IMPACTS AND FINDINGS

CONCURRENCY REVIEW (CHAPTER 160)

The project has been reviewed for compliance with Chapter 160, City Code, and the Verano Development of Regional Impact (DRI) Development Order, regarding provision of adequate public facilities and documented as follows:

<i>Sanitary Sewer and Potable Water Facilities</i>	Sewer/water will be provided by Port St. Lucie Utility Systems Department. A developer's agreement with the City Utility Systems Department, that is consistent with the adopted level of service, is required prior to issuance of building permits.
<i>Traffic Circulation</i>	<p>The staff review indicates that this project will generate approximately 498 daily vehicle trips, 40 a.m. peak hour trips, and 53 p.m. peak hour trips (ITE, Land Use Code 210, Single Family Detached Housing) on the roads adjacent to the project (Visconti Way). Trip projections were calculated using the Institute of Transportation Engineers (ITE) "Trip Generation Manual, 8th Edition".</p> <p>Transportation within Verano is addressed through the Verano Development of Regional Impact (DRI) Development Order (DO). There is adequate capacity available.</p>

<i>Parks and Recreation Facilities</i>	In future phases, as indicated by the DRI Development Order, the applicant will need to provide a 50-acre park site for recreational uses.
<i>Stormwater Management Facilities</i>	Project will include paving and drainage plans that are in compliance with the adopted level of service
<i>Solid Waste</i>	Adequate capacity is available for future development.
<i>Public School Concurrency Analysis</i>	Per Policy 2.4.2 (8): Exemptions of the City of Port St. Lucie Comprehensive Plan, developments of regional impact, as defined in Section 380.06, Florida Statutes, that received development orders prior to July 1, 2005 or had filed application for development approval prior to May 1, 2005, are exempt from school concurrency. As this DRI received development orders prior to July 1, 2005, it is exempt from school concurrency.

Native Habitat/Tree Protection: Upland preservation/mitigation requirements for the Verano DRI are addressed in the Development Order. All upland mitigation requirements have been met. The site has been previously cleared.

OTHER

Fire District: The access location (external and internal) has been reviewed by the Fire District for safety purposes.

Public Art (Chapter 162): To meet the public art requirement, the Developer has agreed to provide a major piece, or pieces, of art to be installed in a prominent or public place. A bond has been submitted by the applicant to ensure that funds are available for this art piece(s).
