RE: Piggyback Authorization for Polk County Contract 22-102 Agreement Package - General Control Systems

Dear PSL Purchasing,

General Control Systems (GCS) would like to thank you for the opportunity to work with the City of Port Saint Lucie on the Port Saint Lucie JEA Rotork & Quantum PLC Upgrades project. In an effort to streamline the process, GCS is authorizing PSL to utilize or piggyback onto the Polk County Contract 22-102 Agreement Package. GCS will extend the same terms found in the agreement and honor the contract for use by PSL for the current quote and future projects which PSL deems useful or relevant.

Should you have any questions or concerns, please do not hesitate to contact my office.

Thank you.

Regards,

General Control Systems Inc.
