ARTICLE 6—TERM AND TERMINATION

6.1. The initial term of this Agreement will begin on the Effective Date, or upon such latter dates set forth in Addendum #1, and in each case provided a valid purchase authorization is issued. This Agreement may then be renewed annually by payment of the then current maintenance fees for the next annual maintenance period as set forth in Addendum #1.

6.2. Either party may terminate this Agreement or any Product license for a material breach that is not cured within thirty (30) days of written notice to the breaching party, except that termination shall be deemed to have immediate effect for a material breach that is impossible to cure.

6.3. **Termination by Licensee for Convenience.** In the event that either funding from Licensee or other sources is

withdrawn, reduced, or limited, or the authority of Licensee to perform any of its duties is withdrawn, reduced, or limited in any way after the Effective Date of this Agreement, or for convenience, Licensee may terminate subsequent Term Maintenance Periods by giving Azteca Systems at least thirty (30) days' written notice prior to the end of the current Term Maintenance Period. The effective date of such termination will be the start of the subsequent Term. If terminated prior to current term, no refund is provided unless termination is made prior to the first 90 days of the initial term period.

6.4. Termination by Azteca Systems. Azteca Systems may terminate this Software License and Maintenance Agreement and/or any license granted hereunder if:

6.6. If this Agreement is terminated per section 6.3, the Licensee is only liable for payment required by the terms of this Agreement for license, maintenance, and support services rendered or products and software received and accepted prior to the effective date of termination.

6.7. If this Agreement is terminated per section 6.3 or 6.4, Licensee shall then return to Azteca Systems all of the Software, related modules, related updates, and any whole or partial copies, codes, modifications, and merged portions in any form. Upon termination, Azteca Systems will no longer provide updates, patches, or support. If Licensee needs to retain access to records or data for a period longer than one (1) year, in order to transfer data to another system, Azteca will consider reasonable requests to extend beyond one (1) year.

6.8. If Licensee has an Online Services Subscription, Managed Cloud Services, or Online Services Product, then upon termination per section 6.3 or 6.4, Azteca Systems will provide Licensee the ability for 30 days to download, backup, or otherwise archive all Licensee Data.

10.7 US Government Licensee. The Products are commercial items, developed at private expense, provided to Licensee under this Agreement. If Licensee is a US government entity or US government contractor, Azteca Systems licenses Products to Licensee in accordance with this Agreement under FAR Subparts 12.211/12.212 or DFARS Subpart 227.7202. Azteca Systems Data and Online Services are licensed under the same subpart 227.7202 policy as commercial computer software for acquisitions made under DFARS. The commercial license rights in this Agreement strictly govern Licensee's use, reproduction, or disclosure of Products. Azteca Systems Software source code is unpublished, and all rights to Products are reserved by Azteca Systems and its licensors. Licensee may transfer Software to any licensed government procuring agency facility to which computer(s) on which Software is installed are transferred. If any court, arbitrator, or board holds that Licensee has greater rights to any portion of Products under applicable public procurement law, such rights shall extend only to the portions affected.

10.8 Governing Law. This Agreement is not subject to the United Nations Convention on Contracts for the International Sale of Goods.

- **Government Entities.** If Licensee is a government entity, the applicable laws of the Licensee's jurisdiction govern this Agreement.
- **Nongovernment Entities.** US federal law and the law of the State of Utah exclusively govern this Agreement, excluding their respective choice of law principles.

10.9 Dispute Resolution. The parties will use the following dispute resolution process:

- **Equitable Relief.** Either party will have the right to seek an injunction, specific performance, or other equitable relief in any court of competent jurisdiction without the requirement of posting a bond or proving injury as a condition for relief.
- **US Government Agencies.** This Agreement is subject to the Contract Disputes Act of 1978, as amended (41 USC 601-613).
- **Other Government Entities.** Azteca Systems will comply with mandatory dispute resolutions under applicable law.
- **Negotiation and Litigation.** The parties will attempt negotiation in good faith and a spirit of mutual cooperation. Except as noted above, if the parties are unable to resolve any dispute through negotiation, then the governing law shall be as set forth in section 10.8.

10.10 Maintenance. Maintenance for qualifying Software consists of updates (provided on a when-and-if available basis) and other benefits, such as access to technical support, which are provided during the Term. Maintenance is specified as set forth in Addendum #2.

10.11 Audit. Upon Azteca System's written request, Licensee shall certify in a signed writing that its use of the Licensed Product is in full compliance with the terms of this Agreement (including any restrictions herein). Azteca

Systems, or its authorized representative, may, upon prior reasonable notice of at least ten (10) days, inspect and audit Licensee's records and use of the Licensed Products to confirm compliance with this Agreement. All such inspections and audits will be conducted during regular business hours and in a manner that does not unreasonably interfere with ordinary business activities. Licensee shall be responsible for any audit costs only in the event that such audit reveals that Licensee's use is not in accordance with the permitted uses under this Agreement, and for unpaid license fees.

10.12 Feedback. Azteca Systems may freely use any feedback, suggestions, or requests for Product improvements that Licensee provides to Azteca Systems. Regardless of the source of any feedback or suggestions, any improvements to Software or Products, and any related intellectual property, are owned by Azteca Systems.

10.13 Patents. Licensee may not seek, and may not permit any other user to seek, a patent or similar right worldwide that is based on or incorporates any Azteca Systems technology or services. This express prohibition on patenting shall not apply to Licensee's software and technology except to the extent that Azteca Systems technology or services, or any portion thereof, are a part of any claim or preferred embodiment in a patent application or a similar application.

10.14 Force Majeure. A party will not be liable for any failure of or delay in the performance of this Agreement for the period that such failure or delay is due to causes beyond the party's reasonable control. Such causes may include, but are not limited to, acts of God, war, strikes, labor disputes, cyber-attacks, laws, regulations, government orders, or any other force majeure event.

10.15 Independent Contractor. Azteca Systems is and at all times will be an independent contractor. Nothing in this Agreement creates an employer/employee, principal/agent, or joint venture relationship between Azteca Systems and the Licensee. No party has any authority to enter into contracts on behalf of another party or otherwise act on behalf of another party.

10.16 Entire Agreement. This Agreement, including its incorporated documents, addendums, and exhibits constitutes the sole and entire agreement of the parties as to the subject matter set forth herein and supersedes any previous license agreements, understandings, and arrangements between the parties relating to such subject matter. Additional or conflicting terms set forth in any purchase orders, invoices, or other standard form documents exchanged during the ordering process, other than product descriptions, quantities, pricing, and delivery instructions, are void and of no effect. Any modification(s) or amendment(s) to this Agreement must be in writing and signed by each party or as otherwise provided in Addendum #1.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed and made effective by their respective authorized representatives.

ADDENDUM #2

STANDARD MAINTENANCE AND SUPPORT

Standard Maintenance and Support Addendum provisions are between the Licensee and Azteca Systems, LLC ("Azteca Systems" or "Azteca"). Maintenance and support are provided subject to the terms and conditions of the signed Software License and Maintenance Agreement, and which is incorporated by reference.

1. **MAINTENANCE & SUPPORT:** Azteca Systems will provide maintenance and support services to Licensee for qualifying Products during the applicable Term for such Products provided the applicable license and maintenance fees have been paid for the times and periods and amounts specified in Addendum #1. Maintenance and Support services consist of the following benefits: maintenance items (provided on a when-and-if available basis) which may include subsequent version releases of the licensed software, service packs, upgrades and updates, and technical support.

- 1.1. Azteca Systems will ensure upward compatibility for the licensed software applications within a reasonable timeframe for minor Esri® ArcGIS and Cityworks supported database revisions. Azteca Systems will not ensure upward compatibility for licensed software applications when there are major Esri ArcGIS revisions (for example, from rev 10.x to rev 11.x), however Azteca Systems will make all reasonable efforts to provide upward compatibility.

- 1.2. Azteca Systems shall, without additional charge (except as allowed for in paragraph 3.4), during the term of this Agreement provide the following:

- a. **Software Updates.** Software Updates includes upgrades and service packs which are a collection of files that enhance or correct the licensed software, and which will be available for Licensee to download during the Maintenance Term/Period. Updates and upgrades may also include new versions;
- b. Provide Telephone Support, Email Support, Web Support, during normal business hours, 8 AM to 5 PM Mountain Time, Monday through Friday (excepting Holidays) and after hour emergency support line, and other benefits deemed appropriate by Azteca Systems (as set forth in Section 2 below); and
- c. Implement and maintain a means of secure, remote direct network access (VPN, Web-access, etc.) to the Licensee's systems in order to perform thorough remote diagnostics.

- 1.3 The following items, among others, however, are specifically excluded as support services under this Addendum:

- a. Support for applying or installing upgrades and service packs (except for Online Products);
- b. Assistance with questions related to third-party software, computer hardware, networking, and other similar items that are not provided by Azteca;
- c. Assistance with computer operating system questions not directly pertinent to the licensed software;
- d. Licensee Data debugging and/or correcting;
- e. Services necessitated as a result of any cause other than authorized ordinary and proper use by the Licensee of the licensed software, including but not limited to neglect, abuse, unauthorized modifications, and/or unauthorized updates;
- f. Consulting regarding customizations created to function with the licensed software unless the customization is identified and listed as licensed software in Addendum #1;
- g. Assistance with applications which are not part of a standard life cycle, such as preview, beta, or candidate releases; and
- h. Questions such as configuration, implementation, and walk-throughs.

- 1.4 Support Periods are renewable unless terminated as provided in Section 3 below.

- 1.5 Technical support provided pursuant these maintenance provisions shall be performed in a professional and workmanlike manner. Azteca Systems will use commercially reasonable efforts to provide corrections to a

technical issue or provide a workaround, but Azteca Systems cannot guarantee that all technical issues can be fixed or resolved.

1.6. **Authorized Callers.** Licensee may designate a limited number of authorized callers per software product listed in Addendum #1. Licensee may replace Authorized Callers at any time by notifying Azteca Systems Support services. Authorized callers may be designated in this Addendum #2 or by email. Azteca may limit the total number of authorized callers as may be reasonably necessary and may request an updated list of authorized callers.

1.7. **Cityworks Online Support and Customer Portal.** Azteca has created a self-help support website center for Authorized Callers to submit technical issues, chat with technical specialists, track technical support incidents through the 'MyCityworks' portal, and view technical articles, updated product documentation, blogs, links to forums, and technology announcements. The support and care website can be found at <http://www.mycityworks.com>.

1.8. **Additional Support Items.**

- a. On a when-and-if available basis, updates to the licensed software (Addendum #1) means subsequent releases of the program which Azteca generally makes available to its customers who are under an active Software License and Maintenance Agreement for which fees have been paid for the relevant support period.
- b. Occasionally, Azteca changes the name of its licensed software as part of its ongoing process to improve and increase the functionality of the software. In the event the software licensed or listed in Addendum #1 changes in name, and/or improvements are made, Azteca will provide software with functionality that is similar to or with substantially the same or greater functionality of the originally licensed software, provided all current license or maintenance fees have been paid.
- c. Updates may not always include any release, option, or future program that Azteca licenses separately. Updates are provided on a when-and-if available basis as determined by Azteca Systems. Azteca Systems is under no obligation to develop any future programs or functionality. Any updates made available will be made available to you for download. Customer is responsible for copying, downloading, and installing the updates.

2. PROCEDURES FOR ACCESSING SUPPORT

2.1. All problem categories from routine, non-critical and critical, that occur during normal business hours shall procedurally occur as follows: 1) Licensee's system administration staff as first line of support, and then 2) Azteca Systems staff as the second line of support. Azteca Systems will make all reasonable efforts to acknowledge all requests for support during normal business hours within four (4) hours.

2.2. Prior to calling Azteca Systems for support services, the Licensee will first attempt to isolate any problems that occur within the Licensee's System. The Licensee will try to reduce the problem down to a specific software or system component. If it is determined that the problem is the Cityworks Software component, Licensee will first try and resolve the problem without Azteca Systems' involvement. If Licensee cannot resolve the problem or isolate the problem, Licensee may contact Azteca Systems via telephone, chat, or self-service portal. In each case, Cityworks technical support will log the information and provide an answer to the question, a resolution to the problem, or submit a verified bug to the development group. Any support request that is not quickly resolved will be assigned to a technical support representative. Phone calls and chat requests are accepted during normal business hours as outlined on the Contact Support page of MyCityworks.com. Voicemails and requests submitted via the self-service portal outside of the posted business hours will be responded to on a first come, first served basis the next business day.

2.3. For critical problems that occur outside of Azteca Systems' normal business hours (8 AM to 5 PM, Mountain Time) and cannot be isolated and resolved by the Licensee, Azteca Systems will provide an after-hours phone number that will forward the call to the currently assigned Azteca Systems support representative.

Azteca Systems will make all reasonable efforts to acknowledge and respond to the request for support for critical problems that occur outside of normal business hours within four (4) hours of receipt of the call from a designated and authorized Licensee representative. Critical problems are defined as problems that cause several users to be unable to perform their duties. For routine and non-critical problems, Licensee will submit support requests during normal business hours as outlined in 2.2 above.

2.4. After a Technical Support Incident is logged, Azteca Systems will use commercially reasonable efforts to provide corrections to a technical issue or provide a work around. While it is Azteca's goal to provide an acceptable solution to technical issues, Azteca cannot guarantee that all technical issues can be fixed or resolved.

2.5. Azteca will use all reasonable efforts to utilize remote support-type services. However, in the event Licensee and Azteca Systems agree it becomes necessary for Azteca Systems to be on-site to provide support for the covered Software, the parties by mutual negotiation, shall develop a separate agreement that will govern the terms and conditions for any on-site work or services.

3. CHARGES/FEES

3.1. License, Maintenance, and Support Services herein are included in the payment of annual fees as set forth in Addendum #1 and shall be paid by Licensee. The annual fee for each twelve (12) month period is set forth in Addendum #1 and shall be paid prior to the start for each License and Maintenance Period unless otherwise specified. The annual fee for successive Terms/Periods (twelve-month periods) commencing upon the anniversary of the first maintenance period, shall become due prior to the end of the preceding paid-up Maintenance Period.

3.2. Upon sixty (60) days written notice, the fee for the License and Maintenance Periods listed in Addendum #1 subsequent to year one (1) of the Maintenance Period, may be adjusted by Azteca Systems to reflect increases in costs of providing the services; provided, however, that the fee shall not increase by more than the CPI from the previous annual fee. "CPI" shall mean for all Urban Consumers, the U.S. City Average, for all items, 1982-84=100 (the "CPI-U"), as published by the Bureau of Labor Statistics, U.S. Department of Labor. Azteca Systems will notify Licensee of the new pricing no later than sixty (60) days prior to the annual renewal date of the year preceding the year for which such adjusted pricing applies.

3.3. **Maintenance Expiration.** Azteca Systems will send Licensee a notice of expiration approximately sixty (60) days before the Maintenance term expires. If Azteca Systems does not receive a purchase order prior to the expiration date, Azteca will send the notification to Licensee upon expiration of the Maintenance term. All other Maintenance benefits and Support services will end with the expiration of the Maintenance term.

3.4. **Reinstatement Fee for Lapsed Maintenance.** Azteca Systems will reinstate Maintenance if Licensee sends a purchase order or payment within thirty (30) days of the expiration date. If Licensee does not renew Maintenance within thirty (30) days of the expiration date but at a later date wants to reinstate Maintenance, Maintenance fees will include the Maintenance fees that Licensee would have paid since the expiration date.

4. MANAGED CLOUD AND ONLINE SERVICES

4.1. **Prohibited Uses.** Licensee shall not provide Customer Content or otherwise access or use Cloud Services in a manner that:

- a. Creates or transmits spam, spoofings, phishing emails, or offensive or defamatory material; or stalks or makes threats of physical harm;
- b. Stores or transmits any Malicious Code;
- c. Violates any law or regulation;
- d. Infringes or misappropriates the rights of any third party;

- e. Probes, scans, or tests the vulnerability of Cloud Services or breaches any security or authentication measures used by Cloud Services without written approval from Azteca Systems product security officer; or
- f. Benchmarks the availability, performance, or functionality of Cloud Services for competitive purposes.

4.2. **Service Interruption.** System failures or other events beyond Azteca's reasonable control may interrupt Customer's access to Cloud Services. Azteca Systems may not be able to provide advance notice of such interruptions.

4.3. **Licensee Content.**

- a. Licensee grants Azteca Systems and its subcontractors a nonexclusive, nontransferable, worldwide right to host, run, modify, and reproduce Licensee Content as needed to provide Cloud Services to Licensee. Azteca Systems will not access, use, or disclose Customer Content without Customer's written permission except as reasonably necessary to support Customer's use of Cloud Services. Except for the limited rights granted to Azteca Systems under this Agreement, Customer retains all its rights, title, and interest in the Customer Content.
- b. If Customer accesses Cloud Services with an application provided by a third party, Azteca Systems may disclose Customer Content to such third party as necessary to enable interoperation between the application, Cloud Services, and Customer Content.
- c. Azteca Systems may disclose Customer Content if required to do so by law or regulation or by order of a court or other government body, in which case Azteca Systems will reasonably attempt to limit the scope of disclosure.
- d. When Customer's use of Cloud Services ends, Azteca Systems will either:
 - 1. Make Customer Content available to Customer for download for a period of thirty (30) days unless Customer requests a shorter window of availability or Azteca Systems is legally prohibited from doing so; or
 - 2. Download all Customer Content in Azteca Systems' possession to a medium of Customer's choosing and deliver such Customer Content to Customer.

Azteca Systems will have no further obligations to store or return Customer Content at the conclusion of the Cloud Services.

4.4. **Removal of Customer Content.** Azteca Systems may remove or delete Customer Content if there is reason to believe that uploading Customer Content to or using it with Cloud Services materially violates this Agreement. If reasonable under these circumstances, Azteca Systems will notify Customer before removing Customer Content. Azteca Systems will respond to any Digital Millennium Copyright Act takedown notices in accordance with Azteca Systems copyright policy, available at www.cityworks.com/legal.

4.5. **Service Suspension.** Azteca Systems may suspend access to Cloud or Online Services (i) if Customer materially breaches this Agreement and fails to timely cure the breach, (ii) if Azteca Systems reasonably believes that Customer's use of Cloud Services will subject Azteca Systems to immediate liability or adversely affect the integrity, functionality, or usability of the Cloud Services, (iii) for scheduled maintenance, (iv) to enjoin a threat or attack on Cloud Services, or (v) if Cloud Services become prohibited by law or regulated to a degree that continuing to provide them would impose a commercial hardship. When feasible, Azteca Systems will notify Customer of any Cloud Services suspension beforehand and give Customer reasonable opportunity to take remedial action.

Azteca Systems is not responsible for any damages, liabilities, or losses that may result from any interruption or suspension of Cloud Services or removal of Customer's content as described above.

4.6. **Notice to Azteca Systems.** Licensee will promptly notify Azteca Systems if Customer becomes aware of any unauthorized use of Customer's subscription or any other breach of security regarding Cloud Services.

4.7. **Security Breach Notification.** Azteca Systems will promptly notify Customer if Azteca Systems becomes aware of any actual unauthorized disclosure, access, or use of Customer Data ("Security Breach"). The notification will be sent using the contact information on file with Azteca Systems at the time of the Security Breach and will include information related to the cause of the Security Breach (if known) and steps Azteca Systems has or will take to mitigate the risk of a similar Security Breach from occurring in the future. To the extent that the Security Breach was caused by any act or omission of Azteca Systems, Azteca Systems agrees to reasonably cooperate with Customer in investigating the Security Breach and provide information and documents reasonably requested by Customer to the extent such information and documents can aid Customer in investigating the Security Breach. If the Security Breach was not caused by an act or omission of Azteca Systems, Customer may request reasonable assistance from Azteca Systems subject to the availability of Azteca Systems' resources and at Azteca Systems' standard hourly rates

5. MISCELLANEOUS

5.1. **Data Confidentiality Statement.** Azteca Systems will take reasonable measures to ensure that any Licensee data and/or confidential information provided to Azteca Systems is not inappropriately accessed or distributed to any third-party. Data provided to Azteca Systems by the Licensee may be loaded onto Azteca Systems servers or employee computers for the purpose of testing the Cityworks Software, database structure, or database values, and related Esri® software to resolve database or software performance issues, software enhancements, and software defects. At no time will the data be distributed to individuals or organizations who are not Azteca Systems employees without first receiving written approval from Licensee. If requested by the Licensee, and once the testing has been completed, Azteca Systems will delete all data provided by the Licensee.

5.2. **No Implied Waivers.** No failure or delay by Azteca Systems or Licensee in enforcing any right or remedy under this Agreement shall be construed as a waiver of any future or other exercise of such right or remedy by Azteca Systems.

5.3. Azteca Systems will use commercially reasonable efforts to ensure that Azteca Systems Products and Offerings will not transmit any Malicious Code to Licensee. Azteca Systems is not responsible for Malicious Code that Licensee introduces to Azteca Systems Products or Offerings or that is introduced through Third-Party Content. Malicious Code means software viruses; worms, time bombs, Trojan horses; or any other computer code, files, denial of service, or programs designed to interrupt, destroy, or limit the functionality of any computer software, hardware, or telecommunications equipment.
