Interests & Experiences

Why are you interested in serving on a board or committee?

Port St Lucie, from my view, needs to have a vision for the county.

Why do you think you are qualified to serve on this board or committee?

From my experiences with representatives/employees/residents who reside here, they feel disjointed and unaware of who is in control of what. To get to the place where to get information, you need to call some place which sounds like it would be right. Several hoops have to be jumped. In some cases, what we are told here in PSLC, is not the same as it is in Tallahassee.

Brief description of Education & Experience

Resident of USA since 1970, I arrived in Boston MA and stayed there till I permanently transitioned to Port St Lucie FL. I had found a beautiful spot of land way back in the 1990s and decided that it was going to be the PLACE WHERE I WOULD WANT TO LIVE. I worked at an illustrious medical center in Boston for 32 years. My education, prior to my arrival here, was based on the "English Education system" which literally start at the ground and up. My work experience there was fabulous, which any young person could transition to anywhere and be fully functional With that, my transition to the USA was not a problem (,It is the equivalent of a Bachelors degree with built in experience from my working life) I have a curious mind and head,. and it works like a jigsaw puzzle. My resume will not tell you of my experience and my work ethics.
