8.a P24-041 City of Port St. Lucie Municipal Complex - Variance[2024-362](#)

Location: The property is located at 121 SW Port St. Lucie Boulevard.

Legal Description: Port St. Lucie Section 18, Block 689, Lots 6-11 and a portion of Tract F.

This is a request to grant a variance of design relief to allow a flat roof with no pitched or sloped design elements.

Chair Reikenis inquired if there was any ex-parte communication, to which the Board responded in the negative.

(Clerk's Note: A PowerPoint presentation was shown at this time.) Francis Forman, Planner, stated that he was sworn in and that the file was submitted to the City Clerk's Office 5 days prior to the meeting and requested that it be entered into the record. He presented to the Board and stated that the request was for a variance to Section 5.4.1(1) of the Citywide Design Standards to allow for a flat roof design with no pitched or peaked design elements. He exhibited the subject property and aerial views and discussed the future land use and zoning. He also shared proposed exhibits of the building and its elevation.

Chair Reikenis opened the Public Hearing. There being no public to be heard, he closed the Public Hearing. There being no discussion, Mr. Spatara moved to approve P24-041 City of Port St. Lucie Municipal Complex – Variance. Mr. Doughney seconded the motion which passed unanimously by roll call vote.
