Good morning,

That's perfect! I will have to work with the City Manager's office to get the presentation finalized on our end. As far as time slot, the Council meetings start at 6:30pm and Special Presentations are one of the first items on the agenda. There really isn't an exact time, so its best for everyone to be here by 6:30pm.

Thank you,

Good Morning,

The 6:30 meeting on April 24 would be most ideal of those options.

Once things get approved, could you please inform us of the details of the plan? For example,

will there be a time slot allocated during the meeting specifically for this plan? Would we be presenting during the main meeting time?

Thank You

Good morning Mr. Young,

As Councilman Pickett, in April we have three Council meeting. There are two Regular City Council meetings which start at 6:30 pm on April 10th and 24th. And we have a Special City Council meeting, which starts at 9:30 am on April 17th. Any of these meetings would be appropriate for a presentation by your class, so please let me know which date works best.

After I receive that date, I will have to provide to our City Manager for his approval as well as he controls the agendas for the Council meetings.

Thank you,

Tucker,

It was an honor for me to come and see the presentation that you and your students put together. Later that night I came to our council meeting and commented on how impressed I was with your students presentation of City Center master plan.

I spoke to the Mayor about having your students come in and make a presentation to council. She thought that was a wonderful idea.

We have at least 3 meetings in April so I will let you work with my assistant on what works best for you and your students.

Again, I appreciate you reaching out to me soliciting feedback on your project. I wish you and your students the best of luck, and I'm looking forward to seeing the final version of your presentation.

Respectfully,
Dave Pickett

Christina,
Please work with Mr. Young on a date where his students are able to come and make a presentation to council.
Thanks,
Dave

Good Evening Councilman Pickett,

Thank you again for the support and feedback you've provided to my students. I believe this experience will be an asset in taking the project to the next level and possibly beyond.

You mentioned the group coming in later on in the school year, prior to summer break. We are rapidly approaching testing season, our first state test taking place next Tuesday, April 4th, and the final one on May 17th. Though we have not received the date for the state presentation, I anticipate it will take place in mid to late May. I know late May is a ways off, but we are prepared to start hammering out a time and date.

Thank you again,
