WATERWAYS ASSISTANCE PROGRAM

APPLICATION PACKAGE

Part 2. Attachment E

The following attachment E-1 through E-8, in addition to the requirements of items 10 through 13 of the application checklist, constitute your formal application.

SUBMIT THE APPLICATION INFORMATION IN THE ORDER LISTED ON THE CHECKLIST.

Applications must be received by the District by 4:30 p.m. on April 1, 2024.

SUBMIT ENTIRE APPLICATION ONE OF TWO WAYS:

Electronic submission via email to: CKelley@aicw.org

(pdf file size 15MB or less and permits should be sent in separate emails to reduce file size)

Application must be received by the deadline, no exceptions.

Attachment E - Applicant Tips Sheet

(Mistakes Common to the application process and how to avoid them)

SCHEDULING

The new application is available by January each year, and District funding is available AFTER October 1st of each year. Applicants should plan their schedule to avoid commonly missed deadlines: Application due – 1st of April; Property control/Technical sufficiency items – 15th of May, Permits – 16th of September. (Staff suggestion: Begin to secure property control and permits PRIOR to applying for funding.)

PROPERTY CONTROL VERIFICATION

Please have your attorney complete and sign the form in the application verifying applicant property control. In the case of leases or management agreements, please forward a copy to the District well in advance of the deadline to verify consistency with our program rules. (Staff suggestion: Resolve this requirement outside the application "window".)

PROJECT COSTS ELIGIBILITY

Please note the eligible project costs in Rule Section 66B-2.008, F.A.C. If you are not sure about an item's eligibility, ask! Note: Any ineligible cost, including in-house project management and administration, is also not eligible for an applicant's match. Make sure you have delineated your required minimum cost-share on the project cost estimate. (Staff suggestion: If you have questions about the eligibility of an item, work up a mock cost-sheet and send it to our office well before the deadline.)

COST-SHARE

Although the applicant must provide a minimum of 50% of the total project costs (25% for eligible public navigation dredging), there is no specific requirement to split each item. (Staff suggestion: You may want to organize project element in a certain manner for easier accounting.)

PRE-AGREEMENT EXPENSES

Rule 66B-2.005(3), F.A.C. requires any activity in the submitted project cost estimate occurring PRIOR to October 1st to be considered as pre-agreement expenses. The Board's past philosophy has been to fund only those projects that require District funding assistance to be completed. It is best to avoid pre-agreement expenses if possible. Note, that pre-agreement expenses must be limited to 50% or less of the total project costs, and they are eligible for only ½ of the original District funding. (Example: A project with a total cost of \$200,000 is Board-approved for one-half construction PRIOR to October 1st. In this case, District funding will be limited as follows: Only 50% of the \$100,000 project cost prior to October 1st is eligible as project expenses (i.e. \$50,000). Then only ½ of the eligible project expenses (\$50,000) are eligible for District funding assistance (i.e. \$25,000).

SUBMITTED MATERIALS & JUNE PRESENTATION

The Board must review and evaluate every application and each year we receive about 90 applications for consideration. The final product for the Commissioner's review is two 8-1/2" x 11" spiral-bound notebooks containing the essential information for the application. NOTE: make sure your final submitted material is the same material you will be presenting to the Board at our June meeting. This will avoid confusion and strengthen your presentation. (Staff suggestion: Limit the submitted materials to the requested information, in the required format and make sure it is consistent with your June presentation. Do not submit additional material at the June presentation!)

ELECTRONIC SUBMISSIONS

Grant applications are ONLY being accepted by email. Grant applications may be submitted via email as a pdf attachment (15 mb maximum size and permits attached separately). Make sure to label your pdf attachment with the applicant and project title. You will receive a confirmation email letting you know your application has been received. Email your completed application to: CKelley@aicw.org

EVALUATION WORKSHEET

WATERWAY ASSISTANCE PROGRAM FY 2024

DIRECTIONS:

All applicants will complete questions 1 through 6, and then based on the type of project, complete one and only one subsection (E-4A, B, C, D or E) for questions 7-10.

Please keep your answers brief and do not change the pagination of Attachment E-4

All other sub-attachments that are not applicable to an applicant's project should not be included in the submitted application.

Project Title:	
Applicant:	
1) PRIORITY LIST	ī:
(The app	ne priority list category of this project from Attachment C in the application lication may only be of one type based upon the <u>predominant</u> cost of the lements.)
b) Explain h	ow the project fits this priority category.
(For reviewer only) Max. Available Score	e for application
Question 1. Range of	Score (1 topoints)

2) WATERWAY RELATIONSHIP: a) Explain how the project relates to the ICW and the mission of the Navigation District. b) What public access or navigational benefit to the ICW or adjoining waterway will result from this project? (For reviewer only) (1-6 points) 3) PUBLIC USAGE & BENEFITS: a) Describe how the project increases/improves boater/public access. Estimate the amount of total public use. Tens of thousands locals and tourists visit the North Fork of the St. Lucie River each year. Inside the Port District, modifications to the boat trailer parking at Veterans Park at Rivergate Boat Ramp will improve access to the North Fork of the St. Lucie River. Increased opportunities for fishing, walking/running, kayaking/canoeing, bird viewing, and boating will be recognized. Nearby amenities include a destination river themed playground, the Port St. Lucie Botanical Gardens, the historic Peacock House and Peacock Lodge, and other recreational amenities. Once the nearby park construction is complete, the number of visitors to the area, attendees at city events, use of parking spaces, and boat docks will exponentially increase. b) Discuss the regional and local public benefits provided by the project. Can residents from other counties of the District reasonably access and use the project? Explain. c) Has the local Sponsor implemented or plans to implement any boating access, speed zone, commercial access or other restrictive use of this site?

4) TIMELINESS:
 a) Describe current status of the project and present a reasonable and effective timeline for the completion of the project consistent with Attachment E-6.
b) Briefly explain any unique aspects of this project that could influence the timeline.
(For reviewer only) (1-3 points)
5) COSTS & EFFICIENCY:
a) List funding sources and the status and amount of the corresponding funding that will be utilized to complete this project including any cash match or matching grant funds.
b) Identify and describe any project costs that may be increased because of the materials utilized or specific site conditions.
c) Are there any fees associated with the use of this facility? If so, please list or attach fee sheet.
d) If there are any fees, please explain where these fees go and what they are used for. In addition, please provide a listing of the fees charged by similar facilities, public and private, in the project area.
(For reviewer only) (1-6 points)

PROJECT VIABILITY:
a) Why is the project necessary and what need will it fill? Why are existing facilities insufficient to meet demand?
) Clearly demonstrate how the project will continue to be maintained and funded after funding ompleted.
) Is this project referenced or incorporated in an existing maritime management, public asser comp plan?
