The request is to rezone 30.89 acres from St. Lucie County Agriculture (1 dwelling unit per 5 acres) to City of Port St. Lucie MPUD (Master Planned Unit Development).

(Clerk's Note: This item was heard after item 5.)

Chair Beutel inquired if there was any ex-parte communication, to which Ms. Briney, Chair Beutel, and Vice Chair Wooten responded in the negative, and Mr. Piechocki, Secretary Taylor-Moore, and Mr. Previte responded in the affirmative.

(Clerk's Note: A PowerPoint presentation was shown at this time.)
Bridget Kean, Planner, stated that she was sworn in and that the file was submitted to the City Clerk's Office 5 days prior to the meeting and requested that it be entered into the record along with emails that were previously sent to the Clerk's Office. She noted that she submitted an updated page 21 to correct an error on the MPUD and asked for any motions to contain this correction. She then presented the item to the Board and stated that the request was to rezone approximately 30.89 acres of a property from St. Lucie County Agricultural 5 (one dwelling unit per five acres) to the zoning designation of City of Port St. Lucie Master Planned Unit Development (MPUD), and that proposed MPUD will provide a residential development, retail/commercial/office space, and a warehouse/self-storage, and would accommodate Tradition Trail.

Mr. Piechocki asked for clarification that the sole issue before the Board was only about the rezoning of the 30.89 acres, to which Ms. Kean responded in the affirmative. Mr. Piechocki asked Ms. Kean to clarify the process for those in attendance, to which Ms. Kean obliged and informed of the process of approval and hearing dates.

(Clerk's Note: A PowerPoint presentation was shown, and a handout was provided at this time.) Steve Garrett, Lucido & Associates, presented to the Board on the application and informed that the Trail had no direct correlation to what was being shown before the Board.

Residents Frank Porter, Andrea Zigelski, Frank Marx, Dan Marra, Jay Webber, Joe Mastro, June (Clerk's Note: Last name was not audible.), and Charles Johnson all spoke in opposition to this project. Mr. Johnson also asked for another public meeting to hold a discussion. Mr. Garrett responded to a few of the residents' concerns and questions and informed that Mattamy Homes did not have an obligation to solve this problem, but that they were willing to continue coming up with options for the residents and continue these conversations. Mr. Piechocki asked what was required to get to this point in terms of communication with the public, to which Ms. Lamar-Sarno replied that all rezoning had a

requirement of signage and notification within 750 ft. Mr. Piechocki asked Mr. Garrett what type of notice and interactions would be done with the community, to which Mr. Garrett replied that the formal process of Site Plan and Development was done through the City and that for Southern Grove the process was the Site Plan Review Committee, and then once comments were addressed, they were scheduled for City Council. He also stated that they would reach out and hold public meetings with the residents, and that they would plan a meeting before this went before the City Council. Ms. Kean advised of the corrections on page 21 of the MPUD, stating that they have to follow the City's requirements for a wall, and she also clarified that the area could not be residential only because it was intended to be mixed-use, unless they changed the development to all residential.

There being no further discussion, Mr. Piechocki moved to recommend approval of P22-095 Southern Grove 10 - MPUD Rezoning and MPUD Concept Plan with the addition of the page 21 revisions to the City Council. Ms. Briney seconded the motion which passed by roll call vote with Ms. Briney, Mr. Piechocki, Chair Beutel, Vice Chair Wooten, and Secretary Taylor-Moore in approval, and Mr. Previte abstaining.

9. New Business

Mr. Piechocki gave an overview of the April Site Plan meetings.

Mr. Piechocki asked for an update on the Cotleur/Allied Chemical Tire Recycling debate, to which Ms. Lamar-Sarno replied that the last time she spoke with Mr. Sorrow, he informed that he would set a meeting soon.

Mr. Piechocki asked for an update on the candidate selection process, to which Ms. Lamar-Sarno replied that the City Council held the first Public Hearing and that the

second Public Hearing was set for May 9, 2022. She stated that if it was approved, she would create a memo to the Mayor for her recommendations, which would then be placed on a future Agenda for Council discussion. Chair Beutel expressed that she was disappointed in this process and stated that Councilwoman Morgan advised that she would set up a meeting with her before the City Council meeting, but it had not occurred. Chair Beutel asked if there had ever been someone recommended by the Planning & Zoning Board that had not been appointed by City Council, to which Ms. Lamar-Sarno replied that she could not speak to that. Chair Beutel amended the question to reflect it being within Ms. Lamar-Sarno's history, to which Ms. Lamar-Sarno replied that she did not recall. Chair Beutel then asked the same question to Attorney Hertz, who replied that she did not know. Chair Beutel stated in her history with the Board, that there had not been one recommended member that was not appointed.

Chair Beutel stated that during a City Council meeting, the Councilmembers stated that they wanted to align all of the boards and asked how the Contractor's Examining Board found their process to make their selections, to which Mr. Previte replied that there was an interview process, then a selection process, then the Board recommended the appointees to the City Council. Chair Beutel asked why there were still many differences amongst all of the City's boards if Council was planning to align them all and asked why the Planning & Zoning Board was singled out. Mr. Piechocki then spoke on his feelings for the situation and the election process, stating that he thought there needed to be an update on the way that the Planning & Zoning Board was comprised and selected, and that they should work with the Council and Ms. Lamar-Sarno.
