**Re: Becker Road Phase 1 Landscape and Irrigation City of PSL #P23-067, PSLUSD #5405
Landscape Certification
CH Project 20-0518**

Dear Mrs. Spriggs,

As Landscape Architects of Record, Cotleur & Hearing was requested to conduct a landscape inspection for the Becker Road Phases I Landscape and Irrigation City of PSL #P23-067, PSLUSD #5405. (Becker Road Phase I includes only the stretch of roadway starting at the intersection of North South B Road, heading west to the intersection of North South A Road). We were requested to inspect the landscape material, certify the completion of the project and overall conformity of the plans and specifications approved by the City of Port St. Lucie.

The landscape site inspection was conducted on Thursday, August 29, 2024. Our observations conclude that the landscape contractor has executed the landscape installation in substantial compliance with the plans and specifications. The quality of the plant material is superior and generally exceeds the minimum specifications of the plans.

Based on the above, we hereby certify the landscaping to be in substantial compliance of the approved plans of record. Should you have any questions or need additional information please feel free to contact me directly.

Very truly yours
Cotleur & Hearing
