**RE: FPL Eden Storage - Revised Project Narrative  
Special Exception Use and Site Plan Submittal  
GEP Project No. 21-027  
PSL Project No. P22-185**

**Revised Project Narrative:**

The FPL owned project site is the vacant parcel to the west of the FPL Eden Substation. The project proposes to develop the site into a gated surface storage area buffered on all sides by a wall, landscaping and fencing in compliance with the City Code for Development.

The property will be used for the storage of vehicles and equipment by FPL and FPL affiliates. More specifically the property would be used to park and/or stage a variety of small construction equipment vehicles, utility vehicles as well as various materials common to FPL projects such as power poles, cable spools, conduits, light fixture parts, fiber optic cable spools, transformers, solar panels, mobile Conex boxes, mobile trailer office, landscape materials, mulch, plants and/or other landscape elements associated with landscaping or irrigation, etc and sometimes the box trucks and/or semi trailer trucks used for delivering such materials.

The project does not propose any buildings or utilities only a paved surface storage area with drainage and buffers as required by local and state jurisdiction. The site will be available for use year round by FPL and FPL affiliates, for use on projects in close proximity as well as for the potential staging of additional materials prior to and during emergency storm preparations.

This is an aerial map of Port St. Lucie, Florida. A large, empty rectangular area in the center is highlighted with a red border. The map shows a grid of streets, including SE Lennard Rd running vertically on the right and SE Jennings Rd running horizontally across the middle. To the left, SE Federal Hwy is visible. Various businesses and landmarks are labeled, such as Harbor Place at Port St. Lucie, Life Care Center of Port St. Lucie, Best Taste Restaurant & Catering, Dollar Tree, Wendy's, and The Marketplace at Port St. Lucie. A red pin is located on SE Jennings Rd, just south of the red-outlined area. Other features include a pond in the upper right and several smaller parking lots and commercial buildings.
