# City of Port St. Lucie

## PUBLIC WORKS DEPARTMENT

Accredited Agency - American Public Works Association

### MEMORANDUM

TO: Bethany Grubbs – Planner III, Planning & Zoning

FROM: Diana Spriggs, P.E. – Regulatory Division Director, Public Works

DATE: April 7, 2023

SUBJECT: Veranda Oaks, Plat 2, Phase 2 P22-316  
Traffic Generation, Stacking & Circulation Approval

---

This application and Traffic Report prepared by MacKenzie Engineering & Planning, Inc. dated April 16, 2021 has been reviewed by the Public Works Department and the transportation elements of the project were found to be in compliance with the Veranda PUD Development Agreement, the adopted level of service and requirements of Chapter 156 of City Code, and Public Works Policy 19-01pwd.

This application includes the second phase of Veranda Oaks. This Final plat is a portion of the previously reviewed preliminary plat within Resolution 21-R55, approved on 5/10/2021. The residential unit count is consistent with the latest approved Developer Agreement (P18-115). The traffic trip calculations within the Developer Agreement establishes the Becker Road typical section for up to 1,654 PM Peak hour trips from residential and the current buildout residential PM Peak hour trips is on track to be 1,581 trips. The available trips is higher than what the developer is proposing and therefore acceptable.
