SITE LEASE AGREEMENT

Site ID: St. Lucia West -02
Site Address: 450 S.W. Thornhill Drive
Port St. Lucia, Florida 34984

1. Premises and Use. The City of Port St. Lucia, a Florida municipal corporation ("Owner"), leases to BellSouth Mobility Inc. ("BMI"), the Site described in Exhibit "B."

In location(s) ("Site") shown on Exhibit "A," together with a non-exclusive easement for reasonable access thereto and, in the discretion of BMI, source of electric telephone facilities. The Site will be used by BMI for the purpose of installing, removing, replacing, maintaining and operating, at its expense, a personal communication service system facility ("PCS"), including, without limitation, related antenna equipment and fixtures. BMI will use the Site in a manner which will not unreasonably disturb the occupancy of Owner's other tenants.

Owner also hereby grants to BMI the right to survey said Property, and the legal description on said survey shall then become Exhibit "B," which shall be attached hereto and made a part hereof and shall control in the event of discrepancies between it and Exhibit "A." Owner grants BMI the right to take measurements, make calculations, and to note other structures, setbacks, uses, or other information as deemed by BMI to be relevant and pertinent, as such information relates to Owner's real property, leased or otherwise abutting or surrounding the Property. Cost for such survey work shall be borne by BMI. To the extent owner owns adjacent lands, Owner grants BMI the right to use adjoining and adjacent land as is required during construction, installation, maintenance, and operation of the Communication Facility.

2. Term. The term of this Agreement (the "Initial Term") shall commence on the date BMI signs this Agreement, or if BMI signs first, the date Owner signs this Agreement. The Initial Term shall be the period of time from that date to the 5th anniversary of the Rent Start Date. This Agreement will be automatically renewed for four (4) additional terms (each a "Renewal Term") of five (5) years each commencing on each five (5) year anniversary of the Rent Start Date, unless BMI provides Owner notice of intention not to renew not less than ninety (90) days prior to the expiration of the Initial Term or any Renewal Term. After the first Renewal Term should BMI fail to reasonably cooperate with the City under the terms of this Agreement, the City is not obligated to automatically renew said Agreement. The City must give BMI written notice within ninety (90) days prior to expiration if this Agreement of its intent not to renew.

3. Rent.

4. Title and Quiet Possession. Owner represents and agrees (a) that it is the Owner of the Site; (b) that it has the right to enter into this Agreement; (c) that the person signing this Agreement has the authority to sign; (d) that BMI is entitled access to the Site at all times and to the quiet possession of the Site throughout the Initial Term and each Renewal Term so long as BMI is not in default beyond the expiration of any cure period. BMI's access to the Site "at all times" means: That BMI's access shall be seven (7) days a week, twenty-four (24) hours a day, three hundred sixty-five (365) days a year. BMI shall have full, total and complete access rights to the Site at any time, with or without notice, and Owner agrees to provide BMI, contemporaneous with the signing of this Agreement, such access information, cards or keys as may be necessary to grant access. Owner agrees that in most cases simply giving the phone number of a maintenance person is insufficient for BMI's purposes and a key, access card or other self-executing method for entry or access is required. Owner agrees and understands that access is a material inducement to BMI making, executing and delivering this Agreement and specifically agrees that should Owner fail, refuse or neglect to grant BMI access pursuant to the terms of this Agreement, it shall be deemed a material default of the PCS Site Agreement, and (e) that Owner shall not have unsupervised access to the PCS equipment.

5. Assignment/Subletting. BMI will not assign or transfer this Agreement without the prior written consent of Owner, which consent will not be unreasonably withheld, delayed or conditioned; provided, however, BMI may assign without Owner's prior written consent to any party controlling, controlled by or under common control with BMI or to any party which acquires substantially all of the assets of BMI. BMI may sublet the Site but shall remain fully liable to Owner under this Agreement.

6. Notices. All notices must be in writing and are effective when deposited in the U.S. Mail, certified and postage prepaid, or when sent via overnight delivery, to the address set forth below, or as otherwise provided by law.

7. Improvements. BMI may, at its expense, make such improvements on the Site as it deems necessary from time to time for the operation of a transmitter site for wireless voice and data communications. Owner agrees to cooperate with BMI with respect to obtaining any required zoning approvals for the Site and such improvements.

Upon termination or expiration of this Agreement, BMI may remove its equipment and improvements (excluding landscaping or plant life) and will restore the Site to the condition existing on the commencement of this Agreement, except for ordinary wear and tear. Upon request, Owner will waive or otherwise subordinate any lien rights it might have in order to facilitate BMI's financing of the said improvements and will execute such documents as may be reasonably necessary.

8. Compliance with Laws. Owner represents that Owner's property (including the Site), and all improvements located thereon, are in substantial compliance with building, life/safety, disability and other laws, codes and regulations of applicable governmental authorities. BMI will substantially comply with all applicable laws relating to its possession and use of the Site, including, without limitation, posting requirements of the Federal Communications Commission.

9. Interference. BMI will remove technical interference problems with other equipment located at the Site as of the commencement date of this Agreement or any equipment that becomes attached to the Site at any future date when BMI desires to add additional equipment to the Site. Likewise, Owner will not permit the installation of any future equipment, upgrades or enhancements by others which results in technical interference problems with BMI's then existing equipment. Upon written notice to BMI, BMI shall be given a reasonable time to cure said interference.

As a condition of approval, any proposed tower or antennae shall not cause interference with the use of radio, television or telephone broadcasting and reception.

Interference as a result of any approved tower or antennae shall be considered a violation of the special exception approving the tower and may result in the revocation of the special exception. Such interference may further be considered a public nuisance and the City may order abatement of the same including, but not limited to, requiring removal of the tower.

10. Utilities. Owner represents that utilities adequate for BMI's use of the Site are available. BMI will pay for all utilities used by it at the Site. Owner will cooperate with BMI's efforts to obtain utilities from any location provided by Owner or the servicing utility.

11. Termination. BMI may terminate this Agreement at any time with written notice to Owner without further liability if BMI does not obtain all permits or other approvals (collectively "approval") required from any governmental authority or any easements required from any third party to operate the PCS system, or if any such approval is canceled, expires or is withdrawn or terminated, or if Owner fails to have proper ownership, or appropriately clear title to the Site or authority to enter into this Agreement, or if BMI determines that it will be unable to use the Site for its intended purpose. Upon termination, all prepaid rent shall be retained by Owner.

12. Default. If either party is in default under this Agreement for a period of (a) ten (10) days following receipt of written notice from the non-defaulting party with respect to a default which may be cured solely by the payment of money, or (b) thirty (30) days following receipt of written notice from the non-defaulting party with respect to a default which may not be cured solely by the payment of money, then, in either event, the non-defaulting party may pursue any remedies available to it against the defaulting party under applicable law, including, but not limited to, the right to terminate this Agreement. If the non-monetary default may not reasonably be cured within a thirty (30) day period, this Agreement may not be terminated if the defaulting party commences action to cure the default within such thirty (30) day period and proceeds with due diligence to fully cure the default.

13. Hazardous Substances. Owner represents that it has no knowledge of any substance, chemical or waste (collectively "substance") on the Site that is identified as hazardous, toxic or dangerous in any applicable federal, state or local law or regulation. BMI shall not introduce or use any such substance on the Site in violation of any applicable law.

14. Insurance.

BMI will provide a certificate of insurance upon execution of this lease Agreement naming the City of Port St. Lucie as an additional insured. The certificate of insurance shall unequivocally provide thirty (30) days written notice to the City prior to any adverse change, cancellation or non-renewal of coverage thereunder. BMI will maintain in effect a policy or policies of insurance covering personal property located

on the leased property and BMI's improvements to the leased property paid for and installed by BMI providing protection against any peril included under insurance industry practice within the classification "fire and extended coverage."

15. Taxes. BMI shall be responsible for making any necessary returns for and paying any and all property taxes separately levied or assessed against its improvements on the Property. BMI shall reimburse the Owner as additional rent for any increases in real estate taxes levied against the Property which are directly attributable to the improvements constructed by BMI and are not separately levied or assessed against BMI's improvements by the taxing authority.

16. Removal. BMI upon termination of this Agreement, shall, within a reasonable period of time, remove its personal property and fixtures and restore the Property to its original above grade condition, reasonable wear and tear accepted. At Owner's option when this Agreement is terminated and upon Owner's advanced written notice to BMI, BMI will leave the foundation and security fence to become property of the Owner. If BMI remains on the Property after termination of this Agreement, BMI shall pay rent at the then existing monthly rate or on the existing monthly pro rata basis if based upon a longer payment term, until such time as the removal of property and fixtures are completed.

(a) Obsolete and unused towers. Any obsolete or unused tower shall be removed after twelve (12) months of non-use. A removal bond or irrevocable letter of credit equal to the following shall be required prior to obtaining final site development permits.

1. Towers up to 150 feet in height = \$15,000
2. Towers 151 to 200 feet in height = \$20,000
3. Towers 201 to 300 feet in height = \$25,000

Tower height shall be measured from the base of the structure.

17. Owner and BMI agree that this Lease Agreement will be forwarded for recording or filing in the appropriate office of St. Lucie County and Owner and BMI agree to take such actions as may be necessary to permit such recording or filing.

BMI, at BMI's option and expense, may obtain title insurance on the space leased herein. Owner, shall cooperate with BMI's efforts to obtain such title insurance policy by executing documents, or at BMI's expense, obtaining requested documentation as required by the title insurance company. If title is found to be defective, Owner shall use diligent effort to cure defects in title. At BMI's option, should the Owner fail to provide requested documentation within thirty (30) days of BMI's request, or fail to provide the Non-Disturbance instrument(s), BMI may withhold and accrue the monthly rental until such time as the requested document(s) are received, or if title is found to be defective and Owner has failed to cure the defects within a reasonable period. BMI may cancel this Agreement or cure the title defect at Owner's expense utilizing the withheld payments.

18. In connection with any litigation arising out of this Agreement, the prevailing party, whether Owner or BMI, shall be entitled to recover all reasonable costs incurred including reasonable attorneys' fees for services rendered in connection with any enforcement of breach of contract, including appellate proceedings and post judgment proceedings.

19. BMI shall design the tower and facility to allow for at least one other telecommunications provider. The availability of the tower shall be subject to the structural limitations as may be imposed by current or future regulations.

In the event interference is encountered, the proposed additional provider will exercise its best efforts to promptly and diligently resolve such problems immediately after notice by BMI. In the event that such efforts are unsuccessful, the proposed additional provider shall notify BMI in writing. BMI may at its option (1) attempt to resolve said interference problems at a cost approved and reimbursed by proposed additional provider, or (2) immediately have proposed additional provider cease and desist use of the tower and within thirty (30) days remove its antennae from BMI's tower. Interference shall be deemed to be any interference which violates the terms and conditions of transmitter licenses, and/or rules regulations of the Federal Communications Commission and/or interference of BMI's use, transmittal, or communications. Owner shall have the right to approve additional providers on the facility, said approval shall not be unreasonably withheld.

BMI shall allow the City of Port St. Lucie and/or St. Lucie County to co-locate its 800 MHZ System on this tower at no additional costs to the City and/or County. The City and/or County shall provide for the installation of the 800 MHZ system at its own cost. The City and/or County shall not cause interference with BMI's existing use of said tower.

20. Sale of Property. Should the Owner, at any time during the term of this Agreement, decide to sell all or any part of his real property which includes the parcel of property leased by BMI herein and/or the right-of-way thereto to a purchaser other than BMI, such sale shall be under and subject to this Agreement and BMI rights hereunder.

21. Casualty. If BMI's Communications Facility or improvements are damaged or destroyed by fire or other casualty, BMI shall not be required to repair or replace the Communications Facility or any of BMI's improvements made by BMI. BMI shall not be required to expend for repairs more than 50 percent (50%) of the replacement value of the Communications Facility or any improvements. Additionally, if completion of the repairs is not possible within one hundred twenty (120) days following the date of the damage or destruction, BMI may terminate this Agreement by giving written notice to Owner. Termination shall be effective immediately after such notice is given. Upon such termination, this Agreement shall become null and void and Owner and BMI shall have no other further obligations to each other, other than BMI's obligation to remove its property as hereinafter provided.

22. Inspections. Owner shall permit BMI or BMI's employees, agents and contractors free ingress and egress to the property by BMI or its employees, agents and contractors to conduct inspections (including Phase I and Phase II audits), radio frequency tests and such other tests, investigations and similar activities as BMI may deem necessary, at the sole cost of BMI. The scope, sequence and timing of the inspections shall be at the sole discretion of BMI; upon reasonable notification to Owner, the inspections may be commenced during normal business hours, for the duration of the Agreement. BMI and its employees, agents and contractors shall have the right to bring the necessary vehicles and equipment onto the property and the Owner's surrounding property to conduct such tests, investigations and similar activities. BMI shall indemnify and hold Owner harmless against any loss of damage for personal injury or physical damage to the Property, Owner's surrounding property or the property of third parties resulting from any such tests, investigations and similar activities. Upon written request, BMI shall furnish to Owner copies of the environmental findings. Should BMI not exercise this option, BMI at his expense, shall restore the property to its original condition for any changes caused by said testing excluding normal wear and tear.

23. Miscellaneous. (a) This Agreement applies to and binds the heirs, successors, executors, administrators and assigns of the parties to this Agreement;

(b) this Agreement is governed by the laws of the State in which the Site is located; (c) this Agreement (including the exhibits) constitutes the entire agreement between the parties and supersedes all prior written and verbal agreements, representations, promises or understandings between the parties. Any amendments to this Agreement must be in writing and executed by both parties; (d) if any provision of this Agreement is invalid or unenforceable with respect to any party, the remainder of this Agreement or the application of such provision to persons other than those as to whom it is held invalid or unenforceable, will not be affected and each provision of this Agreement will be valid and enforceable to the fullest extent permitted by law.

together with the right and privilege from time to time to reconstruct, inspect, alter, improve, enlarge, add to, change the voltage, as well as the nature or physical characteristics of, replace, remove or relocate such facilities or any part of them upon, across, over or under the above-described right-of-way with all rights and privileges necessary or convenient for the full enjoyment or the use thereof for the herein described purposes, including, but not limited to, the right to cut and keep clear all trees and undergrowth and other obstructions within said right-of-way and on lands of Grantor adjoining said right-of-way that may interfere with the proper construction, operation and maintenance of such facilities or any part of them, the right to mark the location of any underground facilities by above ground and other suitable markers and the right of ingress and egress for personnel and equipment of Grantee, its contractors, agents, successors or assigns over the adjoining lands of Grantor, for the purpose of exercising and enjoying the rights granted by this easement and any or all of the rights granted hereunder.

Grantor, however, reserves the right and privilege to use the above-described right-of-way for agricultural and such other purposes except as herein granted or as might interfere or be inconsistent with the use, occupation, maintenance or enjoyment thereof by Grantee or its successors or assigns, or as might cause a hazardous condition; provided, however, and by the execution and delivery hereof Grantor so expressly agrees that no portion of the right-of-way shall be excavated, altered, obstructed, improved, surfaced or paved (except for existing asphalt pavement) without the prior written permission of Grantee, or its successors or assigns, and no building, well, structure, obstruction or improvement (including any improvements for recreational activities) shall be located, constructed, maintained or operated over, under, upon or across said right-of-way by Grantor, or the heirs, personal representatives, successors or assigns of Grantor.

If any of the real estate, vegetation, landscaping, sod, or any other improvement located on said right-of-way is disturbed or damaged by Grantee while performing any of its activities under this easement, then Grantee shall restore such damaged portion of the right-of-way to a condition, substantially similar to the condition, existing prior to the disturbance or damage; provided that such damage is not caused by the negligence or misconduct of Grantor.

Grantee shall indemnify and hold harmless Grantor, its officers, employees, agents and instrumentalities from any and all liability, losses, or damages, including attorney's fees and cost of defense, which Grantor or its officers, employees, agents, or instrumentalities may incur as a result of claims, demands, suits, causes of action or proceedings of any kind or nature arising out of, relating to, or resulting from the actions, negligence or the failure to exercise care by Grantee, its officers, employees, agents, servants, contractors, or consultants in the construction, operation, maintenance, reconstruction or use of Grantee's facilities and systems of communications located upon, over, under and around the easement area, unless such liability, loss, or damage is caused by Grantor's negligence or failure to exercise care. In no event shall Grantee be liable for any indirect, special, incidental, punitive or consequential damages.

By the execution hereof, Grantor covenants that it has the right to convey this easement and that Grantee and its successors and assigns shall have quiet and peaceful possession, use and enjoyment of this easement and the rights granted hereby.

NOTE: Grantor has agreed to grant Grantee a perpetual non-exclusive access easement over the above-described right-of-way via that certain Non-Exclusive Access Easement dated of even date herewith, and to be recorded immediately after this easement in the Official Records of St. Lucie County, Florida, in order to grant Grantee access to the right-of-way granted to Grantee hereunder.
