Project Description

The applicant, Del Toro Law., on behalf of property owner, Midway Specialty Care Center Inc., is requesting approval for the rezoning of a 0.28-acre parcel from Single-Family Residential (RS-2) to General Commercial (CG). The parcel is legally described as Port St. Lucie Section 33, Block 2320, Lot 1 and is located at the southeast corner of SW Port St. Lucie Boulevard and SW Babbit Dr. The property has an assigned address of 4495 SW Port St. Lucie Boulevard.

The property has a future land use designation of General Commercial (CG) which is compatible with the proposed General Commercial (CG) zoning district.

Background

The subject parcel and larger adjoining parcel to the south are owned by the same entity, Midway Specialty Care Center, Inc. The larger, 3.3-acre parcel is zoned General Commercial with an underlying General Commercial Future Land Use. The subject parcel is zoned Single-Family Residential (RS-2) with an underlying General Commercial Future Land Use. The requested rezoning will rectify the incompatibility of the zoning and future land use on the subject parcel and will provide consistency between both parcels to allow for the future development of a medical office building.

Public Notice Requirements

Public notice was mailed to owners within 750 feet of the subject property on March 20th, 2026 for the April 7th, 2026, Planning & Zoning Board meeting.

FUTURE LAND USE MAP

IMPACTS AND FINDINGS

COMPREHENSIVE PLAN REVIEW

Land Use Consistency (Policies 1.1.4.2 and 1.1.4.13): Policy 1.1.4.2 of the Future Land Use Element states the City shall provide the CG Future Land Use Designation to accommodate general retail sales and services with restrictions on heavy vehicular sales, services, wholesale, warehouse uses, outdoor storage, or other nuisance uses. The proposed rezoning is consistent with Policy 1.1.4.13 in which the General Commercial (CG) zoning district is listed as a compatible zoning district under the General Commercial (CG) future land use classification.

FUTURE LAND USE CLASSIFICATION	COMPATIBLE ZONING DISTRICT(S)
General Commercial (CG)	CN, CG , P, GU, LMD

ZONING REVIEW

Applicant's Justification Statement: The applicant requests the rezoning to make both parcels consistent to allow for unity of title and future development.

Staff Analysis: The current RS-2 does not support commercial development and is incompatible with the underlying CG Future Land Use. The proposed rezoning to CG will eliminate the inconsistency and provide the property owner with parcels that have uniformed zoning to enable future development.

The parcel does not meet the minimum lot size of 20,000 SF per Sec. 158.124 (E) General Commercial (CG) Minimum Lot Requirements but does when combined with the adjacent lot under the same ownership. The parcel will require a Unity of Title with the adjacent parcel prior to this application being reviewed by the City Council.

ENVIRONMENTAL REVIEW

The site is vacant but surrounded by developed parcels to the north, east and west. Parcels south to Becker Road are vacant. Development plans are in review for the parcels to the southwest across Port St. Lucie Boulevard.

None.
