Chair Reikenis inquired if there were any ex parte communications, to which the members each indicated they had none to report.

Bethany Grubbs, Planning and Zoning, stated she has been sworn in and the official file has been transmitted to the City Clerk at least five days prior to this meeting. She presented a PowerPoint presentation on this application for a landscape modification, which is a request to forego the required six foot high masonry wall when institutional and commercial uses are abutting open space and residential tracts. Planner Grubbs noted this request was in association with the proposed Tenet Health Hospital and medical office building. She indicated the applicant is Dennis Murphy and the property owner is Florida Coast Medical and Surgical Center. Planner

Grubbs showed the location of the subject property, site plan, and landscape plan. She stated staff is proposing plantings at four feet in height.

Planner Grubbs responded to the Board's questions and comments regarding notifications being sent to the residents within 750 feet, plantings being maintained at six feet with one tree planted every 30 linear feet, and prior precedent. She indicated a future residential developer would be able to construct a six foot wall and that conditions could be added to the landscape modification by the Board.

Dennis Murphy, Culpepper & Terpening, stated he was sworn in and representing the Community of Caring Hospital group seeking the landscape variance. He indicated the request is for relief from putting in a solid wall along their south and east property lines and planting enhanced landscaping in its place. Mr. Murphy explained this project is part of the larger St. Lucie land PUD or Veranda Falls, which is a very visual and high quality community, and discussed the proposed interconnectivity. He addressed Mr. Norton's question regarding the berm near the canal and stated it would be removed or modified. Mr. Murphy also discussed the proposed hospital, medical office buildings, and helipad.

Chair Reikenis opened Public to be Heard. There being no comments, he closed Public to be Heard.

[2024-096](#)

The Legal Department will discuss Sunshine Law Provisions

Carly Fabien, Deputy City Attorney, provided a PowerPoint presentation on the Sunshine Law, Public Records, and Robert's Rules of Order. She presented a brief overview of a public meeting, noticing a meeting, minutes, and failure to comply. She also discussed quasi-judicial matters and how they relate to the Sunshine Law as well as ex parte communications.

Deputy City Attorney Fabien reviewed Public Records and discussed types of materials, official city business, content and intent, who must comply, public records requests, confidential versus exempt, failure to comply, etc. In addition, Deputy City Attorney Fabien discussed Robert's Rules of

Order, role of the Chair, debate decorum, meeting motions, and meeting quorum.

Board Member Norton requested that the Chair vote last, in case there is a tie. Deputy City Attorney Ward explained the Chair's vote is no different than any other member, and there is no legal requirement for the Chair to vote in a particular order or for the Board to utilize the vote rotation. Deputy City Attorney Fabien spoke to using the yea/nay or voice vote versus the roll call vote. Chair Reikenis confirmed the members must vote, unless abstaining from an item on the agenda. Deputy City Attorney Ward indicated the voting conflict statute states it must be based on a current relationship in order to be a conflict, in response to a question from the Board regarding a prior employer. Deputy City Attorney Fabien stated she would like to discuss the suggestion of the Chair voting last with the City Clerk.

Vice Chair Previte stated he believed it was up to the Chair whether to utilize the voice vote or roll call vote, and his preference is for the Chair to use the roll call vote when there is not a unanimous voice vote. Deputy City Attorney Fabien indicated she supported the roll call vote, as it ensures everyone has voted.

Vice Chair Previte inquired if the member should state the reason for their conflict. Deputy City Attorney Ward stated the member should state the reason and complete Form 8-B. Deputy City Attorney Fabien encouraged the members to contact the Legal Department with any questions regarding conflicts or any other matters.

Deputy City Attorney Fabien stated the members must be present for a quorum. She explained each Board can determine whether they will allow members to attend via Zoom, but they will not be counted towards the quorum. Mary Savage-Dunham, Director, Planning and Zoning, noted that for this Board, four members are required for a quorum, four votes are required for regular items, and five votes are required for variances. The Board and staff discussed voting via Zoom and the use of alternates. Chair Reikenis determined that as a policy for this Board, the members are expected to physically attend the meetings and provide ample notice if they are unable to attend. He stated Zoom would be limited to emergency situations only.

Deputy City Attorneys Fabien and Ward as well as Ms. Savage-Dunham, responded to additional questions and comments from the Board regarding the Sunshine Law, ex parte communications for quasi-judicial hearings, invites to social events, conflict of interest, personal email,

meeting notes, etc.

Deputy City Attorney Fabien stated she and Deputy City Attorney Ward would follow-up and respond to the questions pertaining to conflict of interest and alternate members, process for public records requests via Board members, voice vote versus roll call vote, former spouses and conflict of interest, Chair voting last, and voting via Zoom.
