Section 3.2 Responsiveness (Pass/Fail). Enterprise Services will review bids – on a pass/fail basis – to determine whether the bid is ‘responsive’ to this Competitive Solicitation. This means that Enterprise Services will review each bid to determine whether the bid is complete – i.e., does the bid include each of the required bid submittals, are the submittals complete, signed, legible. Enterprise Services reserves the right – in its sole discretion – to determine whether a bid is responsive – i.e., to determine a Bidder’s compliance with the requirements specified in this Competitive Solicitation and to waive informalities in a bid. An informality is an immaterial variation from the exact requirements of the Competitive Solicitation, having no effect or merely a minor or negligible effect on quality, quantity, or delivery of the goods or performance of the services being procured, and the correction or waiver of which would not affect the relative standing of, or be otherwise prejudicial, to Bidder. Responsive bids will be evaluated as set forth herein.

Solicitation No. 00318 Bid Tabulation - Exhibit B-2 System Solution Narratives

Section 3.4 System Solutions Narrative Evaluation . Enterprise Services will convene a team to review and rate responses submitted to System Solution Narratives in Exhibit B-2. System Solutions are evaluated and awarded separately by category/sub-category.

NOTE: Bidder's combined average rating will be divided by the available rating to determine the percentage of awarded points. The percentage will be multiplied by the number of points available to determine the Bidder's total awarded points. For example:

Average Evaluator Rating (65) / available rating (100) = Percentage of Points (65%)

Percentage of Points (65%) X maximum points available (200) = Awarded points = 130.00

Available). Enterprise Services will convene a team to evaluate Bidder References. Two (2) references per category/sub-category/solution is required. Bidders are required to submit the reference form in Exhibit B-4 with their bid for each category/sub-category/solution if the work was similar in nature and scope. The combined average reference rating for all references will determine Bidder's awarded points using the formula sample below:
