EDWIN SANTANA

SANTANA POWER LLC

Citation # 31985 - Remaining Balance Owed \$1,000.00

(Clerk's Note: At this time, the Board and Staff were unaware that the Respondent was present.)

Chair Larsen stated that the violation was listed as electrical, but the pictures showed plumbing, to which Isa Alvarez, Contractor Licensing Coordinator, replied that the homeowner had multiple issues with the property, so there were 2 emails sent to the Board regarding cases for electrical and plumbing.

(Clerk's Note: Licensing Investigator Daron Subryan was sworn in at this time.) Investigator Subryan clarified that multiple cases had to be open because there was an issue with Elite Air and with electrical for Edwin Santana, but he was not permitted. He informed that they took pictures of everything during the investigation, and that Elite Air had pulled a permit after the fact for the work they did, not the work that Mr. Santana did. Mr. Williams inquired as to who Mr. Santana had presented as his COC, to which Investigator Subryan replied that it was Mr. Santana's brother-in-law, and he did so without his knowledge.

There being no further discussion, Ms. Silvestri moved to approve item 7.a. Mr. Illg seconded the motion, which passed unanimously by voice vote.

(Clerk's Note: During item 12.b, Attorney Shiller advised the Board that the Respondent was present for items 7.a and 7.b and recommended making a motion to reconsider these items for discussion or to table.)

Mr. Illg moved to remove the previous decision made for 7.a and 7.b on the Consent Agenda. Mr. Nobili seconded the motion, which passed unanimously by voice vote.

Ms. Alvarez informed that Mr. Santana did not fill out the paperwork utilized to inform City staff that he would be attending the meeting, and he did not correspond with them. The Board and Staff discussed the options to proceed, and Staff recommended tabling the item to the next meeting.

There being no further discussion, Vice Chair Silvestri moved to table items 7.a and 7.b to the next Construction Board of Appeals meeting. Mr. Williams seconded the motion, which passed unanimously by voice vote.

12. Disciplinary Hearings

12.a Disciplinary Hearing**2025-638**

Dennis Respol
Hammerhead Marine Construction LLC
Citation # 31938

(Clerk's Note: Items 12.a and 12.b were discussed simultaneously.)

(Clerk's Note: The Respondent was not present.)

Ms. Alvarez stated that they were unable to contact Dennis Respol and Attorney Shiller explained the procedures for noticing the Respondents.

Licensing Investigator Jennifer Vannatter read the case presentation and clarified that a permit was applied for, but inspections had not been done, and that the permit had expired. She also explained that she checked all the permits and 4 of them had a change of contractor and only 1 of the expired permits had been completed. Ms. Alvarez advised that as of July 1st, the City no longer recognizes Certificate of Competencies and only state-certified licenses were recognized, so his license was inactive due to this reason, but he had an option to apply for the state license. Permitting Manager Beth Barensen informed that if the Board decided to suspend his license, they would have to follow through with it once it got to the state level, and there would be a hold.

The Board and Staff discussed the options and levels of enforcement to prevent the contractor from doing work and pulling permits.

Mr. Williams moved to close the discussion. Vice Chair Silvestri seconded the motion, which passed unanimously by voice vote.

Mr. Williams moved to submit the Findings of Fact: On May 2, 2025, Citation #31938 was issued by City of Port St. Lucie Licensing Investigator Jennifer Vannatter. A copy of the citation was properly served. The allegations of fact as set forth in the citation with any attachments thereto are true and adopted and incorporated herein by this reference. Mr. Illg seconded the motion, which passed unanimously by voice vote.

Mr. Williams moved that based on the findings of fact and conclusion of law that the respondent did violate Port St. Lucie's City Code and moved to order the following action: A letter of reprimand placed in the contractor's file and a suspension of permitting privileges for 365 days or when the citation comes into compliance.

Chair Larsen stated that before they completed the motion, he had a contractor's summary and there were numerous violations they could look

through. Attorney Shiller clarified that the motion needed to be ruled on before continuing or withdrawn.

Mr. Williams withdrew his motion, and the Board reviewed the summary. (Clerk's Note: Copies of the summary were handed out at this time.) The Board and Staff then discussed the language to be used for the motion.

Mr. Williams moved that based on the findings of fact and conclusion of law that the respondent did violate Port St. Lucie's City Code and moved to order the following action: A letter of reprimand placed in the contactor's file, a suspension of permitting privileges until the citations are brought into compliance, and payment of administrative fee of \$205. Mr. Mahoud seconded the motion, which passed unanimously by voice vote.
