Subject: FW: Change in Trash Pickup

Good afternoon,

Vice Mayor Martin received the following email. Can you please add it to the backup for 10B?

Thank you,

Christina Flores

Subject: Change in Trash Pickup

I just learned of the plan to eliminate the haul all trash pickup system currently used in Port St. Lucie. I am very disappointed to hear this as not everyone has access to a pickup truck to haul trash to an alternate location. This will place an additional burden on citizens of PSL who will either need to pay for a truck rental to haul larger pieces of trash to the designated disposal site or face fines they cannot afford. What will be done to ease this new burden?

Another question I have is in regards to trash pickup being included in our yearly tax bill. When y'all began doing this several years ago, it was specifically so PSL would not lose the haul all option. If this is going to change, will Waste Pro continue to receive the benefit of an annual assessment for trash pickup?

Please consider the downsides of changing the haul all plan before making any changes. Right now, it looks like it will benefit Waste Pro while adding burdens to the citizens of PSL without any benefits.

Sincerely,
Cindy Siebert
