

10<sup>th</sup> Amendment to the Ravello/Rivella PUD

**Revised**

City Council Meeting

*January 27, 2024*

# Overview

- The Ravello PUD was first approved in 1996 and was previously known as Wilderness Shores PUD, the River Point PUD and the Tesoro PUD.
- The Ravello PUD is approved for 440 residential units and a maximum of 150 units allowed for an assisted living facility.
- The PUD land uses include 144 acres of residentially classified land, 5.9 acres of Open Space Preservation, 216 acres of Open Space Recreation, and 4.9 acres of Limited Commercial and 2.1 acres of General Commercial.

# Request Summary

Applicant's Request:	An application for the 10 <sup>th</sup> Amendment to the Ravello PUD
Agent:	Ryan Law Group, PLLC
Applicant:	Rivella Development, LLC
Location:	The property is located east of the North Fork of the St. Lucie River between Westmoreland Boulevard, Cambridge Drive, and Morningside Boulevard.

# Why is this revision needed?

- In 2021, the City amended its Code (OR 21-118) and institutional uses such as an assisted living facility are no longer compatible with the CG (General Commercial) and CL (Limited Commercial) future land use classifications.
- As a result of the City initiated changes to City Code, Parcel I in the Ravello PUD has a use and entitlements *already* permitted by its zoning (150 unit assisted living facility) *in the 9<sup>th</sup> amendment to the Ravello PUD approved on October 17, 2017*, that are not compatible with the property's underlying commercial future land use classifications.
- For this reason, because of the actions of the city, the Land Use designation needs to be revised to Institutional, and the PUD needs to be revised to change the references (currently Commercial) to Institutional.

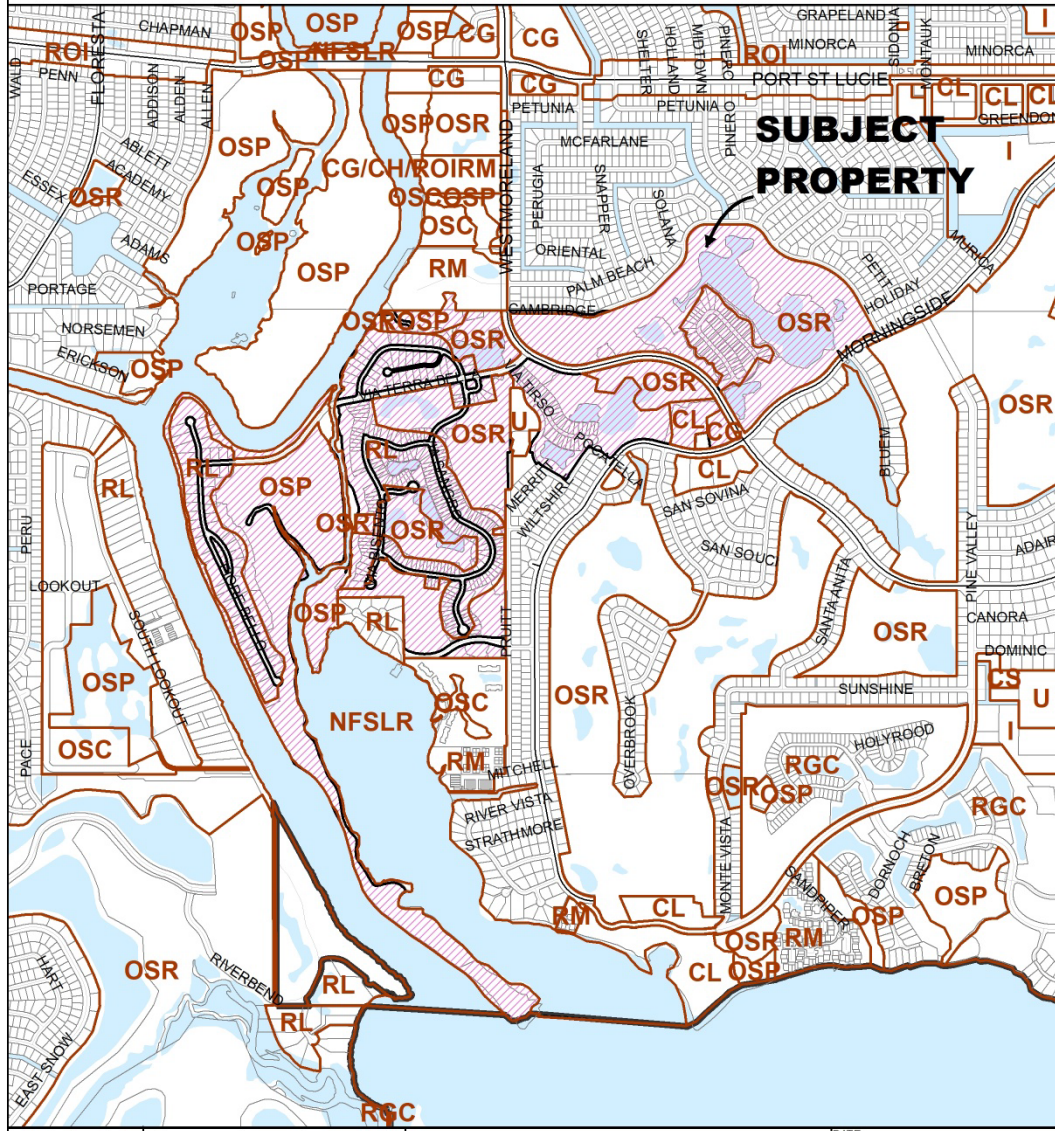

# Location Map

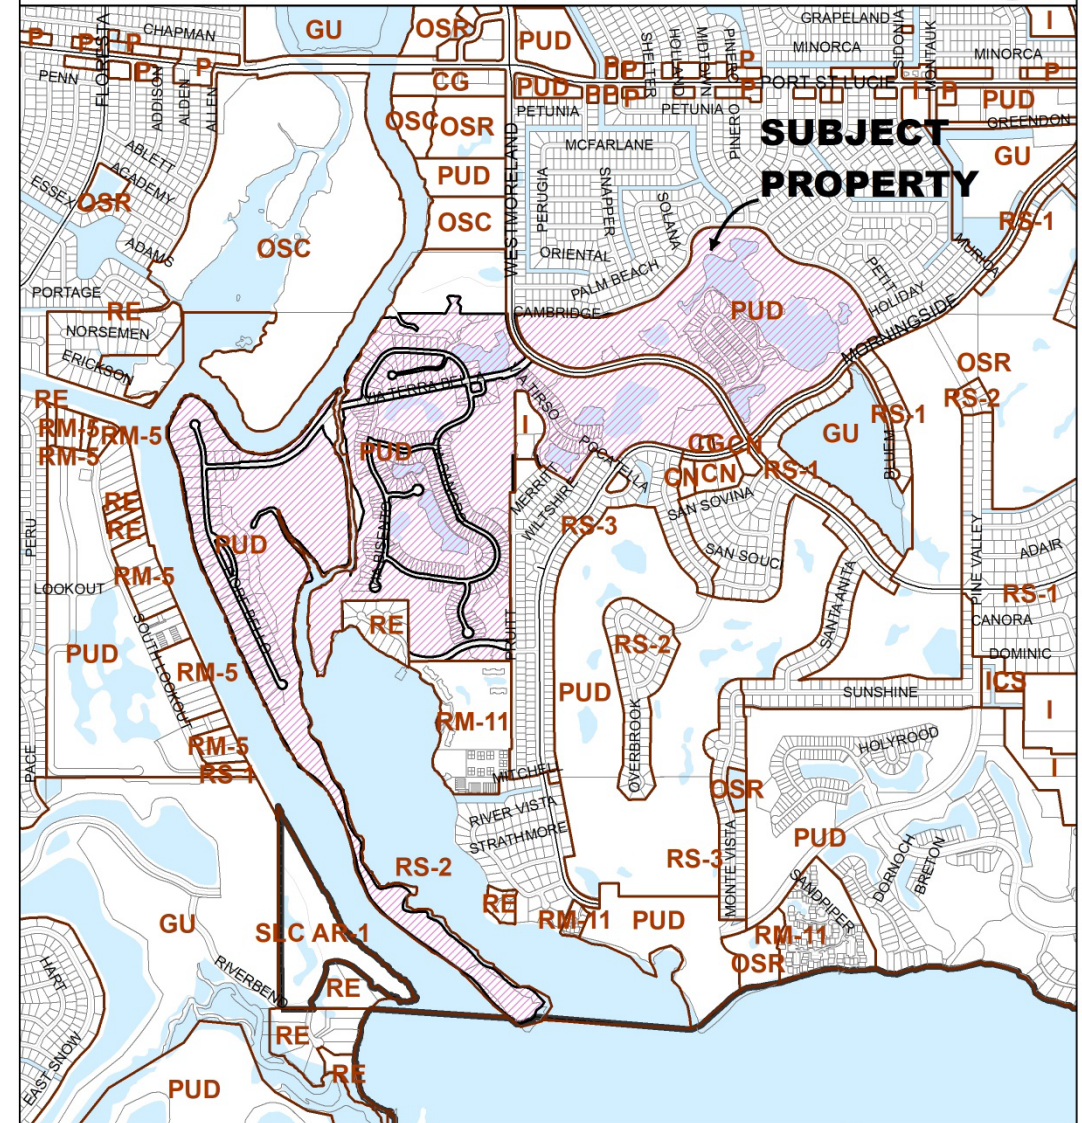

## FUTURE LAND USE

## EXISTING ZONING

# Surrounding FLU & Zoning

Direction	Future Land Use	Zoning	Existing Use
North	RM	PUD	Anchorage on the St Lucie
South	CL and RL	CN, RE, RS-1 and RS-3	Commercial development and single family residential development.
East	RL	RS-1	Single family residential development
West	RL	RM-5, RE	Single family residential development

# Associated Application

- P24-033 – Small scale future land use amendment to change the future land use for 7 acres identified as Parcel I on the PUD Concept Plan from 4.9 acres of Commercial Limited (CL), 2.1 acres of General Commercial (CG), and .31 acres of Low Density Residential (RL) to the Institutional future land use classification.
- Parcel I is located on the northwest side of the roundabout at Morningside Boulevard and Westmoreland Boulevard

# Parcel I, PUD Concept Plan

# Proposed PUD Amendment

- Amends the Land Use classification for Parcel I from commercial to institutional in the PUD and on the Concept Plan **to resolve the city created inconsistency for the previously approved 150 unit assisted living facility.**
- Applicants proposed changes include:
  1. Renaming the PUD from Ravello to Rivella
  2. Updating the permitted uses for Parcel I to remove Child Daycare
  3. Includes language to state that 75 of the 150 units will be for independent living which is inclusive of the definition of an ALF as stated in the staff report, Chapter 153 PSL Code and Chapter 429 Part I, F.S.
    - Today's public hearing is not a vote on the use. It is a vote on the language.
  4. Replacing the text under Maximum Building Height from *in accordance with City Code* to limited to three (3) Stories with a Maximum Building Height of 35 feet consistent with the Zoning Code.

# Chapter 153: Definitions

*ASSISTED LIVING FACILITY (ALF). Assisted living facility is defined as specified in Chapter 429, Part I, F.S., as may be amended from time to time, and means any building or buildings, section or distinct part of a building, private home, boarding home, home for the aged, or other residential facility, whether operated for profit or not, which undertakes through its ownership or management to provide housing, meals, and one or more personal services for a period exceeding 24 hours to one or more adults who are not relatives of the owner or administrator. An ALF may include one or more of the following facility types: independent living, assisted living, and skilled nursing care. An ALF providing one or more of such services may also be known as a continuing care facility.*

# Project Background

- The Planning and Zoning Board held a public hearing on the proposed future land use amendment (P24-033) on May 7, 2024, and voted 6 to 1 for approval.
- The application has been revised to remove the RM land use.
- The revised request is to amend the land use on 7 acres (Parcel I) from 4.9 acres of Commercial Limited (CL), 2.1 acres of Commercial General (CG), and .31 acres of Low Density Residential (RL) to 7 acres of Institutional (I).

# Prohibited Uses

- The Ravello PUD prohibits the following uses on Parcel I:
  - Nursing Home
  - Convalescence Home
  - Substance Abuse Rehabilitation Facility
  - Community Residential Homes
  - Group Care Homes

# Land Use Consistency

- The proposed PUD amendment to reclassify approximately seven (7) acres (Parcel I) from commercial use to institutional use for the previously approved 150 unit assisted living facility is consistent with Policy 1.1.4.4 of the City's Comprehensive Plan.
- Policy 1.1.4.4 states that the Institutional Use Classification is designed to accommodate both public and private institutional sites such as schools, public buildings and libraries, government buildings and hospitals, child care, various group home categories as well as other uses defined in the zoning code.
- Per Section 158.110 of the Zoning Code, an assisted living facility is a permitted use in an Institutional Zoning District.

# Trip Generation Comparison

Land Use	Intensity	Daily Trips	PM Peak Hour Total
Commercial Previously Approved	65,900	2,015	128
Assisted Living Facility Proposed	150 Beds	390	36
Trip Reduction		-1,625	-92

# Updated Environmental Assessment Report For Parcel I

- Prepared by Hobe Sound Environmental July 2024 (Hobe Sound Environmental Wetland and Wildlife Assessment Report)
- No potentially occupied gopher tortoise burrows were found on site.
- An updated gopher tortoise survey will be required as part of any future application for project clearing. If found, they will be reviewed and will need to meet the requirements of Florida, Fish Wildlife Conservation Commission (FWC).
- The report identified one jurisdictional wetland ( $\pm 0.29$  acres).
- Permits are required if this wetland is to be impacted.
- Project permits will be required with the submittal of a site plan.
