6. Waiver of Subrogation: The Contractor shall agree by entering into this Contract to a Waiver of Subrogation for each required policy. When required by the insurer or should a policy condition not permit an Insured to enter into a pre-loss contract to waive subrogation without an endorsement, then Contractor shall agree to notify the insurer and request the policy be endorsed with a Waiver of Transfer of Rights of Recovery Against Others, or its equivalent. This Waiver of Subrogation requirement shall not apply to any policy where a condition to the policy specifically prohibits such an endorsement, or voids coverage should Contractor enter into such a contract on a pre-loss basis.
7. Deductibles: All deductible amounts shall be paid for and be the responsibility of the Contractor for any and all claims under this Contract. Where an SIR or deductible exceeds \$5,000, the City of Port St. Lucie reserves the right, but is not obligated, to review and request a copy of the Contractor's most recent annual report or audited financial statement.

It shall be the responsibility of the Contractor to ensure that all independent contractors and/subcontractors comply with the same insurance requirements as listed herein, including Products & Completed Operations coverage for a minimum of five (5) years from the date of possession by City or completion of Contract. It will be the responsibility of the Contractor to obtain Certificates of Insurance from all contractors and subcontractors listing the City as an Additional Insured, without the language, "when required by written contract." If Contractor, any independent contractors, or any subcontractors maintain higher limits than the minimums shown above, the City requires and shall be entitled to coverage for the higher limits maintained by Contractor/independent contractor/subcontractor.

The Contractor may satisfy the minimum limits required above for either Commercial General Liability, Business Auto Liability, or Employers' Liability coverage under Umbrella or Excess Liability. The Umbrella or Excess Liability shall

have an Aggregate limit not less than the highest "Each Occurrence" limit for either Commercial General Liability, Business Auto Liability, or Employers' Liability. When required by the insurer, or when Umbrella or Excess Liability is written on Non-Follow Form," the City shall be endorsed as an "Additional Insured."

The City, by and through its Risk Management Department, reserves the right, but is not obligated, to review, modify, reject, or accept any required policies of insurance including limits, coverages or endorsements, herein from time to time throughout the term of this Contract. All insurance carriers must have an AM Best rating of at least A:VII or better.

A failure on the part of the Contractor to execute the Contract and/or punctually deliver the required insurance, and other documentation may be cause for annulment of the award.

Contractor must review the City's Standard Contract for further details and coverage requirements.

Within ten (10) business days of award, the awarded Contractor must procure the required insurance and provide the City with an executed Certificate of Insurance. Certificates must reference the Contract number and the City as the additional Insured party. The Contractor's submitted pricing must include the cost of the required insurance. No Contract performance shall occur unless and until the required insurance certificates are provided.

3.2. Bonds and/or Letter of Credit

Bid Bond

Each responding Contractor must supply a Bid Bond or Bid Deposit (certified check, cashier's check, bank money order, bank draft of any national or state bank), in a sum of not less than **5% of the bid total** made payable to the City of Port St. Lucie. As a **Mandatory Requirement**, the Bid Bond or Bid Deposit must be scanned and uploaded into [DemandStar](#) along with all other required documents, thus showing evidence that a Bid Bond or Bid Deposit was obtained. Responding Contractors must send the Original Bid Bond or Bid Deposit to the City within ten (10) days after the E-Bid Due Date as reflected above in Section 1.5. The responding Contractor's bid may be considered non-Responsive if the Bid Bond or Bid Deposit is not received within the specified time frame.

Attn: Procurement Management Division
121 S.W. Port St. Lucie Blvd.
Port St. Lucie, FL 34984

Bid Bonds must be issued by a Surety authorized to do business in the State of Florida in order to guarantee that the Contractor will enter into a Contract to deliver products and/or related services outlined in this solicitation, strictly within the terms and conditions stated in the Contract.

3.2.1 Proposal Certification

By responding to this solicitation, the Contractor understands and agrees to the following:

1. That this electronically submitted proposal constitutes an offer, which when accepted in writing by the City, and subject to the terms and conditions of such acceptance, will constitute a valid and binding contract between the Contractor and the City; and
2. That the Contractor guarantees and certifies that all items included in the Contractor's response meet or exceed any and all of the solicitation's identified specifications and requirements except as expressly stated otherwise in the Contractor's response; and
3. That the response submitted by the Contractor shall be valid and held open for a period of **one hundred and twenty (120) days** from the final solicitation closing date and that the Contractor's offer may be held open for a lengthier period subject to the Contractor's consent.
4. That the Contractor's response is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a response for the same material supplies equipment or services and is in all respects fair and without collusion or fraud. Contractor understands and agrees that collusive bidding is a violation of the city ordinance, state and federal laws and can result in fines, prison sentences and civil damage awards.

Payment & Performance Bonds

By responding to this solicitation, the Contractor understands and agrees to the following:

1. The Contractor shall furnish an acceptable recorded Performance and Payment Bond complying with the statutory requirements set forth in Section 255.05, Florida Statutes, and 2 CFR 200.326 in the amount of one hundred (100%) percent of the Contract price. A fully authorized Surety, licensed by the State of Florida shall execute the Performance and Payment Bond. The Performance and Payment Bond shall remain in full force and effect a minimum of one (1) year after the work has been completed and final acceptance of the work is issued by the City.
2. Should the Surety become irresponsible during the time the Contract is in force, the City may require additional and sufficient sureties and the Contractor shall furnish same to the satisfaction of the City within ten (10) days after written notice to do so. In default thereof, the Contract may be suspended as herein provided.

4. E-Bid Bid Factors

This section contains the detailed technical requirements and related services for this Sourcing Event. The City has determined that it is best to define its own needs, desired operating objectives, and desired operating environment. The City will not tailor these needs to fit a particular solution a Contractor may have available; rather, the Contractors shall propose to meet the City's needs as defined in this E-Bid. All claims shall be subject to demonstration. Contractors are cautioned that conditional responses/bids, based upon assumptions, may be deemed non-Responsive.

Unless requested otherwise, all responses must be provided within the provided forms/Excel worksheets included with this Sourcing Event. Except as otherwise indicated, all requested forms and documents must be submitted electronically via the sourcing tool as an uploaded document to the Contractor's response.

4.1. Introduction

All the items described in this section are service levels and/or terms and conditions that the City expects to be satisfied by the selected Contractor. Each Contractor must indicate its willingness and ability to satisfy these requirements in the Contractor's submitted response. Unless otherwise specified, references to brand name or trade name/mark products are intended to be descriptive, but not restrictive, and are used to indicate the quality and characteristics of products that may be offered. Other products may be considered for award if such products are clearly identified and are determined by the City to meet its needs in all respects. Each Contractor's response must indicate the brand name and model, or series number of the product offered and include such specifications, catalog pages, or other data that will provide an adequate basis for determining the quality and functional capabilities of the product offered.

4.2. Contractor's General Information

Each Contractor must complete all the requested information in the electronic purchasing system entitled **Contractor's General Information Worksheet** for inclusion with their bid response.

4.3. Mandatory Requirements

As noted in the preceding section, this E-Bid contains mandatory requirements (e.g. product specifications, service or quality levels, staff requirements, experience or license requirements, etc.) which must be met by the Contractor in order for the Contractor to be considered Responsive, and, therefore, eligible for Contract award. These mandatory requirements will be defined in one or more of the following ways:

1. Requirements in this E-Bid document.
2. Requirements contained in any attachment to the Sourcing Event, such as a Mandatory Requirements, forms, Contractor's Worksheet and all Cost Worksheets.
3. Must acknowledge all URLs that are embedded in the E-Bid document.
4. Must comply with all federal and state laws and regulations, to include [2 C.F.R. 200.318 through 200.326 as well as Appendix II to 2 C.F.R. part 200](#) entitled "Contract Provisions for Non-Federal Entity Contracts Under Federal Awards"
5. Project Management Plan
6. Proposed Project Schedule

7. Certificate of Insurance
8. Copy of E-Bid Bond with the original Bond being submitted within ten (10) days of the opening

A Pass/Fail evaluation will be utilized for all mandatory requirements. Please review the Sourcing Event and its attachments carefully and respond as directed.

Some requirements may require a “Yes” or “No” response. Ordinarily, to be considered Responsive, Responsible, and eligible for award, all requirements identified as mandatory must be marked “YES” to pass. There may be rare instances in which a response of “NO” is the correct and logical response in order to meet the mandatory requirement (e.g., responding “NO” that the Contractor does not possess any conflicts of interest). Otherwise, any mandatory questions marked “NO” may fail the technical requirements and may result in disqualification of the Contractor’s response, except as otherwise provided in Section 6 – “Evaluation and Award,” of this E-Bid. Please note some requirements may require the Contractor to provide product sheets or other technical materials.

It is strongly encouraged that all Contractor’s review all documents that are electronically attached to this E-Bid. Reviewing the documentation ensures that Contractor understands the full scope of the City’s request.

5. Cost/Pricing

Each Contractor is required to submit pricing as part of its response.

5.1. General Pricing Rules

By submitting a response, the Contractor agrees that it has read, understood, and will abide by the following instructions/rules:

1. The submitted pricing must include all costs of performing pursuant to the resulting Contract;
2. All quantities and/or estimates are for information or tabulation purposes only;
3. No warranty or guarantee is expressed or implied on the volume of products and/or services that the City may require through the negotiated Contract period;
4. Bids containing a minimum order/ship quantity or dollar value, unless otherwise called for in the E-Bid, will be treated as non-Responsive and may not be considered for award;
5. The Contractor is required to provide net prices. In the event there is discrepancy between a Contractor’s unit price and extended price, the unit price shall govern;
6. In the event there is a discrepancy between (1) the Contractor’s pricing as quoted on an uploaded, detailed cost sheet such as an Excel Worksheet (if any), and (2) the Contractor’s pricing as quoted by the Contractor in one or more single line entries directly into the Sourcing Event screen, the former shall govern;
7. The prices quoted and listed in the response shall be firm throughout the term of the resulting Contract, unless otherwise noted in the E-Bid or Contract;
8. Unless otherwise specified in any terms and conditions attached to the E-Bid, all product deliveries will be F.O.B. destination and all shipping charges must be included in the quoted cost;
9. Unless expressly permitted by the E-Bid, responses containing provisions for late or interest charges cannot be awarded a Contract. Contractors must “strikethrough” any such provisions in printed forms and initial such revisions prior to submitting a response to the City;
10. Contractor responses requiring prepayment and/or progress payment requirements may be determined non-responsive unless otherwise permitted by the E-Bid; and
11. Unless permitted by the E-Bid, responses requiring payment from the City in less than thirty (30) days will be considered non-Responsive.

5.2 Cost Structure and Additional Instructions

The City’s intent is to structure the cost format in order to facilitate comparison among all Contractors and foster competition to obtain the best market pricing. Consequently, the City requires that each Contractor’s cost be structured as directed in the E-Bid. Additional alternative cost structures will not be considered. Each Contractor is hereby advised that failure to comply with the E-Bid instructions, submission of an incomplete offer, or submission of an offer in a different format than the one requested may result in the rejection of the Contractor’s response.

Enter all information directly into the cost sheet(s). Enter numbers on each cost sheet in “number” (two-place decimal), not “currency” or other format unless otherwise stated. That is, omit dollar signs, commas, and any other non-essential symbols. (e.g., \$7.90 should be entered as 7.90) Prices must be in US Dollars. Enter “n/a” to indicate not available or “0” if there is no charge. Cells left blank will be interpreted as “no offer”.

Download the cost worksheet (if any), complete the worksheet and then upload the worksheet in the Excel format and by following the instructions in DemandStar.

5.3 Payment by City's Visa Card Program

The City currently utilizes the State of Florida [Visa Program](#). The awarded Contractor can take advantage of this program and in consideration, receive payment within several days instead of NET 30 terms. Any percentage off the quoted bid price for the acceptance of payment by Visa will be taken into account for consideration of the best value to the City. If no percentage is provided in the cost proposal, the City shall assume zero (0) percent discount applies.

6. Evaluation and Award

All timely responses will be evaluated in accordance with the following steps. The objective of the evaluation process is to identify the most competitive bid. Once the evaluation process has been completed, the apparent successful Contractor(s) will be required to enter into discussions with the City to resolve any exceptions to the City's Contract. The City will announce the results of the E-Bid as described further in Section 6.8 – "Public Award Announcement."

6.1. Administrative/Preliminary Review

First, the responses will be reviewed by the Issuing Officer to determine compliance with the following requirements:

1. Response was submitted by deadline via in accordance with Section 2.
2. Response is complete and contains all required documents.

6.2. Best Value Analysis: N/A

This project will be awarded to the Contractor that provides the lowest Responsive and Responsible proposal in accordance with 2 CFR 200.320.

6.3 Evaluating Bid Factors (Section 4)

If the Contractor's response passes the Administrative/Preliminary Review, the Contractor's responses to Section 4 – "E-Bid Bid Factors" will be evaluated. Responses to mandatory requirements will be evaluated on a pass/fail basis. If a response fails to meet a mandatory requirement, the City will determine if the deviation is Material. A Material Deviation will be cause for rejection of the response. An Immaterial Deviation will be processed as if no deviation had occurred.

6.4. Evaluating Cost

The City may utilize lowest cost, lowest total cost, and total cost of ownership (TCO) or greatest savings to determine the most competitive pricing. Submitted pricing may be evaluated/scored on an overall basis or at the category/subcategory/line level (as applicable) relative to other responses/bids.

6.5. Selection and Award

The City reserves the right to: (a) waive minor irregularities, variances, or non-Material Defects in a response; (b) reject all responses, in whole or in part; (c) request clarifications from Contractors; (d) request resubmissions from all Contractors; (e) award in whole, in part, or by line item and (f) take any other action as permitted by law.

6.5.1 Single or Multiple Award

Any Contract award(s) resulting from the E-Bid will be made to the Lowest Responsive and Responsible Contractor that meet all required specifications and with whom the City has reached agreement on all Contract terms and conditions. The City reserves the right to select one or more Contractors, individual line items to one or more Contractors or sub categories of products/services to one or more Contractors when to do so is in the best interest of the City.

6.6. Local Preference in Purchasing or Contracting ([City Code of Ordinances, Section 35.14](#)) Does not apply to this E-Bid.

6.7. Site Visits, Samples, and Oral Presentations

The City reserves the right to conduct site visits, request product/work samples, or to invite Contractors to present their product(s) and or service solutions to the evaluation team. Unless prohibited by federal, state, county, or local laws and/or ordinances, all Contractor requested presentations shall be performed in an

in-person meeting. An oral presentation or product demonstration is not a negotiation and Contractors are not permitted to revise their responses as part of the presentation and/or demonstration. Samples of items, when required, must be furnished free of expense and, if not destroyed, will upon request, be returned at the Contractor's expense. Request for the return of samples must be made within thirty (30) days following opening of bids. Each individual sample must be labeled with Contractor's name, bid number, and item number. Failure of Contractor to either deliver required samples or to clearly identify samples as indicated may be reason for rejection of the bid. Unless otherwise indicated, samples should be delivered to the Procurement Management Division.

6.8. Public Award Announcement

The preliminary results of the evaluation will be announced through the public posting of a Notice of Intent to Award ("NOIA") on the Electronic Bidding System. The NOIA is not notice of an actual contract award; instead, the NOIA is notice of the City's expected Contract award(s) pending resolution of the protest process period, pursuant to City Code of Ordinances, Section 35.15, and final approval by the City Council at a publicly noticed meeting. The NOIA (if any) will identify the apparent successful Contractor(s) and unsuccessful Contractor(s). **NO CONTRACTOR SHOULD ASSUME PERSONAL NOTICE OF THE NOIA WILL BE PROVIDED BY THE CITY. INSTEAD, ALL CONTRACTORS SHOULD FREQUENTLY CHECK THE ELECTRONIC BIDDING SYSTEM FOR NOTICE OF THE NOIA.**

7. Contract Terms and Conditions

The Contract that the City expects to award as a result of this E-Bid will be based upon the E-Bid, the successful Contractor's final response as accepted by the City and the Contract terms and conditions, which terms and conditions can be downloaded from [DemandStar and included as Attachment G – Sample Contract](#). The "successful Contractor's final response as accepted by the City," shall mean: the response submitted by the awarded Contractor, written clarifications, and any other terms deemed necessary by the City, except that no objection or amendment by a Contractor to the E-Bid requirements or the Contract terms and conditions shall be incorporated by reference into the Contract unless the City has explicitly accepted the Contractor's objection or amendment in writing.

Please review the City's contract terms and conditions prior to submitting a response to this E-Bid. Contractors should plan on the Contract terms and conditions contained in this E-Bid being included in any award as a result of this E-Bid. Therefore, all costs associated with complying with these requirements should be included in any pricing quoted by the Contractors. The Contract terms and conditions may be supplemented or revised before Contract execution and are provided to enable Contractors to better evaluate the costs associated with the E-Bid and the potential resulting Contract.

Exception to Contract

By submitting a response, each Contractor acknowledges its acceptance of the E-Bid specifications and the Contract terms and conditions without change except as otherwise expressly stated in the submitted proposal. If a Contractor takes exception to a Contract provision, the Contractor must state the reason for the exception and state the specific Contract language it proposes to include in place of the provision. Any exceptions to the Contract must be uploaded and submitted as an attachment to the Contractor's response. Proposed exceptions must not conflict with or attempt to preempt mandatory requirements specified in the E-Bid.

In the event the Contractor is selected for potential award, the Contractor will be required to enter discussions with the City to resolve any contractual differences before an award is made. These discussions are to be finalized and all exceptions resolved within the period identified in the Schedule of Events. Failure to resolve any Contractual issues will lead to rejection of the Contractor's response. The City reserves the right to proceed to discussions with the next best ranked Contractor.

The City reserves the right to modify the Contract to be consistent with the apparent successful offer, and to negotiate other modifications with the apparent successful Contractor. Exceptions that materially change the terms or the requirements of the E-Bid may be deemed non-Responsive by the City, in its sole discretion, and rejected. Contract exceptions which grant the Contractor an impermissible competitive advantage, as determined by the City, in its sole discretion, will be rejected. If there is any question whether a particular Contract exception would be permissible, the Contractor is strongly encouraged to inquire via written question submitted to the Issuing Officer prior to the deadline for submitting written questions as defined by the Schedule of Events.

This E-Bid and the proposal response documents submitted shall be incorporated into the final Contract by reference. Therefore, all requirements in the E-Bid not specifically addressed in an exception statement in the proposal and accepted in the Contract documents, shall stand as contractual responsibilities of the proposal respondent. The Contract shall be the controlling document over the Proposal response and the E-Bid; the E-Bid shall be the ruling document over the Proposal response for all requirements in the E-Bid not specifically addressed in an exception statement in the proposal. Statement and requirements in the E-Bid shall rule over the Proposal document.

Order of Preference

In the case of any inconsistency or conflict among the specific provisions of the executed Contract (including any amendments accepted by both the City and the Contractor attached hereto), the E-Bid (including any subsequent addenda and written responses to Bidders' questions), and the Contractor's Response, any inconsistency or conflict shall be resolved as follows:

- (i) First, by giving preference to the specific provisions of the executed Contract.
- (ii) Second, by giving preference to the specific provisions of the E-Bid.
- (ii) Third, by giving preference to the specific provisions of the Contractor's Response, except those objections or amendments by a contractor that have not been explicitly accepted by the City in writing shall not be included in this Contract and shall be given no weight or consideration.

8. Payment

7. The payment amount due on invoices shall not be altered by the City personnel. Once disputed items are resolved, the Awarded Contractor must submit an amended invoice, or a credit memorandum for the disputed amount.
