(Clerk's Note: The Respondent appeared via Zoom.)

Code Compliance Officer Dickerson read the case presentation and Staff's recommendations into the record and presented photos that were taken at the time of the inspections showing the subject property and violations. He stated that the only violations that remained were the striping and parking bumps in the parking lot, and he requested to abate violation 155.06(c).

The Deputy City Clerk swore in Respondent Michael Kinney, Property Manager, who informed that he had vendors ready and needed approval from Miller's Ale House, but if the approval was not received in a few weeks, they would go through with it and have Miller's pay after the fact.

The Special Magistrate found proper notice and based on the testimony and evidence reviewed, he found the property remained in violation as cited and ordered a compliance deadline by June 16, 2025. Code Compliance Officer Diaz read the case presentation and Staff's recommendations into the record and presented photos that were taken at the time of the inspections showing the subject property and violations.

The Deputy City Clerk swore in Respondents Daniel Kreiser and Christine Bell. Mr. Kreiser informed that they agreed with the violations and took care of other items, and that they immediately reached out to a contractor who took a few weeks to visit the site and give a quote. He stated that he needed to get other quotes which took up more time, and he reached back out to the first contractor in April, of whom did not give a definitive timeframe. He also noted that this repair did not need a permit. Wesley Armstrong, Code Compliance Supervisor, recommended verifying with Public Works Engineering to ensure there were no issues. She struck violation 158.211 from the record and Steve Owens, Code Compliance Supervisor, clarified that the fence was considered the open storage because it was a vacant lot. Officer Diaz stated that the respondent had contacted Planning & Zoning in 2018 to create a Site Plan, and a Unity of Control was submitted, but it was not an original document. She stated that for the respondent to comply, the fence would need to be removed or update the Site Plan with the original documentation.

(Clerk's Note: The Respondent was previously sworn for Case 24-13091.)

Respondent Christine Bell, who stated that the City Attorney approved the Unity of Control, but the County Clerk's Office could not record it because it wasn't an original document, but she was advised that sometimes the document could be filed with the Planning & Zoning Department, so she would try that because she did not know where the original was located.

The Special Magistrate requested that the case be removed from the agenda and stated that he would not put in an Order so that the respondent could have time to address the Unity of Control issue.
