While also serving as the President of the Florida Coalition for the Homeless and on the Florida Governor's Council on Homelessness.

During his work in Florida, he worked with the Legislature to improve funding and services for all residents of Florida. Mr. Nuckles will be in the process of reaching out to all the partners of the Homeless Service Council over the coming months to obtain their thoughts and perspective as he works to continue to provide oversight of the Continuum of Care planning process and dive deeper into housing options for homeless with lived experience.
