City.
6. Any discrepancies noted by the City must be corrected by the awarded Contractor within forty-eight (48) hours.
7. The payment amount due on invoices shall not be altered by City personnel. Once disputed items are resolved, the awarded Contractor must submit an amended invoice, or a credit memorandum for the disputed amount.
8. The City will not make partial payments on an invoice where there is a dispute.
9. The City will make payments only on authorized transactions.
10. All invoices must be sent to: The Project Manager
