621

Check if:

Opposed

Comments:

Unfortunately, I cannot be present for this meeting, but, I did vote against this lighting proposal. I know there is an existing light pole between my house and my empty lot at 2586 and 2592 Fairgreen Road, and most likely, the reason for why my two lots were chosen for the light. I prefer not to have this amount of light on my property. I have contracted an electrician to add lights to the front of my garage at 2592; which will provide plenty of light to the intersection of Cordova St. and Fairgreen Rd.

Thank you,
Port St. Lucie
