

## TRUMPET FLOWERS

### ARTIST STATEMENT

You will feel as if you've shrunk as you immerse yourself in the super-sized trumpet flower garden. Experience a giant's musical garden as 27 trumpet flowers from two to six meters tall tower over you. Visit the center of the forest to play the massive trumpet keys and make your own spectacular floral sound and light show.

### INTERACTIVITY

As people push the trumpet keys they will illuminate and make a different sound with the corresponding trumpet flower.
