Good morning, I am writing to express my concern with changing this parcel from original intent of commercial to residential. I have been talking with neighbors at river place, more specially adjacent land in canoe park circle. They are forming a group trying to schedule a meeting with you to request we keep it as commercial. The original pud should it sell will assure us it will be an acceptable

development and commercial use. We are not sure you have all the background information on who is trying to purchase this piece of property. We do not wish to get involved with this individual for anything ever nor do I believe you would if you knew. I don't normally get involved but I have a coworker and mutual friend of yours who suggested I write to you expressing mine and our community at canoe Parks's concerns with this matter. Sincerely, carol and Alex pilzer 428 n e leaping frog way.
