Re: PSL-JEA MIT

Mr. Eason,

Layne Christensen Company is pleased to continue offering our MIT services with the City of Port St. Lucie. Layne is a global water management, construction company. We provide responsible solutions for the world's most challenging water, mineral, and energy challenges. Our integrated approach allows us to offer more than just individual services. It ensures streamlined communications, expedited timelines, and a constant focus on our overriding values of safety, sustainability, integrity, and excellence.

Layne has a strong commitment to providing a safe and productive workplace. Our emphasis on health and safety encompasses developing site-specific safety plans, and is designed to identify, evaluate, and control health and safety hazards for the purpose of protecting employees as well as all onsite personnel.

As you can see below, we are pleased to continue using the same contract, including the same pricing model.

Based on this pricing, the cost of a packer pressure test would be: **\$87,650.00**

If you have any questions or need any additional information, please feel free to contact me at (760) 859-0873.

Respectfully,

Tim Cechini – Area Manager
Layne Christensen Company

Item No.	Item	Unit	Quantity	Unit Price	Total
1	Mob./ Demob. Site Prep	Lump Sum	1	\$17,400.00	\$17,400.00
2	Casing Pressure Test	Lump Sum	1	\$56,450.00	\$56,450.00
