In resolving conflicts, errors, discrepancies, and disputes concerning the scope of Work or other rights or obligations of the parties, precedence shall be given in the following order (1) a fully executed Addendum to this Agreement (later executed Addenda taking precedence over earlier dated Addenda), (2) provisions of this Agreement, (3) provisions of the Invitation to Bid, (4) provisions of Contractor's Bid, (5) provisions of the Purchase Order and (6) provisions contained in any governmental regulation incorporated herein by reference. There are no understandings or agreements except as herein expressly stated.

6.0 Agreement Documents:

1. Exhibit A – Compensation
2. Exhibit B – Scope of Work

7.0 Duration of Agreement and Commencement of Work: The duration of the Agreement shall be for a period of two (2) years from the date of execution of the Agreement with an option to renew for three (3) additional one (1) year renewal periods, or until the completion of projects authorized through a Work Order Assignment to County's satisfaction. The date that Contractor shall commence the provision of Services shall be the date on which a Purchase Order and/or Work Order and/or a Notice to Proceed is received by Contractor. The County reserves the right to automatically extend any agreement for a maximum period not to exceed ninety (90) calendar days in order to provide County departments with continual service and supplies while a new agreement is being solicited, evaluated, and/or awarded.

8.0 Modification of Agreement: The Agreement may only be modified or amended upon mutual written agreement of County and Contractor. No oral agreements or representations shall be valid or binding upon County or Contractor. No alteration or modification of the Agreement terms, including substitution of product, shall be valid or binding against County. Contractor may not unilaterally modify the terms of the Agreement by affixing additional terms by incorporating such terms onto Contractor's documents forwarded by Contractor to County for payment. County's acceptance of product or processing of documentation on forms furnished by Contractor to County for approval or payment shall not constitute acceptance of the proposed modification to terms and conditions.

9.0 Work Provided by Contractor: The Work to be performed by Contractor is summarized in the Scope of Work, attached to this Agreement as Exhibit "B", Technical Specifications attached to the ITB 24-088 Solicitation document and Work Order form provided to Contractor for each project. If County identifies any additional Work to be provided by Contractor that is not covered under the original Agreement, such additional Work shall be made a part of this Agreement by a written Addendum.

9.1 Work Orders: Anytime County requires Contractor's Work for a project, County will develop a "conceptual" scope of Work for the project and share such with Contractor. Contractors will be required to (a) evaluate the conceptual scope and gather additional information, if necessary, (b) visit and familiarize themselves with the project site, if applicable. All Work to be performed by Contractor under a Work Order shall be to the satisfaction of County. Furthermore, Contractor shall have the responsibility to answer questions, provide County information, and resolve issues that may arise during the County's Projects. County shall have the right to rescind its request for Contractor's Work and seek the services of another Contractor. Under no circumstances shall County be liable to Contractor for any costs incurred by Contractor for in the event a Work Order is rescinded or for unauthorized Work performed by Contractor.

9.1.1 Duration of Work Orders: Project Work and duration will be established for each Work Order. Work Orders issued under the Agreement will remain in force until completed by Contractor or cancelled by County and time is of the essence per performance of this Agreement and each of its provisions.

9.1.2 Notices of Work Orders: Work Orders are "sub-agreements" to this Agreement whereby County and Contractor mutually agree to the scope, schedule and price of a project that is assigned to Contractor. All notices between the County and Contractor concerning Work Orders shall be between County and Contractor. Notices shall be in writing and delivered by regular mail, certified mail, courier service, facsimile, and e-mail or personal delivery.

9.2 Suspension of Contractor's Work under a Work Order Assignment: County may, in its sole discretion, suspend Contractor's Work covered under any Work Order assignment, at any time, when in the best interest of County. County shall provide Contractor written notice outlining the particulars of the suspension. Upon receiving a notice of suspension, Contractor and subcontractor shall immediately comply with the notice, stopping all work in-progress and not perform any further Work covered under the Work Order assignment. Within ninety (90) days after the notice of suspension, or any longer period agreed to between County and Contractor, County shall either issue a written notice authorizing Contractor to resume the Work or terminate the Work Order assignment. If County issues notice to Contractor to resume its Work, Contractor will be allowed a mutually agreed upon extension of time that is directly attributable to the suspension. In the event of suspension, County will be responsible for compensating Contractor only for Work satisfactorily completed, or partially completed, up to the date of suspension. Suspension of Contractor's Work shall not entitle Contractor to any loss of anticipated profit under this provision.

10.0 Compensation to Contractor: Compensation to be paid to Contractor for the performance of the Work shall be at the unit prices noted in Exhibit "A", attached to this Agreement. All Work shall be paid for based on actual units of work performed to the satisfaction of County.

10.1 Price Increase: Contractor may request an increase in price for the Work each year after the initial two (2) year period. The request to increase the price must be made in writing to County supported by a detailed justification that warrants the requested increase. The request must be submitted at least ninety (90) calendar days prior to each Agreement renewal date in order for a request to be considered by County. Such an increase may be no greater than five percent (5%).

11.1 Payment Requests: Request for payment may be made upon completion, testing and acceptance of work included in a Work Order or combination of Work Orders associated with a Project/Area. For Work Order(s) in the amount of \$100,000 or more, requests for payment for the provision of the Work provided under the Work Order shall be submitted no more frequently than once per month, unless stipulated differently in the Work Order. At a minimum, the payment requests shall include the Work Order Number, Purchase Order Number, a description of the Work completed, tested, and accepted by County, and the amount of the payment request. All requests for payment shall be submitted in sufficient detail to demonstrate compliance with the terms of the Work Order and to allow for the proper pre-audit and post-audit thereof. Requests for payment that include travel expenses shall be in accordance with Section 112.061, Florida Statutes. County reserves the right to request any information from Contractor that County deems necessary to substantiate claims for remuneration. Upon receipt of Contractor's payment request, County will review such to ensure that it is in proper order, and that the Work covered under the payment request have been completed, tested and accepted by County, in accordance with this Agreement. If it is found that the payment request is not in proper order, or the Work covered under the payment request does not satisfy the Work Order, the payment request may be rejected.

11.2 Prompt Payment: County shall make payment of a payment request in accordance with Chapter 218, Part VII of the Florida Statutes "Local Government Prompt Payment Act" from the date which a payment request in proper order is recorded as received by County, for Work completed to the satisfaction of County.

11.3 Form of Request: If the payment request is not received in proper order, County may reject the payment request within twenty (20) business days after the date on which the payment request is recorded as received by County. County shall provide Contractor with a written notification of the rejection specifying the deficiency and corrective measures necessary to make the payment request proper. Upon receipt of a payment request that corrects the deficiency, County shall make payment in accordance with Chapter 218, Part VII of the Florida Statutes "Local Government Prompt Payment Act", or reject the payment request, within twenty (20) business days after the date on which the corrected and proper payment request is recorded as received by County.

11.4 Resolution of Payment Request Disputes: In the event of a dispute between Contractor and County concerning the full or partial payment of a payment request, such disagreement shall be finally determined by County. If the dispute between Contractor and County involves a portion of a payment request, the undisputed portion shall be paid by County in a timely manner, as long as the payment request for the undisputed portion is in proper order. Proceedings to resolve the dispute will be commenced within forty-five (45) business days after the date the payment request in dispute was recorded as being received by County and will be concluded by final decision of County within sixty (60) business days after the date on which the payment request was recorded as being received by County. Such procedures do not constitute an administrative proceeding that prohibits a court from deciding de novo any action arising out of the dispute.

11.5 Purchase Order: Although an Agreement will be executed by County and Contractor for the Work being purchased by County, a purchase order will also be issued to Contractor for the purpose of facilitating payment to Contractor. Except under an "emergency request", Contractor shall not provide any Work to County until Contractor has received a purchase order from County. Contractor shall be permitted to accept an order to provide Work under an emergency purchase without a purchase order; however, such request from County must be transmitted to the Contractor via facsimile or e-mail. The written transmission order must be submitted with any payment request submitted by the Contractor for such emergency requests.

11.6 Payments to Subcontractors: When Contractor receives from County any payment for Work covered under the Agreement, Contractor must pay such moneys received to each subcontractor or supplier in proportion to the percentage of the Work completed by each subcontractor or supplier within ten (10) business days after Contractor's receipt of the payment. If Contractor receives less than full payment, then Contractor shall be required to disburse only the funds received on a pro rata basis to its subcontractors and suppliers, each receiving a prorated portion based on the amount due on the payment. If a subcontractor receives payment from Contractor for labor, services or materials furnished by subcontractors or suppliers hired by the subcontractor, the subcontractor must remit payment due to those subcontractors or suppliers within seven (7) business days after the subcontractor's receipt of payment from Contractor.

11.7 Records of Costs: Records of costs incurred under terms of this Agreement will be maintained and made available upon request to County at all times during the term of this Agreement and for three (3) years after the expiration or termination of the Agreement. Copies of these documents and records will be furnished to the County upon request. Records of costs incurred will include Contractor's general accounting records and the project records, together with supporting documents and records, of Contractor, their sub-consultants, and subcontractors, performing work on the project, and all other records of Contractor, their sub-consultants and subcontractors considered necessary by County for a proper audit of project costs.

11.8 Right to Withhold: Except for issues arising from contract indemnification provisions, County will have the right to retain out of any payment due Contractor under this Agreement an amount sufficient to satisfy any amount due and owing to County by Contractor on any other Agreement between Contractor and County. County may withhold payment on any invoice in the event that Contractor is in default under any provision of this Agreement or any other Agreement between Contractor and County as of the time of processing the invoice or as of the time payment is made available on the invoice. This right to withhold will continue until such time as the default has been cured, and, upon cure, County will have the right to retain an amount equal to the damages suffered as a result of the default.

11.9 Final Payment: Once the Work have been completed, delivered to and accepted by County, and provided there are no outstanding disputes, no outstanding security claims, claims or demands between County and Contractor, Contractor may submit a final payment request to County. Upon receipt of such, County shall pay the retainage withheld to Contractor.

Provided there are no outstanding disputes between County and Contractor, no outstanding surety claims, and no outstanding claims or demands by County or Contractor, County shall make payment of such retainage to Contractor in accordance with Sections 255.077 and 255.078, Florida Statutes. If County makes payment of retainage to Contractor which is attributable to any sub-contracted Work or equipment and materials provided by suppliers, Contractor shall remit payment to those subcontractors and suppliers from the retainage.

11.11 ACH Enrollment: All Contractors will be required to complete an "Authorization Agreement for ACH Credits Enrollment Form" Contractor payments will be deposited directly to Contractor's bank account. This means there is no need to wait for the check to come in the mail and eliminates the possibility of a lost check. The Clerk's Accounts Payable Department will provide confirmation via email when payments are transmitted, ensuring immediate notification.

12.0 Deficiency Notices: After Work on a project is commenced, Authorized County personnel may issue a Notice of Deficiency to note that the Contractor is performing work in violation of the Contract conditions and or Work Order. Liability for any damages arising from the items listed in the Notice of Deficiency will be the responsibility of the Contractor, at no additional cost to the County. Causes for a Notice of Deficiency may include, but are not limited to, failure to submit a Project Schedule, failure to complete a Work Order within the scheduled time, failure to complete a Work Order, creating unsafe conditions for the traveling public, construction workers and County personnel, inadequate maintenance of traffic, substandard workmanship and/or materials, failure to adhere to approved work hours.

12.1 Upon receiving a Notice of Deficiency, the Contractor shall sign receipt of the Notice, returning a signed copy to the inspector and retaining one for their records. Signature of the Notice does not constitute admittance of the deficiency, only receipt of the Notice. Failure to sign the Notice may result in contract termination.

12.2 Deficiencies noted for safety issues such as improper Maintenance of Traffic ("MOT") or workers without proper safety equipment, must be immediately addressed.

12.3 If the Contractor is in disagreement with the Notice, they may submit a written appeal to the Project Manager within five (5) working days of receiving the Notice. If a written appeal is not received within the allotted time, the Notice will stand. If an appeal is received, the Project Manager shall review the appeal and make a determination as to its validity. If the Project Manager, in their sole opinion, determines no cause for the deficiency, the Notice will be nullified. Otherwise, a copy of the notice will be provided to the Purchasing Department and become part of the Contractor's evaluation for that contract year. Should a Contractor be

issued three (3) Notices or more for any one Work Order, or nine (9) or more Notices for any combination of Work Orders over the term of the Contract, including extensions thereof, the Contractor may be debarred or suspended in accordance with Rights of the County as contained herein.

21.7 Conflict of Interest: Contractor covenants that it presently has no interest and shall not acquire any interest which would conflict in any manner of degree with the performance of the Work covered under this Agreement. Furthermore, Contractor warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for Contractor to solicit or secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for Contractor any fee, commission, percentage, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Contractor, and its subcontractors at any tier, certify that they have not entered into any contract, sub-contract, or arrangement in connection with the Project covered under this Agreement, or of any property included or planned to be included in the Project, in which any member, officer, or employee of Contractor or its subcontractors, during its tenure, or for two years thereafter, has any interest, direct or indirect. Contractor, and its subcontractors at any tier, shall insert the following provision into each of their contracts and sub-contracts:

"No member, officer, or employee of the subcontractor, during their tenure or for two years thereafter, shall have any interest, direct or indirect, in this contract or the proceeds thereof."

21.8 Correction of Work: Contractor shall promptly remove from the premises all Work rejected by County for failure to comply with the Contract Documents, whether incorporated into the Project or not, and Contractor shall promptly replace and re-execute the Work in accordance with the Contract Documents, without additional expense to County, and shall bear the expense of making good all Work of other contractor's work destroyed or damaged by such removal or replacement. All removal and replacement of Work shall be done at Contractor's expense. If Contractor does not take action to remove such rejected Work within ten (10) calendar days after receipt of written notice from County, County may remove such Work on their own and store the materials at the expense of Contractor.

21.9 County and State Funds: If sufficient funding is not available for Contractor to complete the Work, County reserves the right to modify the terms and conditions of the Agreement to change the Scope of Work to reduce the cost to match any available funding. If such modifications to the Scope of Work are not feasible, or if funding has been totally exhausted prior to Contractor's completion of its Work, the Agreement shall be terminated on terms reasonably acceptable to both parties. Additionally, in accordance with Section 216.347, Florida Statutes, and as provided herein, Contractor may not expend any County funds for the purpose of lobbying the legislature, or local, state, or federal agencies.

21.10 Debarment: Contractor certifies to the best of their knowledge and belief, that they and their principals 1) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Municipal, County, State or Federal department or agency, 2) have not, within a three-year period preceding execution of this Agreement, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records; making false statements; or receiving stolen property, 3) are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated above, 4) have not within a five-year period preceding execution of this Agreement had one or more public transactions (Federal, State or local) terminated for cause or default, and 5) will advise County immediately if their status changes and will provide an explanation for the change in status.

21.11 Discriminatory Vendor: Contractor certifies that they are not subject to Section 287.134 (2)(a) which specifies that an entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide any goods or services to a public entity, may not submit a Bid on a contract with a public entity for the construction or repair of a public building or public work, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity, and may not transact business with public entity.

21.12 Disposal of Wastes: Contractor shall handle any waste materials generated in the performance of the Work in full compliance with all laws, regulations, and requirements of all governmental authorities and those of County. Contractor shall use only disposal facilities which have proper permits and are in full compliance with all Laws. Contractor agrees that County has the right to reject, for any reason, Contractor's use of any particular disposal facility.

21.13 Dispute Resolution: For any dispute concerning performance of the Agreement, which includes without limitation controversies based upon breach of contract, mistake, misrepresentation, or other cause for contract modification or rescission, County shall attempt to reach a mutual agreement as to the settlement and resolution of the dispute with Contractor. Should a mutual agreement not be reached, County shall render a decision and reduce such to writing and serve a copy on Contractor. The decision shall be final and conclusive.

21.14 Documentation: All tracings, plans, specifications, maps, computer files and/or reports prepared or obtained under this Agreement, as well as all data collected, together with summaries and charts derived there from, will be considered works made for hire and will become the property of County upon expiration or termination of the Agreement without restriction or limitation on their use. Upon delivery to the County of said document(s), County will become the custodian thereof in accordance with Chapter 119, Florida Statutes. Contractor will not copyright any material and products or patent any invention developed under this Agreement. Copies of these documents are not to be sold or distributed to third parties without the written consent of County.

21.16 Employees, Subcontractors and Agents: All Contractor employees, subcontractors, and agents performing any of the Work under the Agreement shall be properly trained to meet or exceed any specified training qualifications. Upon request, Contractor shall furnish a copy of certification or other proof of qualification. All employees, subcontractors, and agents of Contractor must comply with all security and administrative requirements of County. County may conduct, and Contractor shall cooperate in, a security background check or otherwise assess any employee, subcontractor, and agent of Contractor. County may refuse access to, or require replacement of, any of Contractor's employee, subcontractor, and agent for cause, including, but not limited to, technical or training qualifications, quality of services, change in security status, or non-compliance with County's security or other requirements. Such refusal shall not relieve Contractor of its obligation to perform all Work in compliance with the Agreement. County may reject and bar from any facility for cause any of Contractor's employees, subcontractors, or agents. County shall have the right to review and approve any subcontractor used by Contractor. Contractor shall be fully responsible to County for the acts and omissions of its subcontractors, and persons directly or indirectly employed by them. It is Contractor's responsibility to ensure that their subcontractors are properly licensed to do business in the State of Florida and Citrus County, as required by law.

21.17 Environmental Issues: All notifications regarding environmental issues or requirements shall be sent immediately to County's Contact Person. Unless directed otherwise by the County, Contractor is not to contact any local, state, or federal governmental agencies concerning environmental issues involving the Project Site.

21.18 Equal Employment Opportunity: Contractor shall not discriminate on the basis of race, color, sex, sexual orientation, gender identity, age, national origin, religion, and disability or handicap in accordance with the Provisions of: Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000 et seq.), Title VII of the Civil Rights Act of 1968 (42 U.S.C. § 3601 et seq.), Florida Civil Rights Act of 1992 (§ 760.10 et seq.), Title 41 CFR Part 60 for compliance with Executive Orders 11246 and 11375, Title 49 CFR 23 and Title 49 CFR 26 for Disadvantaged Business Enterprises, Age Discrimination Act of 1975 (42 U.S.C. § 6101, et seq.), Title 49

Contractor shall furnish pertinent information regarding its employment policies and practices as well as those of their proposed subcontractors as the State of Florida Department of Transportation, the Secretary of Labor, or County may require. The above shall be required of any subcontractor hired by Contractor. All Equal Employment Opportunity requirements shall be included in all non-exempt sub-contracts entered into by the Contractor. Sub-contracts entered into by Contractor shall also include all other applicable labor provisions. No sub-contract shall be awarded to any non-complying subcontractor. Additionally, Contractor shall insert in its sub-contracts a clause requiring subcontractors to include these provisions in any lower tier sub-contracts that may in turn be made. Contractor shall comply with all state laws and local ordinances, except that any preferential consideration of local in-state subcontractors is NOT allowed.

21.19 E-Verification System: Contractor and its subcontractors shall utilize the U.S. Department of Homeland Security's E-Verify system, <https://e-verify.uscis.gov/emp>, in accordance with Section 448.095, Florida Statutes, to verify the employment eligibility of: (1) all persons employed by Contractor during the contract term to perform any duties within Florida, and; (2) all persons, including subcontractors, assigned by Contractor to perform work pursuant to this Contract. Contractors meeting the terms and conditions of the E-Verify System are deemed to be in compliance with this provision. Contractor and its subcontractors shall provide County with affidavits stating that they do not employ, contract with, or subcontract with an unauthorized alien. County is obligated to terminate this Agreement upon a good faith belief that Contractor or its subcontractor(s) has knowingly violated Section 448.095, Florida Statutes.

21.20 Force Majeure Event: Neither party shall be considered to be in default in the performance of its obligations under this Agreement, except obligations to make payments with respect to amounts already accrued, to the extent that performance of any such obligations is prevented or delayed by any cause, existing or future, which is beyond the reasonable control, and not a result of the fault or negligence of, the affected party (a "Force Majeure Event"). If a party is prevented or delayed in the performance of any such obligations by a Force Majeure Event, such party shall immediately provide notice to the other party of the circumstances preventing or delaying performance and the expected duration thereof. Such notice shall be confirmed in writing as soon as reasonably possible. The party so affected by a Force Majeure Event shall endeavor, to the extent reasonable, to remove the obstacles which prevent performance and shall resume performance of its obligations as soon as reasonably practicable. A Force Majeure Event shall include, but not be limited to acts of civil or military authority (including courts or regulatory agencies), act of God (excluding normal or seasonal weather conditions), war, riot, or insurrection, inability to obtain required permits or licenses, hurricanes, and severe floods.

21.21 Gopher Tortoise Relocation: Only for Treatment Sections that include FDR, Milling, and or Asphalt placement. Contractor will inspect the Project area for the presence of gopher tortoises/burrows when issued a Work Order and again prior to work commencing. If necessary, it shall be the Contractor's responsibility to obtain and comply with a Standard Gopher Tortoise Relocation Permit from the Florida Fish and Wildlife Conservation Commission, pursuant to Rules 68A-9.002, 68A-25.002 and 68A-27.004, F.A.C. Permitting, protection, and/or relocation shall be the responsibility of the Contractor. Costs for inspection, permitting, protection, excavation of burrows, and any other associated work shall be incidental to the Contract/Work Order(s). Costs for removal and relocation of gopher tortoises shall be paid at the unit cost listed on the Work Order, if Gopher Tortoises are not removed/relocated, this amount will not be paid by County. **Contractor must submit a Gopher Tortoise Inspection Report, performed by a certified inspector, to the County before starting work; the cost of this report is incidental to the Work Order.**

21.22 Governing Law and Venue: The Agreement shall be governed in accordance with the laws of the State of Florida. In the event of litigation with respect to the obligation of the parties to the Agreement, the jurisdiction and venue of such action shall be an appropriate State Court in Citrus County, Florida.

21.23 Governmental Restrictions: If Contractor believes that any governmental restrictions have been imposed that require alteration of the materials used, the quality, workmanship or performance of the Work offered under the Agreement, Contractor shall immediately notify County in writing, indicating the specific

restriction. County reserves the right and the complete discretion to accept any such alteration or to cancel the Agreement at no further expense to County.

21.24 Immigration and Nationality Act: Contractor shall comply with all immigration laws as outlined in 8 USC § 1324a - Unlawful employment of aliens. County will not intentionally award County contracts to any Contractor who knowingly employs unauthorized Alien workers. Any violation of the employment provisions outlined in the Immigration and Nationality Act throughout the term of any Agreement with County may result in immediate termination of the Agreement. County will consider the employment of unauthorized aliens a violation of Section 274A (e) of the Immigration and Nationality Act. Such violation will be cause for unilateral cancellation of the Agreement, by County, if Contractor knowingly employs unauthorized aliens.

21.25 Inspection, Performance, Supervision: County reserves the right to inspect the Work provided by Contractor, whether partially or fully completed, at any time, as deemed appropriate by County for the purpose of ensuring Contractor's performance under the Agreement. Such inspections performed by County shall not be construed as a final approval of Contractor's Service and shall not relieve Contractor from its obligations under the Agreement. County reserves the right to inspect, at any reasonable time with prior notice, Contractor's facilities to assess conformity of the provision of the Work with the Agreement requirements. County reserves the right to investigate or inspect, at any time, whether the provision of the Work complies with the Agreement requirements. Contractor shall at all times during the Agreement term remain responsive and responsible. Contractor must be prepared, if requested by County, to present evidence of experience, ability, and financial standing, as well as a statement as to capacity of Contractor for the performance of the provision of the Work covered under the Agreement. This paragraph shall not mean or imply that it is obligatory upon County to make an investigation either before or after award of the Agreement, but should County elect to do so, Contractor is not relieved from fulfilling all Agreement requirements. Contractor shall supervise and direct the performance of its Work and shall be solely responsible for the means, methods, techniques, sequences, and safety of construction. The Contractor will employ and maintain at the Project Site a qualified supervisor or superintendent who shall have been designated in writing by the Contractor as the Contractor's representative at the Project Site. The supervisor or superintendent shall have full authority to act on behalf of Contractor and all communications given to the supervisor or superintendent shall be as binding as if given directly to Contractor. The supervisor or superintendent shall be present on the Project Site at all times as required to perform adequate supervision and coordination of the Contractor's Work.

21.26 Inspector General: Contractor agrees to comply with the Inspector General in any investigation, audit, inspection, review, or hearing performed pursuant to Section 20.055, Florida Statutes.

21.27 Lawful Claims and Demands: Should any outstanding claims by subcontractors or suppliers incurred in the performance of the Work materialize after County has made Payment to Contractor, Contractor will indemnify and save County harmless from such claims. Acceptance by Contractor of payment shall be and shall operate as a release to County of all claims and all liabilities to Contractor, other than claims in stated amounts as may be specifically excepted by Contractor for things done or furnished in connection with the provision of the Work, and for every act and neglect of County and others relating to or arising out of the provision of the Work covered under this Agreement. Any payment, whether final or otherwise, shall not release Contractor or his sureties from any obligations under the Agreement.

21.28 Lobbying: Contractor shall not, in connection with the Agreement, directly or indirectly (1) offer, confer, or agree to confer any pecuniary benefit on anyone as consideration for any County officer or employee's decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty, or (2) offer, give, or agree to give to anyone any gratuity for the benefit of, or at the direction or request of, any County officer or employee. For purposes of clause (2), "gratuity" means any payment of more than nominal monetary value in the form of cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, Work, employment, or contracts of any kind.

21.29 Workforce Labor: County believes that the hiring of workforce labor by contractors to whom County awards contracts should, to the maximum extent, be citizens within its boundaries that are unemployed or seeking work for the first time. To that extent, County has agreed to notify CLM Workforce Connection of all awards involving construction and other types of services. CLM Workforce Connection is a local business-led organization that plans and coordinates quality employment and training services for businesses and individual career seekers in Citrus County. The Contractor will be contacted by CLM Workforce Connection, to discuss

hiring through its staff and services. Contractor's participation with CLM Workforce Connection is not required as a condition of this Agreement, but rather an opportunity for greater support for the community of Citrus County and Contractor in hiring assistance.

21.30 Materials, Work, and Facilities: It is understood that, except as otherwise specifically stated in the Contract Documents, Contractor shall provide and pay for all materials, labor, tools, equipment, water, light, power, transportation, supervision, temporary construction of any nature, and all other services and facilities of any nature whatsoever necessary to execute, complete, and deliver the Work within the specified time.

21.31 Non-Collusion: Contractor agrees that neither it, nor any of its officers, partners, agents or employees have entered into any agreement, participated in any collusion, or otherwise taken any action which is in restraint of a free competitive solicitation in connection with this Agreement, and that Contractor intends to do the work with its own bona fide employees or subcontractors and has not provided a response for the benefit of another contractor. Furthermore, Contractor certifies that its affiliates, subsidiaries, directors, officers, and employees are not currently under investigation by any governmental authority and have not in the last ten (10) years been convicted or found liable for any act prohibited by law in any jurisdiction, involving conspiracy or collusion with respect to submitting a response on any public contract.

21.32 Project Site Conditions: Upon submitting to County, Contractor's Final Estimate, Contractor shall be deemed to have examined the Project Site, if applicable and to have secured full knowledge of all conditions under which the Work are to be executed and completed.

21.33 Protection of Persons: Contractor will be responsible for the safety of its employees and the employees of its subcontractors, during the provision of the Work. Contractor will be responsible for initiating, maintaining, and supervising all safety programs in connection with the provision of the Work in accordance with applicable safety standards and regulations, as promulgated by the United States Occupational Safety and Health Act. Contractor shall report promptly to County any accident or unusual occurrence during performance of the Work, including personal injury or death to any Contractor employee, subcontractor employee or any member of the public, or any damage to any of County's property, the Project Site, or adjacent property.

21.34 Public Entity Crime: Pursuant to Section 287.133, Florida Statute, a person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids, proposals, or replies on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in s. 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months following the date of being placed on the convicted vendor list.

21.35 Relationship: Contractor is an independent Contractor to County in the provision of the Work under this Agreement and is not an employee, agent, joint-venture, or partner of County.

21.36 Risk of Loss: Until the Work has been accepted by County, risk of loss or damage to any materials, equipment, supplies, or work product, whether partially or fully completed, that are associated with the Work shall remain with Contractor.

21.37 Schedules, Reports and Records: Contractor shall submit to County cost schedules, progress schedules, Work Order schedules, estimates, records, reports, shop drawings, material specification submittals, certified material, test(s)/report(s) and any other data, as related to the provision of the Work covered under the Work Orders and Agreement. Furthermore, County reserves the right to inspect and audit Contractor's books and records relating to the Work Orders and Agreement, when deemed appropriate by County. All schedules, reports, and records of Contractor, as they relate to the Work Orders and Agreement, shall be retained by Contractor for a period of six (6) years from the date of final disposition under the Agreement.

21.38 Scrutinized Companies: Contractor certifies that it is not listed on (a) the Scrutinized Companies that Boycott Israel List, created pursuant to Section 215.4725, Florida Statutes, or is engaged in a boycott of Israel;

(b) the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in Iran Terrorism Sectors List, created pursuant to Section 215.473, Florida Statutes; or (c) is engaged in business operations in Cuba or Syria. Contractor further understands and accepts that any contract issued as a result of this Bid shall be subject to Section 287.135, Florida Statutes, and subject to immediate termination by County in the event there is any misrepresentation or false certification on the part of Contractor.

21.39 Security:

21.39.1 Confidentiality: Contractor shall comply fully with all security procedures of County in the performance of the Agreement. Contractor shall not divulge to third parties any information obtained by Contractor or its agents, distributors, resellers, subcontractors, officers, or employees in the course of the provision of the Work without the written consent of County. However, Contractor shall be permitted to release information to third parties if such information is publicly available through no fault of Contractor, information that Contractor developed independently without relying on County's information, or information that is otherwise obtainable under State and Federal law as a public record. To ensure confidentiality, Contractor shall take appropriate measures as to its personnel, agents, and subcontractors. The warranties of this paragraph shall survive the Agreement.

21.39.2 Cybersecurity: Contractor shall take commercially reasonable measures to protect and secure electronic data. 21.43 Waiver: The delay or failure by County to exercise or enforce any of its rights under this Agreement shall not constitute or be deemed a waiver of County's right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right by County.

Scope Of Work

The scope of work to be done under this project consists of furnishing all labor, materials, equipment, material testing, supervision, and support for the construction of asphalt pavement preservation, rehabilitation and/or reconstruction processes, and asphalt pavement improvements. Additional work incidental to asphalt concrete work may include, but may not be limited to, roadway edge preparation, reworking shoulders, adjusting manholes and valve covers to grade, implementation of an adequate Storm Water Pollution Prevention Plan and Implementation, and Traffic Control and Safety.

1. Except as amended in the Bid document or otherwise directed by Technical Services or other County representatives for which the work is being completed, all work shall conform to the Florida Department of Transportation Standard Specifications for Road and Bridge Construction (<https://www.fdot.gov/programmanagement/specs.shtml>); the Florida Department of Transportation Roadway and Traffic Design Standards (<https://www.fdot.gov/design/standardplans/current/default.shtml>); and the Manual of Uniform Traffic Control Devices, all current editions (<https://mutcd.fhwa.dot.gov>).
2. No work shall be performed under the provisions of this bid on any properties outside the limits of the project area without prior written permission of the lawful affected landowner. Any such permission shall be obtained by the Contractor(s) and shall identify the provisions under which such work is to be performed and written permission obtained shall be provided to the County Project Manager prior to the associated work being performed. The Contractor(s) shall not be compensated for any work outside the project area and shall hold the County harmless for all liabilities associated with said work outside the project area, if any work is performed without prior written permission from the County Project Manager.

3. FDOT STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION

- a. The current Division II Construction Details and Division III Materials in the FDOT Standard Specifications for Road and Bridge Construction, including all revisions current at the time of the bid due date, shall apply to this Bid except as modified by Special Provisions or Technical Specifications attached to this Bid document.
- b. If any conflicts exist between the specifications prescribed in this Bid document, the more stringent requirement shall apply.

4. PROJECT QUOTES AND WORK ORDERS

- a. This bid includes asphalt roadway project Work Orders at various locations throughout Citrus County, according to the requirements of the Bid document. The project Work Order locations may be anywhere within Citrus County.
- b. When Out-of-Scope work is determined to be needed by the Project Manager, the Contractor will be instructed to include an Out-of-Scope line item in a Work Order with their Final Estimate for the project. The Contractor's Final Estimates will be returned to the County Project Manager including those out-of-scope costs previously identified by the Project Manager or Contractor. Once the Final Estimate is approved by the County Project Manager, a Purchase Order (PO) will be issued, and the County Project Manager will notify the

Contractor they are authorized to proceed to schedule the work with Inspection by means of the SAMPLE Pavement Management Work Order Form. If the Work Order is for \$500,000 or more, a new Public Construction Bond for the total amount of the PO must be delivered and approved by the Purchasing Section prior to the Project Manager issuing the Notice to Proceed. The approved Final Estimate should be attached to the PO. The Contractor may then coordinate with Inspection to schedule and commence work and proceed in accordance with the approved Project Schedule, if applicable. Payment for each project will be based on actual quantities used and unit prices from the bid, as approved by the County.

- c. The Contractor may not decline to perform projects assigned by Technical Services or other County representatives for which the work is being completed.
 - d. The approved Final Estimate amount on any individual Work Order **shall be the maximum compensation payable to the Contractor for that Work Order**. The Work Order price may only be changed for altered quantities authorized by the County. If the Contractor desires to make a claim for a change in quantity or schedule of an authorized Work Order, any such claim shall be submitted to the County Project Manager in writing within three (3) working days of the occurrence of the event giving rise to the claim. If a written claim is not received within the allotted time period, the claim is dismissed with no further action. If a claim is received, the Project Manager shall review the claim and make a determination as to its validity. If the Project Manager, in their sole opinion determines no cause for the claim, the claim will be dismissed, and the Contractor advised as to same. Otherwise, a Contingency Allowance Adjustment may be made and an amended Work Order will be issued to address the claim.
 - e. The Contractor(s) shall provide all services to properly complete the work described in the Work Order, including but not limited to all labor, materials, testing, tools, transportation, and supplies. The Contractor(s) is required to have a qualified superintendent on the job site at all times. If multiple jobs are under construction concurrently, each job is required to have a qualified superintendent on site. The Contractor(s) shall specifically identify the project superintendent and provide inspection with the person's contact information prior to beginning work. If the County determines that a job site is not being adequately supervised, a Deficiency Notice will be issued to the Contractor(s).
5. **PROJECT SCHEDULES:** The County will require that the Contractor submit a Project Schedule with each Final Estimate.
6. **Working Hours:** The regular working hours for Citrus County are Monday – Friday, 7:00 AM to 5:30 PM. Permission to work outside of the regular work hours should be requested in writing a minimum of five (5) working days in advance from the Technical Services, or other County representatives for which the work is being completed. Permission to work on County holidays should also be requested in writing a minimum of five (5) working days in advance from the Technical Services, or other County representatives for which the work is being completed. The County reserves the right to modify the regular work hours of a given project to account for particularities of the project, such as peak traffic considerations.
7. **OUT OF SCOPE WORK:** When preparing a preliminary estimate, if it is known or reasonably anticipated that there are necessary items of construction that are not included on the price sheets of the bid or, during the course of executing a Work Order, the County Project Manager determines that there are necessary items of construction that are not included on the price sheets of the bid, then the County Project Manager will request a cost proposal from the

Contractor for the "Out of Scope" work. The "Out of Scope" proposal shall contain all necessary costs, expenses, and time. Contractor shall not commence work on any "Out of Scope" services until approval is received from the County Project Manager, a PO is issued, and if required as stated herein, an original Public Construction Bond has been delivered and approved by Procurement.

8. TESTING AND INSPECTIONS

- a. The Contractor is responsible for all required testing on the project except when the Bid document, laws, ordinances, rules, regulations, or orders of any public authority having jurisdiction specifically require any Work to be inspected or tested by someone other than the Contractor. For these inspections and testing, the Contractor shall give the Technical Services, or other County representatives for which the work is being completed, a minimum of 48 hours' notice to prepare for the required inspections or testing.
- b. For all required inspections, tests and approvals on any work prepared, performed, or assembled away from the site, the Contractor will furnish the County Project Manager with the required Certificates of Inspection, testing or approval. All such tests will be in accordance with the methods prescribed by the American Society for Testing and Material (ASTM) or such other applicable organizations as may be required by law or the Bid document.
- c. Material and workmanship test type, location and frequency will be determined by the County based on Treatment Section at time of Work Order development and will be paid for as indicated on the Work Order. Material or Work in the place that fail to pass acceptability tests shall be removed and reconstructed according to the bid requirements at the Contractor's expense.
- d. No work shall be performed, nor materials used, without supervision and/or inspections by a representative of the County. The County representative shall have the authority to test and reject any materials and suspend the subject Work at any time.

9. EMERGENCIES: In the event of an emergency, the Contractor shall immediately notify the County Project Manager.

10. DEFICIENCY NOTICES: Authorized County personnel may issue a Deficiency Notice to note that the Contractor is performing work in violation of the Contract conditions. Liability of any damages arising from the items listed in the Deficiency Notice will be the responsibility of the Contractor. Causes for a Deficiency Notice may include, but are not limited to, failure to submit a Project Schedule, failure to complete a Work Order within the scheduled time, failure to complete a Work Order, creating unsafe conditions for the traveling public, construction workers and County personnel, inadequate maintenance of traffic, substandard workmanship and/or materials, failure to adhere to approved work hours.

- a. Upon receiving a Notice of Deficiency, the Contractor shall sign receipt of the notice, returning a signed copy to the Inspector and retaining one for their records. Signature of the Notice does not constitute admittance of the deficiency, only receipt of the Notice. Failure to do so may result in contract termination.

- b. Deficiencies noted for safety issues such as improper MOT or workers without proper safety equipment, must be immediately addressed.
- c. If the Contractor is in disagreement with the Notice, they may submit a written appeal to the Project Manager within five (5) working days of receiving the Notice. If a written appeal is not received within the allotted time, the Notice will stand. If an appeal is received, the Project Manager shall review the appeal and make a determination as to its validity. If the Project Manager, in their sole opinion determines no cause for the deficiency, the Notice will be nullified. Otherwise, a copy of the Notice will be provided to Procurement and become part of the Contractor's evaluation for that contract year. Should a Contractor be issued three Notices or more for any one Work Order, or nine or more Notices for any combination of Work Orders over the term of the Contract, including extensions thereof, the Contractor may be Debarred or Suspended in accordance with the Rights of the County as contained herein.

11. SUSPENSION OR STOPPING WORK BY THE CONTRACTOR: The Contractor shall not stop work on any project work order without the consent of the County Project Manager.

12. MOBILIZATION:

- a. **Project Staging Areas:** Upon being assigned a project, the Contractor shall identify potential staging areas. County ROW or properties are preferred. Should the Contractor identify a private property as a staging area, they should provide the County with written documentation evidencing the property owner's permission to use said property as a staging area, and any required conditions for said usage. Upon completion, the staging areas must be returned to their original condition at no additional cost of the County, unless specifically instructed by the County or private owner to do otherwise.
- b. **Project Signs:** A minimum of five (5) working days prior to mobilizing to the project area, the Contractor shall install project signs (36 inches by 42 inches) with two posts advising of upcoming works. The signs shall be provided by the Contractor at no additional cost to the County and be submitted by the Contractor for review and approval by the County. The Contractor shall be responsible for the maintenance of these signs so long as the Contract is valid. For subdivisions, a sign shall be placed at the main entrance. For collectors or arterials, a sign shall be placed at both ends of the road. The Contractor shall remove the signs once the project is completed. Specific treatments may require resident notifications in addition to the project signs, as indicated under the Treatment Sections in the Technical Specification.

13. SITE AND SURFACE PREPARATION:

- a. The Contractor shall be responsible for clipping back shoulders and removing overburden or any other vegetation or debris to ensure that the road is free of organic and deleterious material. The Contractor shall spray all cut back edges with a pre-emergent herbicide before and after treatment, unless otherwise specified under the Treatment Sections in the Technical Specifications. The Contractor shall:
 - i. Use products as per FDOT Section 7-1.7 Insecticides, Herbicides and Fertilizers.
 - ii. Ensure that the herbicide carries an approved label for use under paved surfaces, and that herbicide is applied in accordance with directions on the label.

- iii. Prevent damage to any adjacent vegetation during herbicide application.
- iv. Replace, at no expense to the County, any plants damaged as the result of soil treatment outside designated areas.
- b. The Contractor will be responsible for sweeping or vacuuming the road ahead of any treatment, and immediately after in the case of milling operations, to make sure the road is free of loose aggregate and other debris prior to paving. The Contractor shall make every effort to keep the dust to a minimum and ensure that the broomed material is not spread onto adjacent shoulders, properties and sidewalks. Any debris inadvertently spread onto adjacent properties shall be promptly removed to the satisfaction of the Inspector or Engineer.
- c. All manhole and valve cover, inlets and other service entrances, etc., shall be protected by adequate means for the treatment being done.
- d. Additional site and surface preparation requirements may be specified in the Treatment Sections in the Technical Specification.
- e. There is no separate pay item for Site and Surface Preparation. The cost for this work is incidental to the bid items.

14. MAINTENANCE OF TRAFFIC

- a. The terms Traffic Control Plan (TCP) and Maintenance of Traffic Plan (MOT Plan) are intended to be synonymous. The term Maintenance of Traffic (MOT) is the function presented in the TCP.
- b. The Contractor shall provide, install and maintain traffic devices for any assigned work according to the FDOT Design Standards Index 600 series, latest edition, and applicable laws and ordinances. The traffic control shall provide a safe work zone and safe flow of traffic in and through the project site. i. When needed, temporary striping will be considered as part of Maintenance of Traffic.
- c. Depending on the project complexity, the County may require the Contractor submit an MOT plan showing all phases of construction in advance for approval.
