Unless otherwise specified on the face of the Order, all deliveries are to be made during the hours of 8:00 a.m. to 3:00 p.m., Monday through Friday, excluding holidays. 8. Contractor warrants that all materials, equipment, and services furnished hereunder will conform to specifications, drawings, samples, or other description furnished or approved by the City; will be fit and sufficient for the purposes intended; will perform as specified herein; and will be free from defects and merchantable. The City shall have no responsibility for materials for which written fabrication and/or delivery instructions have not been provided. The City may, from time to time, change shipping schedules specified in the Order or contained in such written instructions, or direct temporary suspension of such scheduled shipments.
11. Defective items, at the City's option and upon notice to the Contractor, will be repaired by the City or returned to the Contractor for repair, in either case, at the Contractor's risk and expense. Items that are rejected and returned are not to be replaced without the prior written permission of the City. Joint Venture – Nothing in the Contract shall be construed as creating or constituting the relationship of a partnership, joint venture, or other association of any kind or agent and principal relationship, between the vested parties. Each party shall be deemed to be an independent contractor contracting for the services and acting toward the mutual benefits expected to be derived from the mutually agreed upon Contract. Neither Contractor nor any of Contractor's agents, employees, subcontractors, or contractors shall become or be deemed to become agents or employees of the City. Contractor shall therefore be responsible for compliance with all laws, rules, and regulations involving its employees and any subcontractors, including but not limited to, employment of labor, hours of labor, health, and safety, working conditions, workers' compensation insurance, and payment of wages. No party has the authority to enter into any contract or create an obligation or liability on behalf of, in the name of, or binding upon another party to the Contract.

Permits, Licenses, and Certifications – The Contractor shall be responsible for obtaining all permits, licenses, certifications, etc., required by Federal, State, County, and Municipal laws, regulations, codes, and ordinances for the performance of the work required in these specifications and to conform with the requirements of said legislation. The Contractor shall be required to complete a **W-9 Taxpayer Identification Form**, provided with the City's Contract, and return it with the signed Contract and insurance documents.

Use of Name or Intellectual Property – Contractor agrees it will not use the name or any intellectual property, including but not limited to, City trademarks or logos in any manner, including commercial advertising or as a business reference, without the express prior written consent of the City.

Waiver – Except as specifically provided for in a waiver signed by duly authorized representatives of the City and the Contractor, failure by either party at any time to require performance by the other party or to claim a breach of any provision of the Contract shall not be construed as affecting any subsequent right to require performance or to claim a breach. Each waiver, if mutually agreed upon, shall be published as a Contract amendment.

SECTION XIX **ADDITIONAL REQUIREMENTS**

In the event of any conflict between the terms and conditions, appearing on any purchase order issued relative

to this Contract, and those contained in this Contract and the Specifications herein referenced, the terms of this Contract and Specifications herein referenced shall apply.

City's Public Relations Image – The Contractor's personnel shall at all times handle complaints and any public contact with due regard to the City's relationship with the public. Any personnel in the employ of the Contractor involved in the execution of work that is deemed to be conducting him/herself in an unacceptable manner shall be removed from the project at the request of the City Manager.

Contractual Relations – The Contractor is advised that nothing contained in the Contract or specifications shall create any contractual relations between the City and any subcontractors of the Contractor.

Patent Fees, Royalties, and Licenses – If the Contractor requires or desires to use any design, trademark, device, material, or process covered by letters of patent or copyright, the Contractor and their surety shall indemnify and hold harmless the City from any and all claims for infringement in connection with the work agreed to be performed. The Contractor shall indemnify the City from any cost, expense, royalty, or damage which the City may be obligated to pay by reason of any infringement at any time during the prosecution of or after completion of the work.

SECTION XX **ASSIGNMENT**

Contractor shall not delegate, assign, or subcontract any part of the work under this Contract or assign any monies due him hereunder without first obtaining the written consent of the City. If Contractor sells all or a majority of its shares, merges with, or otherwise is acquired by or unifies with a third party, it shall notify the City within ten (10) days. If after such notice, the City determines in its sole discretion, it may terminate the Contract, without penalty. The City's consent to any assignment is strictly conditioned upon the third party assuming all obligations under the Contract as it exists at the time of the assignment and/or assumption. Contractor shall ensure that any business transaction complies with the terms of this section, and failure to so comply shall render any alleged assignment and/or assumption void.

SECTION XXI **TERMINATION, DELAYS, AND LIQUIDATED DAMAGES**

A. Termination for Cause – The occurrence of any one or more of the following events shall constitute cause for the City to declare the Contractor in default of its obligations under the Contract:

- I. The Contractor fails to deliver or has delivered nonconforming services or fails to perform, to the City's satisfaction, any material requirement of the Contract or is in violation of a material provision of the Contract, including, but without limitation, the express warranties made by the Contractor;
- II. The Contractor fails to make substantial and timely progress toward performance of the Contract;
- III. In the event the Contractor is required to be certified or licensed as a condition precedent to providing the Services, the revocation or loss of such license or certification may result in immediate termination of the Contract effective as of the date on which the license or certification is no longer in effect;

- IV. The Contractor becomes subject to any bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including bankruptcy laws; the Contractor terminates or suspends its business; or the City reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law;
- V. The Contractor has failed to comply with applicable federal, state, and local laws, rules, ordinances, regulations, and orders when performing within the scope of the Contract;
- VI. If the City determines that the actions, or failure to act, of the Contractor, its agents, employees, or subcontractors have caused, or reasonably could cause, life, health, or safety to be jeopardized;
- VII. The Contractor has engaged in conduct that has or may expose the City to liability, as determined in the City's sole discretion; or
- VIII. The Contractor furnished any statement, representation, or certification in connection with the Contract, which is materially false, deceptive, incorrect, or incomplete.

B. Notice of Default. Except as provided in Section XXI.C, if there is a default, breach, or noncompliance event caused by the Contractor, the City shall provide written notice to the Contractor requesting that the breach, default, or noncompliance be remedied within the period specified in the City's written notice to the Contractor. If the breach or noncompliance is not remedied within the period specified in the written notice, the City may:

- I. Immediately terminate the Contract without additional written notice(s); and/or
- II. Enforce the terms and conditions of the Contract and seek any legal or reasonable remedies; and/or
- III. Procure substitute services from another source and charge the difference between the Contract and the substitute contract to the defaulting Contractor. Such a charge, in the City's option, may be invoiced to the Contractor and/or may be deducted from payments due to the Contractor. Deductions thus made will not excuse the Contractor from other penalties and conditions contained in the Contract.

C. Irreparable or Irreversible Breach, Default, or Noncompliance. The parties agree that there may be certain breaches, defaults, or acts or omissions of noncompliance that are, by their very nature, irreparable or irreversible. In the event there is a breach, default, or noncompliance that is irreparable or irreversible, the City may immediately take any or all actions listed under Section XXI.B.I-III, upon notice to Contractor of its decision to exercise such right(s). Whether a breach, default, or noncompliance is irreparable or irreversible will be determined in the sole discretion of the City.

D. Termination for Convenience. The City, in its sole discretion, may terminate this Contract at any time without cause, by providing at least thirty (30) days' prior written notice to Contractor. Following termination without cause, the Contractor shall be entitled to compensation upon submission of invoices and proper proof of claim, for services provided under the Contract to the City up to the time of termination, pursuant to Florida law.

E. Conversion of Termination for Cause to Termination for Convenience. If the City terminates this Contract for cause, and the basis for such termination is later found to be insufficient, then the termination shall automatically convert to a termination for convenience.

F. Termination for Non-Appropriation – The City is a governmental agency which relies upon the

appropriation of funds by its governing body to satisfy its obligations. If the City reasonably determines that it does not have funds to meet its obligations under the awarded Contract, the City will have the right to terminate the Contract, without penalty, on the last day of the fiscal period for which funds were legally available.

- G. Liquidated Damages for Delays** – If material is not provided or work is not completed within the time stipulated in this Contract, including any extensions of time for excusable delays as herein provided, it being impossible to determine the actual damages occasioned by the delay, the Contractor shall provide to the City one hundred (\$100.00) dollars as fixed, agreed, and liquidated damages for each calendar day of delay until the work is completed. The parties agree that this amount represents a good faith estimate on the part of the parties as to the actual potential damages that would occur because of late completion. Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of City's actual damages at the time of contracting. The Contractor and their sureties shall be jointly and severally liable to the City for the total amount thereof. This shall be the City's sole remedy as to these delays. Any other provision herein that provides for multiple, alternative, discretionary, or cumulative relief, shall not apply to this paragraph.

SECTION XXII

LAW, VENUE, AND WAIVER OF JURY TRIAL

This Contract is to be construed as though made in and to be performed in the State of Florida and is to be governed by the laws of Florida in all respects without reference to the laws of any other state or nation. The venue of any action taken to enforce this Contract, arising from this Contract, or related to this Contract, shall be in St. Lucie County, Florida.

The parties to this Contract hereby freely, voluntarily, and expressly, waive their respective rights to trial by jury on any issues so triable after having the opportunity to consult with an attorney.

SECTION XXIII

CONFLICT OF INTEREST

N/A

SECTION XXIV

PROHIBITION AGAINST CONTINGENT FEES

The Contractor warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Contractor, to solicit or secure this Contract and that he or she has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for the Contractor, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or making of this Contract.

SECTION XXV

ATTORNEY'S FEES

Except for Contractor's defense obligations contained herein, each party is responsible for its own attorney's fees

for any action arising from or related to this Contract. Each party expressly waives any right to seek attorney's fees from the other party, regardless of the source of such right, whether statute, agreement, or otherwise.

SECTION XXVI **CODE OF ETHICS**

Contractor warrants and represents that its employees will abide by any applicable provisions of the State of Florida Code of Ethics in [Chapter 112.311 et seq.](#), Florida Statutes, and as may be amended from time to time, and Code of Ethics Ordinances in [Section 9.14 of the City of Port St. Lucie Code](#).

SECTION XXVII **POLICY OF NON-DISCRIMINATION**

Contractor shall not discriminate against any person in its operations, activities, or delivery of services under this Contract. Contractor shall affirmatively comply with all applicable provisions of federal, state, and local equal employment laws and shall not engage in or commit any discriminatory practice against any person based on race, age, religion, color, gender, sexual orientation, national origin, marital status, physical or mental disability, political affiliation, or any other factor which cannot be lawfully used as a basis for service delivery.

SECTION XXVIII **SEVERABILITY**

The provisions of this Contract shall be deemed severable and if any portion of the Contract is found invalid or unenforceable, it shall not affect the validity or enforceability of the other provisions herein.

SECTION XXIX **AUDITS**

The Contractor shall establish and maintain a reasonable accounting system that enables the City to readily identify the Contractor's assets, expenses, costs of goods, and use of funds throughout the term of the Contract for a period of at least seven (7) years following the date of final payment or completion of any required audit, whichever is later. Records shall include, but are not limited to, accounting records, written policies and procedures; subcontract files (including proposals of successful and unsuccessful contractors, bid recaps, etc.); all paid vouchers including those for out-of-pocket expenses; other reimbursement supported by invoices; ledgers; cancelled checks; deposit slips; bank statements; journals; original estimates; estimating work sheets; contract amendments and change order files; back charge logs and supporting documentation; insurance documents; payroll documents; timesheets; memoranda; and correspondence. The Contractor shall permit the City's authorized auditor or any authorized representative of the State, and where federal funds are involved, the Comptroller General of the United States, or any other authorized representative of the United States government, to access and examine, audit, excerpt, and to make copies of all books, documents, papers, electronic or optically stored and created records or other records relating or pertaining to this Contract kept by or under the control of the Contractor, including, but not limited to, those kept by the Contractor, its employees, agents, assigns, successors, and subcontractors. Such records shall be made available to the City during normal business hours at the Contractor's office or place of business. The Contractor shall not impose a charge for audit or examination of the Contractor's books and records. If an audit discloses incorrect billings or improprieties, the City reserves the right to charge the Contractor for the cost of the audit and appropriate reimbursement. Any adjustments and/or payments that must be made as a result of any such audit or inspection of the Contractor's invoices and/or records shall be made within a reasonable amount of time (not to exceed ninety (90) days) from presentation of the City's

findings to the Contractor. Evidence of criminal conduct will be turned over to the proper authorities.

The Contractor shall ensure the City has these rights with Contractor's employees, agents, assigns, successors, and subcontractors, and the obligations of these rights shall be explicitly included in any subcontracts or agreements formed between the Contractor and any subcontractors to the extent that those subcontracts or agreements relate to fulfillment of the Contractor's obligations to the City.

SECTION XXX
ORDER OF PREFERENCE

N/A

SECTION XXXI
FORCE MAJEURE

Any deadline provided for in this Contract may be extended, as provided in this paragraph, if the deadline is not met because of one of the following conditions occurring with respect to that particular project or parcel: fire, strike, explosion, power blackout, earthquake, volcanic action, flood, war, civil disturbances, terrorist acts, hurricanes and Acts of God. When one of the foregoing conditions interferes with Contract performance, then the party affected may be excused from performance on a day-for-day basis to the extent such party's obligations relate to the performance so interfered with; provided, the party so affected shall use reasonable efforts to remedy or remove such causes of non-performance. The party so affected shall not be entitled to any additional compensation by reason of any day-for-day extension hereunder.

SECTION XXXII
E-VERIFY

In accordance with section 448.095, Florida Statutes, the Contractor agrees to comply with the following:

1. Contractor must register with and use the E-Verify system to verify the work authorization status of all new employees of the Contractor. Contractor must provide City with sufficient proof of compliance with this provision before beginning work under this Contract.
2. If Contractor enters into a contract with a subcontractor, Contractor must require each and every subcontractor to provide the Contractor with an affidavit stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The Contractor shall maintain a copy of each and every such affidavit(s) for the duration of the Contract and any renewals thereafter.
3. The City shall terminate this Contract if it has a good faith belief that a person or an entity with which it is contracting has knowingly violated section 448.09(1), Florida Statutes.
4. Contractor shall immediately terminate any contract with any subcontractor if Contractor has, or develops, a good faith belief that the subcontractor has violated section 448.09(1), Florida Statutes. If City has or develops a good faith belief that any subcontractor of Contractor knowingly violated section 448.09(1), Florida Statutes, or any provision of section 448.095, Florida Statutes, the City shall promptly notify the Contractor and order the Contractor to immediately terminate the contract with the subcontractor.
5. The City shall terminate this Contract for violation of any provision in this section. If the Contract is terminated under this section, it is not a breach of contract and may not be considered as such. If the City terminates this Contract under this section, the Contractor may not be awarded a public contract for at least one (1) year after the date on which the Contract was terminated. A contractor is liable for

any additional costs incurred by the City as a result of the termination of a contract.

6. The City, Contractor, or any subcontractor may file a cause of action with a circuit or county court to challenge a termination under section 448.095(5)(c), Florida Statutes, no later than twenty (20) calendar days after the date on which the Contract was terminated. The parties agree that such a cause of action must be filed in St. Lucie County, Florida, in accordance with the Venue provision herein.

SECTION XXXIII **CONSTRUCTION**

The title of the section and paragraph headings in this Contract are for reference only and shall not govern, suggest, or affect the interpretation of any of the terms or provisions within each section or this Contract as a whole. The use of the term "including" in this Contract shall be construed as "including, without limitation." Where specific examples are given to clarify a general statement, the specific language shall not be construed as limiting, modifying, restricting, or otherwise affecting the general statement. All singular words and terms shall also include the plural, and vice versa. Any gendered words or terms used shall include all genders. Where a rule, law, statute, or ordinance is referenced, it shall mean the rule, law, statute, or ordinance in place at the time the Contract is executed, as well as may be amended from time to time, where application of the amended version is permitted by law.

The parties have participated jointly in the negotiation and drafting of this Contract, and agree that both have been represented by counsel and/or had sufficient time to consult counsel, before entering into this Contract. In the event an ambiguity, conflict, omission, or question of intent or interpretation arises, this Contract shall be construed as if drafted jointly by the parties, and there shall be no presumption or burden of proof or persuasion based on which party drafted a provision of the Contract.

SECTION XXXIV **NON-EXCLUSIVITY**

Contractor acknowledges and agrees that this Contract is non-exclusive.

SECTION XXXV **DISCRIMINATORY, CONVICTED, AND ANTITRUST VIOLATOR VENDOR LISTS**

Contractor certifies that neither it nor any of its affiliates, as defined in the statutes below, have been placed on the discriminatory vendor list under section 287.134, Florida Statutes; the convicted vendor list under section 287.133, Florida Statutes; or the antitrust violator vendor list under section 287.137, Florida Statutes. Absent certain conditions under these statutes, neither contractors nor their affiliates, as defined in the statutes, who have been placed on such lists may submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity.

SECTION XXXVI **COOPERATION WITH INSPECTOR GENERAL**

Pursuant to section 20.055, Florida Statutes, it is the duty of every state officer, employee, agency, special district,

board, commission, contractor, and subcontractor to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant to this section. Contractor understands and will comply with this statute.

SECTION XXXVII
ENTIRE AGREEMENT

This Contract sets forth the entire agreement between Contractor and City with respect to the subject matter of this Contract. This Contract supersedes all prior and contemporaneous negotiations, understandings, and agreements, written or oral, between the parties. The parties shall not rely on any representation that may have been made by either party which is not included in this Contract. This Contract may not be modified except by the parties' mutual agreement set forth in writing and signed by the parties.
