## IMPACTS AND FINDINGS

### COMPREHENSIVE PLAN REVIEW

**Land Use Consistency:** The proposed rezoning is consistent with Policy 1.1.4.13 of the Future Land Use Element which establishes the compatible future land use and zoning categories. The residential single family (RS-2) zoning district is listed as a compatible zoning district under the Low Density Residential (RL) future land use classification.

FUTURE LAND USE CLASSIFICATION	COMPATIBLE ZONING DISTRICT(S)
RL (Low Density Residential)	GU, RE, RS-1, <b>Residential Single Family (RS-2)</b> , RM-5, RMH

### ZONING REVIEW

**Applicant's Justification Statement:** Requesting the site be rezoned to make the site compatible with the future land use of Low Density Residential.

**Staff Analysis:** The applicant's proposal to rezone the subject property to RS-2 is consistent with the comprehensive plan amendment application for this property. Lots 2-4 meet the minimum size requirement required by the RS-2 zoning district of 10,000 square feet. The City's Lot 1 will continue to be utilized for landscaping and access.
