PROJECT MANAGEMENT & PROJECT APPROACH

Felix Associates of Florida, Inc. has been awarded multiple contracts over the years. Based on our success with these past projects, we would approach the City of Port St Lucie work in a similar way.

Our approach would start with a site visit by our proposed superintendent, to get a comprehensive understanding of the existing conditions and determine any limiting factors such as staging areas, site access, overhead utilities, surface or ground water, etc.

Prior to mobilization, we would utilize our HCSS HeavyJob software for project management. Our foremen complete diaries, timecards and photos and submit them daily via iPads. Information is uploaded to our server, and we have immediate access to cost data and field conditions. HeavyJob would track work performed on time and material, track change orders, track quantities for pay request, and track any unanticipated condition or event. Daily diaries and project photos provide valuable documentation.

Maintenance of traffic will be a critical component of underground utility work in development areas, and we take the safety of our crews and the public seriously. We utilize Bob's Barricades for MOT designs and equipment rentals due to their expertise in the field. Job specific designs often involve specialized sequencing to minimize the disruption to the public, both vehicular and pedestrian. Temporary sidewalks and roadways are constructed when conditions permit. In addition to the superintendent, our projects will have a project engineer assigned to them to help coordinate these public relations. This project will have significant coordination with regards to the existing Floresta Elementary School. Felix will schedule most of the work in this area, during the summer break, to minimize disruption as much as possible.

This project will entail a lot of coordination with the public and homeowners. Felix personnel will coordinate with the homeowners to avoid conflicts and blockages due to the construction in their area.

Felix Associates of Florida, Inc. has developed an extensive Safety and Health Plan as a result of working on large projects for organizations such as Florida Power & Light and Reedy Creek Improvements District / Walt Disney World. Our positive safety culture is supported and maintained by all levels of employment. As a result, we have an EMR rating of 0.85. In addition to our own safety program, Felix Associates of Florida, Inc. have the support of our own

PROJECT MANAGEMENT & PROJECT APPROACH

Construction Safety Manager by visiting project sites and assessing working conditions. This helps to identify safety related issues and risks on project sites. Once risks are identified, he works directly with the project leadership to design solutions to mitigate the exposure to those risks. Also working with the employees to train each member on proper safety procedures.

Our HeavyJob software also assists in the management of our safety plan by documenting toolbox talks, job hazardous analyses, and confine space permits. We put safety first!

This document has important legal consequences. Consultation with an attorney is encouraged with respect to its completion or modification.

Any singular reference to Contractor, Surety, Owner or other party shall be considered plural where applicable.

The Contractor and Surety are bound to the Owner in the amount set forth above, for the payment of which the Contractor and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, as provided herein. The conditions of this Bond are such that if the Owner accepts the bid of the Contractor within the time specified in the bid documents, or within such time period as may be agreed to by the Owner and Contractor, and the Contractor either (1) enters into a contract with the Owner in accordance with the terms of such bid, and gives such bond or bonds as may be specified in the bidding or Contract Documents, with a surety admitted in the jurisdiction of the Project and otherwise acceptable to the Owner, for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof; or (2) pays to the Owner the difference, not to exceed the amount of this Bond, between the amount specified in said bid and such larger amount for which the Owner may in good faith contract with another party to perform the work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect. The Surety hereby waives any notice of an agreement between the Owner and Contractor to extend the time in which the Owner may accept the bid. Waiver of notice by the Surety shall not apply to any extension exceeding sixty (60) days in the aggregate beyond the time for acceptance of bids specified in the bid documents, and the Owner and Contractor shall obtain the Surety's consent for an extension beyond sixty (60) days.

If this Bond is issued in connection with a subcontractor's bid to a Contractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

When this Bond has been furnished to comply with a statutory or other legal requirement in the location of the Project, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

"A City for All Ages"

**E-BID #20220045 – ATTACHMENT L
CONTRACTOR'S CODE OF ETHICS**

The City of Port St Lucie ("City), through its Procurement Management Department ("Procurement Management Department") is committed to a procurement process that fosters fair and open competition, is conducted under the highest ethical standards and enjoys the complete confidence of the public. To achieve these purposes, Procurement Management Department requires each vendor who seeks to do business with the City to subscribe to this Contractor's Code of Ethics.

- ◆ A Contractor's bid or proposal will be competitive, consistent and appropriate to the bid documents.
- ◆ A Contractor will not discuss or consult with other Vendors intending to bid on the same contract or similar City contract for the purpose of limiting competition. A Vendor will not make any attempt to induce any individual or entity to submit or not submit a bid or proposal.
- ◆ Contractor will not disclose the terms of its bids or proposal, directly or indirectly, to any other competing Vendor prior to the bid or proposal closing date.
- ◆ Contractor will completely perform any contract awarded to it at the contracted price pursuant to the terms set forth in the contract.
- ◆ Contractor will submit timely, accurate and appropriate invoices for goods and/or services actually performed under the contract.
- ◆ Contractor will not offer or give any gift, item or service of value, directly or indirectly, to a City employee, City official, employee family member or other vendor contracted by the City.
- ◆ Contractor will not cause, influence or attempt to cause or influence, any City employee or City Official, which might tend to impair his/her objectivity or independence of judgment; or to use, or attempt to use, his/her official position to secure any unwarranted privileges or advantages for that Vendor or for any other person.
- ◆ Contractor will disclose to the City any direct or indirect personal interests a City employee or City official holds as it relates to a Vendor contracted by the City.
- ◆ Contractor must comply with all applicable laws, codes or regulations of the countries, states and localities in which they operate. This includes, but is not limited to, laws and regulations relating

to environmental, occupational health and safety, and labor practices. In addition, Contractor must require their suppliers (including temporary labor agencies) to do the same. Contractor must conform their practices to any published standards for their industry. Compliance with laws, regulations and practices include, but are not limited to the following:

- Obtaining and maintaining all required environmental permits. Further, Contractor will endeavor to minimize natural resource consumption through conservation, recycling and substitution methods.
- Providing workers with a safe working environment, which includes identifying and evaluating workplace risks and establishing processes for which employee can report health and safety incidents, as well as providing adequate safety training.
- Providing workers with an environment free of discrimination, harassment and abuse, which includes establishing a written antidiscrimination and anti-bullying/harassment policy, as well as clearly noticed policies pertaining to forced labor, child labor, wage and hours, and freedom of association.

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid)

- Form 1099-DIV (dividends, including those from stocks or mutual funds)
 - Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
 - Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
 - Form 1099-S (proceeds from real estate transactions)
 - Form 1099-K (merchant card and third party network transactions)
 - Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
 - Form 1099-C (canceled debt)
 - Form 1099-A (acquisition or abandonment of secured property)
- Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See What is backup withholding, later.
