Hi,

The next meeting is August 11. What is it you're looking to get added to the agenda?

For 2026 you would need just need to include the new event details when you submit your request for use of the logo.

Thank you

Jaz

Hello Jasmine,

I hope you had a wonderful weekend and that everything is going well! I would like to check in with you regarding the next council meeting. I have two events that Shannon and Anthony are sponsoring for me at the city; they are community events that I would like to propose for inclusion on the agenda.

Could you please let me know the meeting dates? Additionally, I would appreciate your guidance on promoting 2 new events for approval in 2026 regarding the use of the logo.

Thank you, and I look forward to your response.

Let's schedule some time: <https://calendly.com/carebaged>

Best regards,

Roxy
