Project Description

The GHO Homes at Southern Grove MPUD is located within the Southern Grove DRI in the area west of SW Village Parkway, and South of Becker Road. The MPUD was originally approved on September 9, 2019, by Ordinance 19-56. An administrative amendment was approved on January 19, 2022. This application is to change a 0.23- acre lot from an emergency exit to a single family lot, thus increasing the permitted number of lots from 300 to 301.

The proposed MPUD is attached as Exhibit "A" of the staff report. The proposed changes are included in the MPUD document and are shown as ~~strike through~~ and underlined.

An application to update the MPUD and concept plan to change the labeled emergency ingress/egress location to a buildable single family lot. This will bring the total number of permitted lots of the MPUD from 300 to 301.

The Belterra Phase 1 Plat 2 was originally platted with a temporary emergency access because the project only provided a single entrance. As the Belterra Phase 2 Plat has been approved with a full secondary entrance the emergency access is no longer required by code.

Other updates consist of property owner information being brought current.

The proposed updates are listed below:

1. Revised owner's information – Pages 1&4
2. Updated owner's information – Pages 6&7
3. List of exhibits on Page 3 & update introduction on Page 5

IMPACTS AND FINDINGS

COMPREHENSIVE PLAN REVIEW

Land Use Consistency: The subject property is located within the Southern Grove Development of Regional Impact (DRI) and is within an area designated as a Mixed-Use sub-district on Map H of the Southern Grove DRI and Figure 1-4 of the Future Land Use Element. Map H is the master development plan for the Southern Grove DRI and Figure 1-4 is the conceptual land use plan for the Southern Grove NCD District.

Per Policy 1.2.2.7 of the Future Land Use Element, Mixed Use Area shall be established that include commercial and office uses, hospital and medical uses, restaurants, theaters, hotels, institutional uses, public facilities (including utilities), light industrial, warehouse/destitution, residential and other similar services designed to meet the needs of the larger area.

At 141 acres, more or less, the GHO Homes at Southern Grove MPUD falls within the size requirements for a Mixed-Use sub-district. Policy 1.2.2.7 establishes a minimum size of 30 acres and a maximum size of 500 acres. Residential density is set at a minimum of five (5) dwelling units per acre and a maximum of Twenty-eight (28) dwelling units per acre. The proposed MPUD amendment is within the parameters set by this policy.
