Dear Ms. Kean,

Please let this letter serve as the request for an extension of time until June 2026 to complete the Public Art Benefit required by new construction. As discussed, the Dragonfly Commerce Park is working with an international muralist to create a concept for the wing walls of buildings 1 and 2. Our application for the public art benefit was filed in conjunction with the master site plan, not the phased building plans.

I will reach out in the next few weeks to present a concept to start moving through the approval process to get the murals approved.

I thank you in advance for your help with this matter.

Sincerely,

Amanda De Seta
