3. Proofread your response and make sure it is accurate and readily understandable.
4. Label any and all uploaded files using the corresponding section numbers of the eRFP as specified by the City.
5. Use caution in creating electronic files to be uploaded. If the City is unable to open an electronic file due to a virus or because the file has become corrupted, the consultant's response may be considered incomplete and disqualified from further consideration.
6. Use commonly accepted software programs to create electronic files. The City has the capability of viewing documents submitted in the following format: Microsoft Office 2007 and portable document format file (PDF). Unless the eRFP specifically requests the use of another type of software or file format than those listed above, please contact the Issuing Officer prior to utilizing another type of software and/or file format. In the event that the City is unable to open an electronic file because the City does not have ready access to the software utilized by the consultant, the consultant's response will be considered incomplete and disqualified from further consideration.

3. **WITHDRAW.** A Consultant may withdraw the proposal by removing all documents from DemandStar prior to the deadline. In the event a Consultant desires to withdraw its response after the closing date and time, the Consultant must submit a request in writing to the Issuing Officer.

3. General Insurance, Bonding and Permit Requirements

This section contains general business requirements. By submitting a response, the consultant is certifying its agreement to comply with all of the identified requirements of this section and that all costs for complying with these general business requirements are included in the consultant's submitted pricing.

3.1. Standard Insurance Requirements

Note: This will be modified based on subject matter of the service.

Consultant must review the City's Sample Contract for further details and coverage requirements.

3.2. Bonds and/or Letter of Credit

Bonds are not required.

3.3. Permits

The selected Consultant shall be responsible for obtaining all permits, licenses, certifications, etc., required by federal, state, county, and municipal laws, regulations codes, and ordinances for the performance of the work required in these specifications and to conform to the requirements of said legislation. Permit fees can be found on the [City's Building Department Website](#). All permit fees shall be included in the contract amount and paid by the successful Consultant(s).

4. eRFP Proposal Factors

This section contains the detailed technical requirements and related services for this eRFP. Consultants are required to download, complete and then upload the Worksheets titled "Mandatory Response Worksheet", "Mandatory Scored Requirement Worksheet", and "Cone of Silence" Requirements found as attachments in the eRFP. Although many solicitations will contain all of the worksheets noted above, it is possible that a solicitation will not contain all three worksheets. In the event all three worksheets are not available as downloadable forms to this eRFP, please confirm with the Issuing Officer that all three worksheets are not required.

Unless requested otherwise, all responses must be provided within the Excel worksheets and not as a separately attached document. Except as otherwise indicated, all requested forms and documents must be submitted electronically via the sourcing tool as an uploaded document to the consultant's response. These worksheets together with any and all other documents submitted in response to Section 4 of this eRFP will be considered the consultant's technical proposal.

The City has determined that it is best to define its own needs, desired operating objectives, and desired operating environment. The City will not tailor these needs to fit particular solutions consultants may have available; rather, the consultants shall propose to meet the City's needs as defined in this eRFP. All claims shall be subject to demonstration. Consultants are cautioned that conditional proposals, based upon assumptions, may be deemed non-responsive.

4.1. Technical Proposal Introduction

All of the items described in this section are service levels and/or terms and conditions that the City expects to be satisfied by the selected consultant. Each consultant must indicate its willingness and ability to satisfy these requirements in the appropriate worksheets.

4.2. Consultant General Information

Each consultant must complete all of the requested information in the electronic purchasing system entitled **Consultant's General Information Worksheet** for inclusion with their solicitation response.

DO NOT INCLUDE ANY COST/PRICING INFORMATION IN YOUR RESPONSE TO THIS WORKSHEET.

4.3. Mandatory Requirements

As specified with each requirement listed in the **Mandatory Response Worksheet**, the consultant must indicate whether its proposal meets the individual requirements by marking either a providing an answer and/or attaching the requested documents in the response block(s) provided. Responses to the Mandatory Response Worksheet are not scored. They are used to determine if a Consultant is both Responsible and Responsive.

DO NOT INCLUDE ANY COST/PRICING INFORMATION IN YOUR RESPONSE TO THIS WORKSHEET.

4.4. Mandatory Scored Response

As specified with each requirement listed in the **Mandatory Scored Response Worksheet**, the consultant must indicate whether it will meet the individual requirement (if any) and provide a supporting narrative in the space provided. To be considered responsive, responsible and eligible for award, any and all requirements identified in the Mandatory Scored Response Worksheet must be met. There may be rare instances in which an item within the Mandatory Scored Response Worksheet does not create an individual requirement which must be met, but, instead, merely requires a response. All requirements labeled "Mandatory Scored" must be met by the consultant. Failure to meet any mandatory scored requirements may result in disqualification of the proposals. The narrative description, along with any required supporting materials, will be evaluated and awarded points in accordance with Section 6 "Proposal Evaluation, Negotiations and Award" of this eRFP.

DO NOT INCLUDE ANY COST INFORMATION IN YOUR RESPONSE TO THIS WORKSHEET.

4.5. Additional Information

As noted in Section 2.2.2 "eRFP Review", please access and review all of the attachments provided by the City within the Event. If supplemental materials are requested by the City to be submitted by the consultant as part of the technical proposal, the consultant should upload these additional materials as directed by the City.

5. Cost Proposal

5.1. Cost Proposal

This section shall follow the requirements as mandated in 287.055 (5), Florida Statutes. In the event the highest scoring proposal for a service/project exceeds the City's available funds, the City may negotiate an adjustment of the proposal price with the highest scoring proposer. By submitting a solicitation response, the consultant agrees that it has read, understood, and will abide by the following instructions/rules:

1. The submitted cost proposal must include all costs of performing pursuant to the resulting contract; and
2. All quantities and/or estimates are for information or tabulation purposes only and;
3. No warranty or guarantee is expressed or implied on the volume of products and/or services that the City may require through the negotiated contract period and;
4. Cost proposals containing a minimum order/ship quantity or dollar value, unless otherwise called for in the eRFP, will be treated as non-responsive and may not be considered for award; and
5. In the event there is discrepancy between the consultant's unit price and extended price, the unit price shall govern;
6. Unless otherwise specified in any terms and conditions attached to the eRFP, all product deliveries will be F.O.B. destination and all shipping charges must be included in the quoted pricing structure; and
7. Unless expressly permitted by the eRFP, responses containing provisions for late or interest charges cannot be awarded a contract. Consultants must "strikethrough" any such provisions in printed forms and initial such revisions prior to submitting a response to the City; and
8. Consultant responses requiring prepayment and/or progress payment requirements may be determined non-responsive unless otherwise permitted by the eRFP; and
9. The prices quoted and listed in the cost proposal shall be firm throughout the term of the resulting contract, unless otherwise noted in the eRFP or contract.

5.2 Payment by City's Visa Card Program

The City currently utilizes the State of Florida [Visa Program](#). The awarded Consultant can take advantage of this program and in consideration, receive payment within several days instead of NET 30 terms.

6. Proposal Evaluation, Negotiations and Award

All timely proposals will be evaluated in accordance with the following steps. Based on the results of the initial evaluation the City may or may not elect to negotiate technical factors as further described in the eRFP. Once the evaluation process has been completed (and any negotiations the City desires to conduct have occurred), the apparent successful consultant(s) will be required to enter into discussions with the City to resolve any exceptions to the City's contract. The City will announce the results of the eRFP as described further in Section 6.7 "Public Award Announcement" of this eRFP.

6.1. Administrative/Preliminary Review

First, the proposals will be reviewed by the Issuing Officer to determine the proposal's compliance with the following requirements:

1. Proposal was submitted by deadline in accordance with Section 2
2. Proposal is complete and contains all required documents

6.2. Evaluating Proposal Factors (Section 4)

If the consultant's proposal passes the Administrative/Preliminary Review, the consultant's responses to Section 4 "eRFP Proposal Factors" will be submitted to the Evaluation Team for evaluation.

6.2.1. Review of Mandatory and Mandatory Scored Questions

The Evaluation Team will review each proposal in detail to determine its compliance with mandatory eRFP requirements. Responses to both "Mandatory" and "Mandatory Scored" Questions will be evaluated on a pass/fail basis. If a proposal fails to meet a mandatory and/or mandatory scored eRFP requirement, the City will determine if the deviation is material. A material deviation will be cause for rejection of the proposal. An immaterial deviation will be processed as if no deviation had occurred. All proposals which meet the requirements of the "Mandatory" and "Mandatory Scored" Questions are considered "Responsive Proposals" at this point in time and will be scored in accordance with the point allocation in Section 6.3 "Scoring Criteria" of this eRFP.

The consultant will receive a total technical score at the conclusion of the evaluation of the eRFP Proposal Factors.

6.3. Scoring Criteria

The evaluation is comprised of the following:

Category	Criteria	Points
Technical/Proposal Factors	"Mandatory" Requirements	Pass/Fail
Technical/Proposal Factors	"Mandatory Scored"	1,000 points
Total	N/A	1,000 points

6.4. Negotiations of Proposals

The objective of negotiations is to obtain the consultant's best terms. PLEASE NOTE: NEGOTIATIONS ARE DISCRETIONARY; THEREFORE, THE CITY URGES THE CONSULTANT (1) TO SUBMIT ITS BEST RESPONSE AND (2) NOT TO ASSUME THE CONSULTANT WILL BE GRANTED AN OPPORTUNITY TO NEGOTIATE.

6.4.1. Overview of Negotiations

After the Evaluation Team has scored the consultants' proposals, the City may elect to enter into negotiations with all responsive and responsible consultants or only those consultants identified by the Evaluation Team as being in the competitive range. The competitive range will not be selected arbitrarily, and those consultants included in the competitive range must have highly scored proposals. The City shall negotiate a contract with the highest scored firm to a compensation, which is fair, competitive and reasonable. Should negotiations with the highest scored firm fail, the City shall terminate negotiations with the highest scored firm and shall begin with the second highest ranked firm. Should negotiations with the second highest ranked firm fail, the City shall terminate negotiations with the second highest ranked firm and shall begin negotiations with the third highest ranked firm. Should negotiations with the third highest ranked firm fail, the City shall select additional firms in the order of their competence and qualification and continue negotiations in accordance with [287.055, Florida Statutes](#), until an agreement is reached.

6.4.2. Negotiation Instructions

Listed below are the key action items related to negotiations. The City's Negotiation Committee may consist of the City's Evaluation Committee or may be comprised of different people. However, evaluation of proposals or revised proposals shall be completed only by the City's Evaluation Committee.

1. **Negotiation Invitation:** Those consultants identified by the Evaluation Committee to negotiate will be notified and invited to attend negotiations. Consultants will be notified in writing:
 - a. the general purpose and scope of the negotiations;
 - b. the anticipated schedule for the negotiations; and

c. the procedures to be followed for negotiations.

2. Confirmation of Attendance: Consultants who have been invited to participate in negotiations must confirm attendance.

6.4.3. Competitive Range

If the City elects to negotiate pursuant to Section 6.4, the City may either (1) elect to negotiate with all responsive and responsible consultants, (2) limit negotiations to those consultants identified within the competitive range, or (3) limit negotiations to the number of consultants with whom the City may reasonably negotiate as defined below. In the event the City elects to limit negotiations to those consultants identified within the competitive range, the City will identify the competitive range by (1) ranking consultants' proposals from highest to lowest and (2) then looking for breaks in the scores such that natural groupings of similar scores may be identified. In the event the City determines the number of responsive and responsible consultants is so great that the City cannot reasonably conduct negotiations (which determination shall be solely at the City's discretion and shall be conclusive), the City may elect to limit negotiations to the top three (3) ranked consultants as determined by the Total Score. The City shall negotiate a contract with the highest scored firm to a compensation, which is fair, competitive and reasonable. Should negotiations with the highest scored firm fail, the City shall terminate negotiations with the highest scored firm and shall begin with the second highest ranked firm. Should negotiations with the second highest ranked firm fail, the City shall terminate negotiations with the second highest ranked firm and shall begin negotiations with the third highest ranked firm. Should negotiations with the third highest ranked firm fail, the City shall select additional firms in the order of their competence and qualification and continue negotiations in accordance with [287.055, Florida Statutes](#), until an agreement is reached.

6.4.4. Negotiation Round Completion

As part of each negotiation, the City may or may not engage in verbal discussions with the consultants. However, whether or not the City engages in verbal discussions, any revisions the consultant elects to make to its response must be submitted in writing via email by the end date and time identified by the Issuing Officer

6.5. Selection and Award

The City desires to make an award to any and all qualified contractors with a final total score of 700 points or higher.

6.6. Site Visits, Samples, and Oral Presentations

The City reserves the right to conduct site visits or to invite consultants to present their proposal factors/technical solutions to the Evaluation Team. Unless prohibited by federal, state, county, or local laws and/or ordinances, all Consultant requested presentations shall be performed in an in-person meeting. An oral presentation or product demonstration is not a negotiation and Consultants are not permitted to revise their responses as part of the presentation and/or demonstration. Cost information must not be discussed during the oral presentation of the consultant's technical solution. Samples of items, when required, must be furnished free of expense and, if not destroyed, will upon request, be returned at the Consultant's expense. Request for the return of samples must be made within thirty (30) days following opening of proposals. Each individual sample must be labeled with Consultant's name, eRFP number, and item number. Failure of Consultant to either deliver required samples or to clearly identify samples as indicated may be reason for rejection of the eRFP. Unless otherwise indicated, samples should be delivered to the Procurement Management Department.

6.7. Public Announcement

The preliminary results of the evaluation(s) will be announced through the public posting of either a Notice to Proceed Negotiation with Consultant(s) or Notice of Intent to Award by the [City Clerk's Office](#). The Notice of Intent to Award ("NOIA") is not notice of an actual contract award; instead, the NOIA is notice of the City's expected contract award(s) pending resolution of the protest process period pursuant to City Code of Ordinances, Section 35.14. The NOIA (if any) will identify the apparent successful consultant(s), unsuccessful consultant(s), and the reasons why any unsuccessful consultants were not selected for contract award. **NO CONSULTANT SHOULD ASSUME PERSONAL NOTICE OF THE NOTICE OF INTENT TO AWARD ("NOIA") WILL BE PROVIDED BY THE CITY. INSTEAD, ALL CONSULTANTS SHOULD FREQUENTLY CHECK [THE CITY CLERK'S WEBSITE](#) FOR THE POSTING OF THE NOTICE TO PROCEED NEGOTIATION WITH CONSULTANT(S) AND/OR THE NOIA.**

7. Contract Terms and Conditions

The contract that the City expects to award as a result of this eRFP will be based upon the eRFP, the successful consultant's final response as accepted by the City, all applicable contract terms and conditions, which can be downloaded from [DemandStar](#). The successful consultant's final response as accepted the City shall mean: the final cost and technical proposals submitted by the

awarded consultant(s) and any subsequent revisions to the awarded consultant's cost and technical proposals and the contract terms and conditions due to negotiations, written clarifications or changes made in accordance with the provisions of the eRFP, and any other terms deemed necessary by the City, except that no objection or amendment by the consultant to the eRFP requirements or the contract terms and conditions shall be incorporated by reference into the contract unless the City has explicitly accepted the consultant's objection or amendment in writing.

Please review all City attached documents and attached links prior to submitting a response to this eRFP. Consultants should plan on all expressed requirements within this eRFP and City attached documents and links contained in this posted solicitation as being included in any award as a result of this eRFP. Therefore, all costs associated with complying with these requirements should be included in any pricing quoted by the consultants. The City may supplement or revise contract terms and conditions and/or service specific requirements before contract execution.

Exception to Contract

By submitting a proposal, each consultant acknowledges its acceptance of the eRFP specifications and the contract terms and conditions without change. If a consultant takes exception to a Contract Provision or Solicitation Requirement, the consultant must state the reason for the exception and state the specific contract language it proposes to include in place of the provision. Any exceptions to the contract must be uploaded and submitted as an attachment to the consultant's response. Proposed exceptions must not conflict with or attempt to preempt mandatory requirements specified in the eRFP.

In the event the consultant is selected for potential award, the consultant will be required to enter into discussions with the City to resolve any contractual differences before an award is made. These discussions are to be finalized and all exceptions resolved within the period identified in the schedule of events. Failure to resolve any contractual issues will lead to rejection of the consultant. The City reserves the right to proceed to discussions with the next best ranked consultant.

The City reserves the right to modify the contract to be consistent with the apparent successful offer, and to negotiate other modifications with the apparent successful consultant. Exceptions that materially change the terms or the requirements of the eRFP may be deemed non-responsive by the City, in its sole discretion, and rejected. Contract exceptions which grant the consultant an impermissible competitive advantage, as determined by the City, in its sole discretion, will be rejected. If there is any question whether a particular contract exception would be permissible, the consultant is strongly encouraged to inquire via written question submitted to the Issuing Officer prior to the deadline for submitting written questions as defined by the Schedule of Events.

Order of Preference

In the case of any inconsistency or conflict among the specific provisions of the executed contract (including any amendments accepted by both the City and the Consultant attached hereto), the RFP (including any subsequent addenda and written responses to bidders' questions), and the Consultant's Response, any inconsistency or conflict shall be resolved as follows:

- (i) First, by giving preference to the specific provisions of the executed contract.
- (ii) Second, by giving preference to the specific provisions of the eRFP.
- (iii) Third, by giving preference to the specific provisions of the Consultant's Response, except that objections or amendments by a consultant that have not been explicitly accepted by the City in writing shall not be included in this Contract and shall be given no weight or consideration.

8. Payment

To ensure proper payment the awarded Consultant must:

1. The City shall have not less than 30 days to pay for any commodities.
2. Invoices must clearly show the description of products and/or services to include the number of each product or line item fulfilled.
3. All invoices must reference the Contract Number as established by the City.
4. Under no circumstance, will interest of any kind be required as payment to the Awarded Consultant.
5. All charges, e.g., set up costs, must be included in the cost proposal. No charges will be allowed unless specified in the eRFP and agreed upon by the City.
6. Any discrepancies noted by the City must be corrected by the Awarded Consultant within 48 hours.
7. The payment amount due on invoices shall not be altered by the City personnel. Once disputed items are resolved, the Awarded Consultant must submit an amended invoice, or a credit memorandum for the disputed amount.

8. The City will not make partial payments on an invoice where there is a dispute.
9. The City will only make payments on authorized transactions.
10. All invoices must be sent to:
 - i. apnotifications@cityofpsl.com
