Supplemental Terms and Conditions

Applicable Meters

“**Add-on**” means any separately priced Software component not included in an App.

“**App**” means one of the following core Cisco Cloudlock services licensed in bundles based on the quantity of applications: Cloudlock for Google, Cloudlock for Salesforce, Cloudlock for Dropbox, Cloudlock for Box, Cloudlock for Microsoft Office365, Cloudlock for ServiceNow, Cloudlock App Connector for Slack, and Cloudlock for Webex Teams. Note, this list may be revised from time to time.

“**Cloudlock User**” means the number of unique accounts (active, suspended, or otherwise) on the applicable Covered Cloud Services being monitored and scanned by Cisco Cloudlock. For example, a subscription for 1,000 Cloudlock Users means that You are authorized to use Cisco Cloudlock to scan and monitor up to 1,000 unique accounts on each of the applicable Covered Cloud Services.

“**Covered Cloud Service**” means the applicable Cloud Service environments for which You are using Cisco Cloudlock (e.g. Your Salesforce, Box, or Dropbox environment).

“**Daily Submission**” means a daily sample file submission for threat analysis.

“**Effective Megaflow**” means one million lines of flow log data generated by the environment monitored by Stealthwatch Cloud and processed by Cisco, measured on a monthly basis.

“**Endpoint**” means any device supported by the applicable Software or Cloud Service that is capable of processing data and accessing a network, including but not limited to: (a) personal computers; (b) virtual desktop instances (VDIs); (c) mobile devices; and (d) network computer workstations.

“**Endpoint Session**” means each unique network connection of an Endpoint, including but not limited to ethernet, wireless, and VPN connections.

“**Flows**” means network traffic flows per second.

“**Instance**” means an instantiation of a physical or virtual machine, as applicable.

“**Node**” means a Cisco Identity Services Engine (ISE) physical or virtual appliance assuming the Policy Service persona.

“**Tetration Workload**” means any of the following that is subject to Cisco Tetration Workload Protection capability: server, virtual machine, container host, baremetal instance, or other server equivalent.

“**User**” means an authorized user of the applicable Software or Cloud Service.

True Forward Value Shift

For those Suites in the Cisco Security Choice Enrollment that include value shift (as reflected in the above tables), Your True Forward payment obligation will be calculated using the value shift method. Under the value shift method, if You incur a True Forward payment obligation for a given Suite and You also have Residual Value in the same Suite, Your True Forward payment obligation will be offset by the Residual Value. Any Residual Value applied will be reflected in the True Forward invoice from the Approved Source. “**Residual Value**” means the portion of the fees You paid that are attributable to an Under-Consumed Product, as determined by Cisco. “**Under-Consumed Product**” means Software or Cloud Service for which You have Consumed less than Your Entitlement.

Growth Allowance

For those Suites in the Cisco Security Choice Enrollment that include a Growth Allowance (as reflected in the above tables), the Growth Allowance is 20%. During the Suite Term, You may Consume up to 120% of the Initial Entitlement without incurring any additional fees. The True Forward is calculated once You exceed the Growth Allowance. For clarity, if You exceed the Initial Entitlement but do not exceed the Growth Allowance, You will not incur any True Forward fees.

Support Services

Except for Cloudlock, Duo, and Umbrella (discussed below), basic Support Services include access to: (1) Support and troubleshooting by telephone or web case submission 24 hours per day, 7 days per week; and (2) Technical and general information on Cisco.com. Cisco will respond to requests: (i) within one hour for Severity 1 and 2 cases; (ii) on the next business day for Severity 3 and 4 cases; and (iii) in accordance with the Cisco Severity and Escalation Guideline (available on Cisco.com). For Software, basic Support Services also include: (3) Work-around solutions or patches to reported Software problems; and (4) Major, minor, and maintenance releases. You will be required to update to the latest Software or Cloud Service release to correct a reported problem and facilitate Cisco's ability to provide Support Services using commercially reasonable efforts. Basic Support Services for Cloudlock and Umbrella are set forth in the applicable OD (as reflected in the above tables). Basic Support Services for Duo are set forth at <https://duo.com/support> and do not include Duo Care, which is available for purchase.

Cisco Enterprise Agreement Program Terms and Conditions for End Users

These terms and conditions together with the applicable Enrollment Descriptions and EUIF (collectively, “**EA Program Terms**”) govern any Suites that You order under the Cisco Enterprise Agreement Program (“**Purchased Suites**”). The EA Program Terms do not modify the terms of any Cisco products or services You purchase outside of the Cisco Enterprise Agreement Program.

By signing these terms and conditions You agree to the EA Program Terms and the Licensing Documents. If You do not agree to the EA Program Terms or Licensing Documents, You may not Consume the Software or Cloud Services. Notwithstanding the foregoing, You are not obligated to make a purchase by entering into the EA Program Terms, and neither the EA Program Terms nor the Licensing Documents will apply until You place an order as further described in section 1, below.

1. **Orders.** To purchase Suites under the EA Program Terms, You must first submit the applicable EUIF and Enrollment Description signed by Your authorized representative to the Approved Source. The EUIF must list: (a) Your Participating Affiliates; (b) the Purchased Suites; (c) the Suite Term; and (d) accurate Meter counts for You and all Participating Affiliates. You will then be required to place an order for the Purchased Suites according to the process set forth in Your purchasing agreement with the Approved Source.
2. **Access To Purchased Suites.** Subject to Your payment of the applicable fees to the Approved Source, Cisco will grant You and all Participating Affiliates the right to Consume the Purchased Suites during the Suite Term via the EA Workspace or as otherwise set forth in the applicable Enrollment Description. You must pay for all Software and Cloud Services Consumed. You are responsible for keeping all login credentials to the EA Workspace secure and for the actions of any individual You or a Participating Affiliate authorize to access the EA Workspace, including payment for any Software or Cloud Services Consumed by such individuals.
3. **Enterprise-wide Commitment.** The Approved Source relies on the information You provide in the EUIF to establish the Enterprise-wide Commitment. During the Suite Term, Your payment obligation related to the Enterprise-wide Commitment may increase as a result of any of the following: (a) You exceed the Initial Growth Cap (as described in section 5); (b) You exceed the Initial Entitlement or the previous year’s Entitlement subject to a True Forward (as described in section 6); or (c) You purchase an additional Suite (as described in section 9).
4. **Term & Termination.**
 - a. **Term.** The Term of the EA Program Terms will commence on the date of signature below and continue so long as there is an active Purchased Suite, unless earlier terminated in accordance with section 4(c)(i), below.
 - b. **Suite Term.** The Suite Term for each Purchased Suite will commence on the Suite Start Date and last for the period set forth in the EUIF, unless terminated in accordance with section 4(c)(i), below.
 - c. **Termination.**
 - i. Either party may terminate the EA Program Terms or a Purchased Suite if the other party materially breaches the EA Program Terms and does not cure the breach within 30 days of written notice of the breach.

- ii. In the event of Your uncured material breach of the EA Program Terms for non-payment of fees to the Approved Source, Cisco may, in lieu of termination of the Program Terms pursuant to section 4(c)(i), suspend Your right to Consume the Software and Cloud Services in the Purchased Suite and suspend Your access to the EA Workspace, until Your breach has been cured.
 - iii. In the event of Your termination for Cisco's uncured material breach of the EA Program Terms, Cisco will refund to the Approved Source (or You, if You purchased directly from Cisco) any fees You paid covering the period after the effective date of termination.
 - iv. Other than as provided in this section 4 and to the extent permitted by law, the EA Program Terms and any orders placed thereunder are non-cancellable and may not be terminated.
- d. **Effect of Termination; End of Suite Term.** Upon termination or at the end of the Suite Term:
- i. The following rights will terminate with respect to the Purchased Suites: (1) Your right to Consume Cloud Services and Software; (2) Your right to access the EA Workspace; (3) Your right to receive Support Services; and
 - ii. You must destroy the product activation keys (PAKs) provided in connection with the Purchased Suites.
5. **Initial Growth Cap.** If You exceed the Initial Growth Cap during the first six months of the Suite Term, the Approved Source may charge You for such Consumption above the Initial Growth Cap. If the Purchased Suite includes a Growth Allowance (described in the applicable Enrollment Description), the Growth Allowance cannot be used to offset fees for exceeding the Initial Growth Cap.
6. **True Forward.**
- a. Cisco performs a True Forward for the Purchased Suites on each anniversary of the Suite Start Date. On the first anniversary of the Suite Start Date, if You have exceeded the Initial Entitlement, the Approved Source will charge You for the Consumption above the Initial Entitlement through the remainder of the Suite Term. On each subsequent anniversary of the Suite Start Date, the Approved Source will charge You for any Consumption above the previous year's Entitlement through the remainder of the Suite Term.
 - b. Your True Forward payment obligation for each Purchased Suite will be calculated by comparing Your Consumption of Software and Cloud Services to Your Entitlement for the previous year. Any payment owed to the Approved Source will be determined as follows and reflected in the price quote from the Approved source: the unit price less any applicable discount or incentive multiplied by the quantity by which You exceeded Your then-current Entitlement. The price used to calculate any True Forward fees will be established when You place the order for each Purchased Suite.
 - c. For some Suites, a portion of Your True Forward payment obligation may be offset by the residual value remaining in Software or Cloud Services in the same Suite. This process is called value shift, and the applicable Enrollment Description indicates whether and to the extent value shift applies to a given Suite.

- d. There is no fee for exceeding the Entitlement in the final year of the Suite Term.
7. **Updates to Purchased Suites.** Cisco may enhance or refine the Purchased Suites at no additional cost to You. Such updates will not materially reduce the core functionality of the Purchased Suites.
 8. **End of Life.** Notwithstanding anything in the EA Program Terms to the contrary, Cisco reserves the right to discontinue a Suite with at least three years' prior notice. If a Purchased Suite is discontinued, Cisco will either: (a) provide You a substantially similar replacement Suite for the remainder of the Suite Term; or (b) issue a credit to the Approved Source (or You, if You purchased directly from Cisco) for any fees You paid for the Purchased Suite covering the period after the last date such Purchased Suite is available for You to Consume. Such credit can be applied towards the future purchase of Cisco products and services.
 9. **Purchasing Additional Suites.** You may purchase additional Suites by submitting a new EUIF and order to the Approved Source. Additional Suites may co-terminate with a pre-existing Purchased Suite provided there are at least 12 months remaining in the Suite Term of such pre-existing Purchased Suite. Otherwise, additional Purchased Suites will be given a new Suite Term and will be subject to the then-current EA Program Terms in accordance with section 10, below.
 10. **Modifications.** As our business evolves, Cisco may modify the EA Program Terms. Updated EA Program Terms do not apply to pre-existing Purchased Suites or to future orders that co-terminate to a pre-existing Purchased Suite, which will be governed by the version of the EA Program Terms already in effect for the pre-existing Purchased Suite.
 11. **Participating Affiliates.** You are responsible for Your Participating Affiliates' compliance with the EA Program Terms.
 12. **Support Services.** Basic Support Services are included in the price of the Purchased Suite and described in the applicable Enrollment Description and Licensing Documents. Higher levels of Support Services may be available for You to purchase and, if You elect to do so, will be described in documentation provided to You at the time of purchase.
 13. **Importation Fee for Embedded Software.** For Purchased Suites that include Embedded Software, the value of Embedded Software will be deducted from the purchase price of the related Cisco hardware. If You are required to pay an Importation Fee, Your jurisdiction may use the value of both the hardware and Embedded Software to calculate the Importation Fee. Accordingly, the Importation Fee on the value of the combined products may be higher than if calculated solely using the price of the hardware.
 14. **Delivery of Embedded Software.** Embedded Software is delivered pre-installed on Cisco hardware to the address provided on the purchase order for the Cisco hardware. Your use of the smart licensing account Cisco designates for the Embedded Software will ensure accurate pricing of the Embedded Software.
 15. **No Assignment & Transfer.** Neither the EA Program Terms, nor any right or obligation herein may be assigned or transferred by a party (including under Cisco's Software Transfer and Relicensing Policy) without the other party's prior written consent, which may not be unreasonably conditioned, withheld, or delayed. Any attempted assignment without the other party's consent shall be void and of no effect. Notwithstanding the foregoing, Cisco may assign the EA Program Terms and any right or obligation herein to a Cisco Affiliate without Your consent.

16. **Verification.** Upon reasonable request from Cisco, You will assist Cisco in verifying the quantity of Software and Cloud Services that You have Consumed. If the verification discloses Consumption above Your then-current Entitlement, the Approved Source will charge You for the excess Consumption in accordance with the EA Program Terms.
17. **Combined Discounts.** The pricing, discounts, and other incentives offered in connection with a Purchased Suite may not be combined with any other price reductions, discounts, promotional pricing, rebates, credits, trade-in, or other pricing programs or incentives offered by Cisco unless expressly agreed by Cisco in writing.
18. **Entire Agreement.** The EA Program Terms constitute the entire agreement between the parties concerning the Cisco Enterprise Agreement Program and supersede all prior oral or written communications between the parties concerning the program.
19. **Order of Precedence.** The documents comprising the EA Program Terms are complimentary, and to the extent possible, construed and interpreted consistently. In the event of an inconsistency, conflict, or ambiguity between the EA Program Terms, the order of precedence for any Purchased Suite is first the EUIF, then the Enrollment Description, and then these terms and conditions. The EA Program Terms take precedent over the applicable Licensing Documents.
20. **Definitions.**
 - a. **"Affiliate"** means, with respect to a party, any entity that directly or indirectly Controls, or is Controlled by, or is under common Control with such party. **"Control"** means to: (a) own more than 50% of the relevant party; or (b) be able to direct the affairs of the relevant party through any lawful means (e.g., a contract that allows control).
 - b. **"Approved Source"** means Cisco or a Cisco authorized reseller, distributor, or systems integrator.
 - c. **"Cisco"** means Cisco Systems, Inc. or its applicable Affiliate delivering the EA Program Terms.
