- II. The Contractor fails to make substantial and timely progress toward performance of the Contract;

- IV. The Contractor becomes subject to any bankruptcy or insolvency proceeding under federal or state law to the extent allowed by applicable federal or state law including bankruptcy laws; the Contractor terminates or suspends its business; or the City reasonably believes that the Contractor has become insolvent or unable to pay its obligations as they accrue consistent with applicable federal or state law;

The parties agree that this amount represents a good faith estimate on the part of the parties as to the actual potential damages that would occur because of late completion. Contractor hereby expressly waives and relinquishes any right which it may have to seek to characterize the above noted liquidated damages as a penalty, which the parties agree represents a fair and reasonable estimate of City's actual damages at the time of contracting. The Contractor and his sureties shall be jointly and severally liable to the City for the total amount of damages under this section. This shall be the City's sole remedy as to these delays. Any other provision herein that provides for multiple, alternative, discretionary, or cumulative relief, shall not apply to this paragraph.

However, the Contractor must promptly notify the City in writing within two (2) days of official notice of scheduled delivery or scheduled work of the cause of delay. If, on the basis of the facts and the terms of this Contract, the delay is properly excusable, the City shall extend the time for completing the work for a period of time commensurate with the period of excusable delay.

GRANT REQUIREMENTS

The City anticipates that it will pay for this project, in whole or in part, using grant funding. The City was awarded Agreement No. 22SRP12 from the Florida Department of Environmental Protection; entered into a Cost-Share Agreement with the IRL Council under Contract #IRL2024-02; and was awarded Agreement Number NS111 by the Florida Department of Environmental Protection (collectively, "Grants"). The Grants and all incorporated terms are hereby incorporated into this Contract by reference. Additionally, Contractor shall comply with the following:

(1) ACTIONS BY FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION

The Florida Department of Environmental Protection may perform the following actions under the Grants:

1. The Department may, for cause, require the replacement of any Grantee employee, subcontractor, or agent. For cause, includes, but is not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with an applicable Department policy or other requirement.
2. The Department may, for cause, deny access to Department's secure information or any facility by any Grantee employee, subcontractor, or agent.

In the event the Florida Department of Environmental Protection exercises any of these rights, the City may, at its sole discretion, terminate this Contract. Such actions by the Florida Department of Environmental Protection shall

not relieve Contractor of its obligation to perform all work in compliance with the Contract. The City shall not be liable to Contractor or any subcontractor for any expenses or liabilities incurred under this Contract or any subcontract and Contractor shall be solely liable to any subcontractor for all expenses and liabilities incurred under any subcontract.

(2) SUBCONTRACTING

The Florida Department of Environmental Protection supports diversity in its procurement program and requests that all subcontracting opportunities afforded by this Contract embrace diversity enthusiastically. The award of subcontracts should reflect the full diversity of the citizens of the State. A list of minority-owned firms that could be offered subcontracting opportunities may be obtained by contacting the Office of Supplier Diversity at (850) 487-0915.

(3) TRAINING

All employees, subcontractors, or agents performing work under the Contract shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Contractor shall furnish a copy of technical certification or other proof of qualification. All employees, subcontractors, or agents performing work under Contract must comply with all security and administrative requirements of the Florida Department of Environmental Protection and shall comply with all controlling laws and regulations relevant to the services they are providing under the Contract.

Contractor acknowledges that City may elect to compensate Contractor under this agreement through state or federal grant funding. Contractor agrees that, upon being made aware that a project is to be funded through grant funding, Contractor shall perform all tasks related to this agreement in accordance with the applicable grant agreements, laws, rules, regulations, or guidance, which may include, but not be limited to, 2 C.F.R. part 200; the Build America, Buy America Act, the Davis-Bacon Act, and federal prevailing wage standards. In addition, the City may unilaterally amend terms of this agreement by notice to Contractor to comply with the requirements of law or any grant agreement that the City determines it may wish to utilize to compensate Contractor.

SECTION XXXX **CONTRACT ADMINISTRATION**

Amendments. The City and the Contractor agree that they will, from time to time, execute, acknowledge, and deliver, or cause to be executed, acknowledged, and delivered, such supplements hereto and such further instruments as may reasonably be required for carrying out the intention of the Contract. The Contract may be amended in writing from time to time by mutual consent of the parties. All amendments to the Contract must be in writing and fully executed by duly authorized representatives of the City and the Contractor.

Fiscal Year- All reference to Fiscal Year shall mean the City's Fiscal Year. The City's Fiscal Year is from October 1st through September 30th.

Joint Venture. Nothing in the Contract shall be construed as creating or constituting the relationship of a partnership, joint venture, or other association of any kind or agent and principal relationship, between the vested parties. Each party shall be deemed to be an independent contractor contracting for the services and acting toward the mutual benefits expected to be derived from the mutually agreed upon Contract. Neither Contractor nor any of Contractor's agents, employees, subcontractors or contractors shall become or be deemed to become agents, or employees of the

City. Contractor shall therefore be responsible for compliance with all laws, rules and regulations involving its employees and any subcontractors, including but not limited to, employment of labor, hours of labor, health and safety, working conditions, workers' compensation insurance, and payment of wages. No party has the authority to enter into any contract or create an obligation or liability on behalf of, in the name of, or binding upon another party to the Contract.

Performance by Industry Standards. The Contractor represents and expressly warrants that all aspects of the Services provided or used by it shall, at a minimum, conform to the standards in the Contractor's industry. This requirement shall be in addition to any express warranties, representations, and specifications included in the Contract, which shall take precedence

Permits, Licenses, and Certifications. The Contractor shall be responsible for obtaining all permits, licenses, certifications, etc., required by Federal, State, County, and Municipal laws, regulations, codes, and ordinances for the performance of the work required in these specifications and to conform with the requirements of said legislation. The Contractor shall be required to complete a **W-9 Taxpayer Identification Form**, provided with the City's Contract, and return it with the signed Contract and insurance documents.

Use of Name or Intellectual Property. Contractor agrees it will not use the name or any intellectual property, including but not limited to, City trademarks or logos in any manner, including commercial advertising or as a business reference, without the express prior written consent of the City.

Waiver. Except as specifically provided for in a waiver signed by duly authorized representatives of the City and the Contractor, failure by either party at any time to require performance by the other party or to claim a breach of any provision of the Contract shall not be construed as affecting any subsequent right to require performance or to claim a breach. Each waiver, if mutually agreed upon, shall be published as a Contract amendment.

SECTION XXXXI
ENTIRE CONTRACT

This Contract sets forth the entire agreement between Contractor and City with respect to the subject matter of this Contract. This Contract supersedes all prior and contemporaneous negotiations, understandings, and agreements, written or oral, between the parties. This Contract may not be modified except by the parties' mutual agreement set forth in writing and signed by the parties.
