Concurrency Review

Sanitary Sewer and Potable Water Facilities	The City of Port St. Lucie Utility Systems Department will provide water and sewer service. A developer's agreement with the City Utilities Department, that is consistent with the adopted level of service, is required prior to issuance of building permits.
Traffic Circulation	Traffic impacts will be reviewed in conjunction with any future land development applications for this property to ensure compliance with the adopted level of service and requirements of Chapter 156 of City Code, and Public Works Policy 19-01pwd.
Parks and Recreation Facilities	The LTC Ranch DRI requires the dedication of a public park site to the City.
Stormwater Management Facilities	The project includes Paving and drainage plans which meet the required level of service will be submitted with all final development applications.
Solid Waste	Solid waste impacts are measured and planned based on population projections on an annual basis. There is adequate capacity available.
Public School Concurrency Analysis	Per Policy PSFE 2.4.2 of the City's Comprehensive Plan, this phase will be age restricted and is exempt.

Recommendation

The Site Plan Review Committee recommended approval of the final plat and construction plans on April 12, 2023.
