RE: Riverland Boulevard at Riverland Parcel C - Certification for Roadway Turnover

Dear City Council Members,

As a registered professional Landscape Architect in the State of Florida, to the best of my knowledge, information and belief, it is my professional opinion that the landscape plantings at **Riverland Boulevard at Riverland Parcel C** have been installed in substantial accordance with the plans prepared by this office.

In my professional opinion, the minor deviations listed below will not impair the intended functioning of the original design or any required improvement. If you have any questions or concerns, please do not hesitate to contact me at (561)747-5069.

Best Regards,

Andrew Overmyer, PLA
LA#6666930

Deviations to Approved Plans:

Please note that at station point 375+00 to 375+40, 4 Montgomery Palms (VM16) have not yet been installed due to a temporary construction entrance which is necessary to access the Riverland Boulevard at Riverland Paseo Overpass project, permitted and bonded as PSL Project No. 20-238. The 4 Montgomery Palms (VM16) in that location will be installed and certified at the time of Overpass completion and turnover.
