The following modifications to the Terms and Conditions contained in Contract are hereby incorporated and made a part of that Contract.

The City is rebidding these services now, and uninterrupted operations are required during that process. For this limited continuity period, services will be provided at the interim rate of \$148.26 per wet ton. This rate applies only during this period and does not create any future pricing rights or expectations.

If a Performance and Payment Bond was required under the Contract, then Contractor shall also furnish an acceptable recorded bond rider covering the cost difference added to the Contract price under this Amendment. The requirements for such a bond rider shall be subject to the same terms and conditions as the original Performance and Payment Bond under the Contract.
