Indicated Value by: Sales Comparison Approach \$345,000 Cost Approach (if developed) \$ 345,600 Income Approach (if developed) \$

**The sales comparison approach best reflects the actions of the typical buyer.**

This appraisal is made  "as is,"  subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been completed,  subject to the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed  subject to the following:  
**Based on an exterior inspection only.**

Based on the scope of work, assumptions, limiting conditions and appraiser's certification, my (our) opinion of the defined value of the real property that is the subject of this report is \$ **345,000** as of **04/07/2022**, which is the effective date of this appraisal.

### Scope of Work, Assumptions and Limiting Conditions

Scope of work is defined in the Uniform Standards of Professional Appraisal Practice as "the type and extent of research and analyses in an assignment." In short, scope of work is simply what the appraiser did and did not do during the course of the assignment. It includes, but is not limited to: the extent to which the property is identified and inspected, the type and extent of data researched, the type and extent of analyses applied to arrive at opinions or conclusions.

The scope of this appraisal and ensuing discussion in this report are specific to the needs of the client, other identified intended users and to the intended use of the report. This report was prepared for the sole and exclusive use of the client and other identified intended users for the identified intended use and its use by any other parties is prohibited. The appraiser is not responsible for unauthorized use of the report.

The appraiser's certification appearing in this appraisal report is subject to the following conditions and to such other specific conditions as are set forth by the appraiser in the report. All extraordinary assumptions and hypothetical conditions are stated in the report and might have affected the assignment results.

1. The appraiser assumes no responsibility for matters of a legal nature affecting the property appraised or title thereto, nor does the appraiser render any opinion as to the title, which is assumed to be good and marketable. The property is appraised as though under responsible ownership.
2. Any sketch in this report may show approximate dimensions and is included only to assist the reader in visualizing the property. The appraiser has made no survey of the property.
3. The appraiser is not required to give testimony or appear in court because of having made the appraisal with reference to the property in question, unless arrangements have been previously made thereto.
4. Neither all, nor any part of the content of this report, copy or other media thereof (including conclusions as to the property value, the identity of the appraiser, professional designations, or the firm with which the appraiser is connected), shall be used for any purposes by anyone but the client and other intended users as identified in this report, nor shall it be conveyed by anyone to the public through advertising, public relations, news, sales, or other media, without the written consent of the appraiser.
5. The appraiser will not disclose the contents of this appraisal report unless required by applicable law or as specified in the Uniform Standards of Professional Appraisal Practice.
6. Information, estimates, and opinions furnished to the appraiser, and contained in the report, were obtained from sources considered reliable and believed to be true and correct. However, no responsibility for accuracy of such items furnished to the appraiser is assumed by the appraiser.
7. The appraiser assumes that there are no hidden or unapparent conditions of the property, subsoil, or structures, which would render it more or less valuable. The appraiser assumes no responsibility for such conditions, or for engineering or testing, which might be required to discover such factors. This appraisal is not an environmental assessment of the property and should not be considered as such.
8. The appraiser specializes in the valuation of real property and is not a home inspector, building contractor, structural engineer, or similar expert, unless otherwise noted. The appraiser did not conduct the intensive type of field observations of the kind intended to seek and discover property defects. The viewing of the property and any improvements is for purposes of developing an opinion of the defined value of the property, given the intended use of this assignment. Statements regarding condition are based on surface observations only. The appraiser claims no special expertise regarding issues including, but not limited to: foundation settlement, basement moisture problems, wood destroying (or other) insects, pest infestation, radon gas, lead based paint, mold or environmental issues. Unless otherwise indicated, mechanical systems were not activated or tested.

This appraisal report should not be used to disclose the condition of the property as it relates to the presence/absence of defects. The client is invited and encouraged to employ qualified experts to inspect and address areas of concern. If negative conditions are discovered, the opinion of value may be affected.

**Unless otherwise noted, the appraiser assumes the components that constitute the subject property improvement(s) are fundamentally sound and in working order.**

Any viewing of the property by the appraiser was limited to readily observable areas. Unless otherwise noted, attics and crawl space areas were not accessed. The appraiser did not move furniture, floor coverings or other items that may restrict the viewing of the property.

9. Appraisals involving hypothetical conditions related to completion of new construction, repairs or alteration are based on the assumption that such completion, alteration or repairs will be competently performed.
10. Unless the intended use of this appraisal specifically includes issues of property insurance coverage, this appraisal should not be used for such purposes. Reproduction or Replacement cost figures used in the cost approach are for valuation purposes only, given the intended use of the assignment. The Definition of Value used in this assignment is unlikely to be consistent with the definition of Insurable Value for property insurance coverage/use.
11. The ACI General Purpose Appraisal Report (GPAR™) is not intended for use in transactions that require a Fannie Mae 1004/Freddie Mac 70 form, also known as the Uniform Residential Appraisal Report (URAR).

**Additional Comments Related To Scope Of Work, Assumptions and Limiting Conditions**  
**See Attached Addendum**

Appraiser's Certification

The appraiser(s) certifies that, to the best of the appraiser's knowledge and belief:

- 1. The statements of fact contained in this report are true and correct.
2. The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are the appraiser's personal, impartial, and unbiased professional analyses, opinions, and conclusions.
3. Unless otherwise stated, the appraiser has no present or prospective interest in the property that is the subject of this report and has no personal interest with respect to the parties involved.
4. The appraiser has no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
5. The appraiser's engagement in this assignment was not contingent upon developing or reporting predetermined results.
6. The appraiser's compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
7. The appraiser's analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice.
8. Unless otherwise noted, the appraiser has made a personal inspection of the property that is the subject of this report.
9. Unless noted below, no one provided significant real property appraisal assistance to the appraiser signing this certification. Significant real property appraisal assistance provided by:

Definition of Value: [X] Market Value [ ] Other Value:
Source of Definition: The Interagency Appraisal and Evaluation Guidelines, Federal Register, Volume 75, No. 237, December 10, 2010, Pgs.
"As defined in the Agencies' appraisal regulations, the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition are the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

- a. Buyer and seller are typically motivated;
b. Both parties are well informed or well advised, and acting in what they consider their own best interests;
c. A reasonable time is allowed for exposure in the open market;
d. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
e. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale."

Zip: 34983

## **Report Type**

This real property appraisal report has been prepared under the Uniform Standards of Professional Appraisal Practice option entitled "Appraisal Report".

## **Purpose**

The purpose of the appraisal is to develop an opinion of market value of the Subject Property as defined in this report (see limiting conditions attached for definition)

## **Conditions of Appraisal**

As per USPAP guidelines, this report is an "appraisal format".

1. Personal property is not included in our valuation.
2. Third party information is verified and contained in our office files.

## **Intended Users and Intended Use**

The intended user is the client, the City of Port St Lucie. The Intended Use is to estimate the market value of the Subject Property as of the Effective Date of the appraisal. The scope of work performed is specific to the needs of the Intended User and Intended Use. No additional Intended Users have been identified by the appraisers and the scope of work may not be appropriate for other use.

## **Scope of Work:**

### Subject Property Identification:

Danielle M. Crowe has viewed the dwelling from the front exterior only, from the street at ground level, (and any other building structure located on the property). This visual inspection is not intended to be the same depth or for the same purpose as a home inspection. The appraiser has viewed the property solely for valuation purposes and to observe property characteristics that a typical purchaser would consider in their decision making process, as well as those items outlined in the assumptions and limited conditions and certification to this appraisal. Personal property was not included in the appraised value.

### Sources of Information:

The appraisal is based on the information gathered from public records; viewing of the Subject Property, neighborhood and comparable properties; and other sources specifically identified in this report. When conflicting information has been discovered, the sources deemed most reliable have been used.

Market research included, but was not limited to contacting local real estate brokers, St Lucie County Property Appraiser's office (via website), local contractors, researching appraiser's files, and consulting the Multiple Listing Service.

## **Subject Section**

### Legal Description

The legal description as shown on pg. 1 of the report is the complete description as found in St Lucie County Tax Records.

### Occupancy/Utilities

At the time of inspection the Subject Property did not appear to be occupied and we are making an assumption that all utilities were on and functioning.

### Subject Address

Please note that the Subject address utilized in this report conforms to the formatting of the USPS website.

The Subject Property was inspected from the exterior only, at street level. The interior has not been inspected and we are making an extraordinary assumption that the interiors are in good condition and conform with what is typical of other homes within the market that are similar in overall quality of construction.

It should be noted that the Subject's gross living area, bedroom, bathroom, porch / patio, actual age and car storage was provided by either plans or data from the St Lucie County Property Appraiser.

## **Highest and Best Use**

We have concluded the highest and best use of the property, as improved, to be its current use. This opinion is supported by the fact that the improved property is physically possible (see improvements description and pictures), is a legal use (see site section/zoning), is financially feasible (see sales comparison approach for sales of similar properties) and is considered to be the maximally productive use (improvements contribute positively to the site and it would not be feasible to change them to a more productive use without substantial capital improvement).

## **Site Comments**

### Site / Accessibility

The Subject Property is accessible year round in all types of weather conditions.

## ADDENDUM

Client: City of Port St Lucie

File No.: 22-83297

Property Address: 1581 SW Byron Street

Case No.:

City: Port St Lucie

State: FL

Zip: 34983

### **Land Valuation**

455 SE Exmore Ave, Port Saint Lucie, FL 34983, a 10,000 sf site sold on 02/22 for \$87,500. (FLEXMLS#RX-10767902)

149 SW Whitmore Drive, Port Saint Lucie, FL 34983, a 10,000 sf site sold on 03/2022 for \$89,000.  
(FLEXMLS#RX-10711238)

525 SW Twig Ave, Port Saint Lucie, FL 34953, a 10,000 sf site sold on 03/2022 for \$87,000. (FLEXMLS#RX-10749072)

Based on recent land sales, we concluded land value to be \$88,000.

### **Additional Features/Improvements**

The Subject Property has a front porch, rear patio and a 2-car garage.

### **Comments on the Sales Comparison**

The Subject Property is a 3 bedroom, 2 bathroom newly constructed home located in the SW section of Port St Lucie. All of the comparables are located in the SW market area and bracket and support the Subject Property's location, views, site size, design, quality, condition, actual age, bedroom, bathroom and car storage. The Subject's market area is increasing and each comparable was adjusted based on the contract date, based on data provided by MLS. Comparables 4 and 5 have been previously occupied, therefore a condition adjustment was made based on a price per square foot basis. Gross living area adjustments were made at \$50 per square foot which is typical within the market. Comparable 2 was adjusted for car storage as it has a 3-car garage. Adjustments were made accordingly based on market reaction.

All comparables were considered in the final opinion of value and were considered to be good indicators of current market value. The nuances of the property were captured by components of the comparables utilized in the report. During the development of the report, we noted that there were a considerable amount of new construction homes that recently closed under market value as the contract dates were signed in the first half of 2021 at pre-construction prices. We did not utilize these comparables as they were not good indicators of current market value. We utilized comparables that were mostly under contract within the prior 7 months +/- from the effective date of contract. The closed comparables indicate an adjusted range from \$336,000 to \$362,145. In our concluded value, we considered the Subject is new construction and we considered Comparables 1 and 2 as they are located in closest proximity and Comparables 1-3 as they are most similar in condition as they are newer construction. Therefore, after careful consideration, we concluded \$345,000 best reflects current market value of the Subject Property.

# Appraiser Independence Certification

File No.: 22-83297

Borrower: City of Port St Lucie  
 Property Address: 1581 SW Byron Street  
 City: Port St Lucie County: St Lucie State: FL Zip Code: 34983  
 Lender/Client: City of Port St Lucie

I do hereby certify, I have followed the appraiser independence safeguards in compliance with Appraisal Independence and any applicable state laws I may be required to comply with. This includes but is not limited to the following:

- I am currently licensed and/or certified by the state in which the property to be appraised is located. My license is the appropriate license for the appraisal assignment(s) and is reflected on the appraisal report.
- I certify that there have been no sanctions against me for any reason that would impair my ability to perform appraisals pursuant to the required guidelines.

I assert that no employee, director, officer, or agent of the Lender/Client, or any other third party acting as joint venture partner, independent contractor, appraisal company, appraisal management company, or partner on behalf of the Lender/Client, influenced or attempted to influence the development, reporting, result, or review of the appraisal through coercion, extortion, collusion, compensation, inducement, intimidation, bribery, or in any other manner.

I further assert that the Lender/Client has never participated in any of the following prohibited behavior in our business relationship:

1. Withholding or threatening to withhold timely payment or partial payment for the appraisal report;
2. Withholding or threatening to withhold future business, or demoting or terminating, or threatening to demote or terminate my services;
3. Expressly or implicitly promising future business, promotions, or increased compensation for my services;
4. Conditioning the ordering of the appraisal report or the payment of the appraisal fee or salary or bonus on my opinion, conclusion or valuation reached, or on a preliminary value estimate requested;
5. Requesting an estimated, predetermined, or desired valuation in the appraisal report, prior to the completion of the appraisal report, or requesting estimated values or comparable sales at any time prior to the completion of the appraisal report;
6. Providing an anticipated, estimated, encouraged or desired value for the subject property, or a proposed or target amount to be loaned to the Borrower, except that a copy of the sales contract may have been provided if the assignment was for a purchase transaction;
7. Providing stock or other financial or non-financial benefits to me or any entity or person related to me, my appraisal or appraisal management company, if applicable;
8. Any other act or practice that impairs or attempts to impair my independence, objectivity or impartiality, or violates law or regulation, including but not limited to, the Truth in Lending Act (TILA) and Regulation Z, or the Uniform Standards of Professional Appraisal Practice (USPAP).

Additional Comments: I certify that, to the best of my knowledge and belief:

- 1) The statements of fact contained in this report are true and correct.
- 2) I have not performed services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- 3) The analyses, opinions, and conclusions were developed, and this report was prepared, in conformity with the Uniform Standards of Professional Appraisal Practice (USPAP) and The Interagency Appraisal and Evaluation Guidelines, December 10, 2010.
- 4) The use of this report is subject to the requirements of the State of Florida relating to review by the Florida Real Estate Appraisal Board.
- 5) The reported analyses, opinions and conclusion were developed, and this report was prepared, in Conformity with the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute.
- 6) The use of this report is subject to the requirements of the Appraisal Institute relating to review by it's duly authorized representativeness.
- 7) As of the date of this report, Stephen G Neill, MAI has completed the continuing education program for Designated Members of the Appraisal Institute.

Stephen G Neill, MAI  
 Cert Gen RZ2480

USPAP ADDENDUM

Borrower: City of Port St Lucie  
 Property Address: 1581 SW Byron Street  
 City: Port St Lucie County: St Lucie State: FL Zip Code: 34983  
 Lender: City of Port St Lucie

**Reasonable Exposure Time**  
 My opinion of a reasonable exposure time for the subject property at the market value stated in this report is: 0 to 90 Days

Exposure Time: 2017-18 USPAP Standards Rule 1-2(c): "Comment: When exposure time is a component of the definition for the value opinion being developed, the appraiser must also develop an opinion of reasonable exposure time linked to that value opinion."

Exposure Time Defined: "The estimated length of time that the property interest being appraiser would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal."

After analyzing market conditions and comparable data, Subject's estimated exposure time is 0 to 3 months.

**Additional Certifications**

I have performed **NO** services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.

I **HAVE** performed services, as an appraiser or in another capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment. Those services are described in the comments below.

Title XI FIRREA compliance statement: Appraisers certify that the appraisal was prepared in accordance with the requirements of Title XI of the Financial Institution Reform, Recovery, and Enforcement Act of 1989, as amended (12 U.S.C. 3331 et seq), and any implementing regulations.

Danielle M Crowe Cert Res RD7236 assisted in the development of the appraisal and inspected the Subject Property from the street. Stephen G. Neill, MAI Cert Gen RZ4180 assisted with the physical inspection and review of the report.
