Project Description

The Applicant, Globe Ave, LLC, is requesting a change to the conceptual plan for a 1.2-acre site. Section 158.155(P) of the Zoning Code requires the plans to be brought back through the public hearing process with any proposed changes. The existing conceptual plan is for a 3,748 square foot restaurant with 1,172 square feet of the restaurant being outdoor seating area. The proposed conceptual plan is to amend the use for the purpose of constructing a 2-story, 8-unit multifamily building fronting on SW Port St. Lucie Boulevard and a 1-story, 5-unit multifamily building located on the western portion of the site for a total of 13 units.

The property has a future land use classification of Residential, Office and Institutional (ROI), and a zoning designation of Limited Mixed Use (LMD). The proposed request to amend the approved conceptual plan does not require the property to be rezoned from the LMD zoning district, therefore the current zoning is compatible with the existing land use.

Previous Actions and Prior Reviews

P03-374 – Globe Center (St. Lucie Realty) – The zoning for this property was changed from Single-Family Residential (RS-2) to LMD in 2003. The rezoning approved a conceptual plan for the property to construct a 10,200 square foot office/retail building.

P22-226 – Globe Avenue Restaurant – LMD conceptual plan amendment to reconfigure the site for the use of a 3,748 square foot restaurant with outdoor seating.

P23-042 – Globe Avenue Restaurant – Site plan approval for a 3,748 square foot restaurant with 1,172 square feet of outdoor seating.

The Site Plan Review Committee recommended approval of the LMD conceptual plan at a meeting of the Site Plan Review Committee on October 23, 2024.
