INTRODUCTION

~~FAR 2, LLC~~ HD Canopy Walk, LLC (the “Applicant”) is respectfully requesting approval from the City of Port St. Lucie (the “City”) of a Planned Unit Development (the “PUD”) application to allow for the development of a 72-unit townhome project (the “Project”) on a 9.09-acre property located at the southeast corner of the intersection of NW Cashmere Boulevard and Old Inlet Drive (the “Property”).

Concurrently with ~~this~~ the PUD Rezoning application, the Applicant ~~has~~ submitted applications to the City of a Future Land Use Map Amendment and an amendment to the St. Lucie West Development of Regional Impact (the “DRI”) to change the land use designation of the Property from Commercial General (CG) to Medium Density Residential (RM) in support of the PUD application. The application was approved by Ordinance 22-59 on November 14th, 2022.

The Project comprises a residential density of 7.92 dwelling units/acre which under the maximum density permitted in the RM land use designation of 11 dwelling units/acre established in Policy 1.1.4.10 of the City’s Comprehensive Plan.

The subject PUD Application is being presented to the City in accordance with the PUD Zoning District Standards and Application requirements contained in the City’s Zoning Code.

PROPERTY BACKGROUND

The Property is located within the DRI which consists of approximately 4,614 acres on the north and south sides of St. Lucie West Boulevard on the east side of Interstate 95. The DRI was originally approved by the City in April of 1989 by way of Resolution 89-R18. The DRI approval has been amended several times since the original approval.

The Property is vacant and has never been developed. In February of 2007, the City approved a site plan consisting of a mixed-use commercial project comprising approximately 70,806 square feet of office space and 37,116 square feet of retail space (107,922 total square feet of commercial space) in five (5) buildings ranging from two (2) to three (3) buildings. Said approval was amended in August of 2007 to address phasing, buffering and conditions. The approved commercial project was never constructed.

The PUD Rezoning application was approved by Ordinance 22-73 on November 28, 2022.

GENERAL STANDARDS FOR DISTRICT ESTABLISHMENT

1. The area of the Cashmere Boulevard Residential Planned Unit Development (the “PUD”) is 9.09 acres, exceeding the 2.0-acre minimum for the establishment of a PUD within the City.
2. The PUD is located at the southwest corner of the intersection of Cashmere Boulevard and Old Inlet Drive within the City. One (1) access point is proposed for the development along Cashmere Boulevard.
3. The PUD will have stormwater management provided by a master stormwater management system operated by the St. Lucie West Services District. The stormwater system design will be submitted for review and approval by the South Florida Water Management District as part of a request for a modification to Environmental Resource Permit No. 56-00573-S-197 issued on January 10, 2008 for the previously approved project on the Property.
4. The PUD will be supplied with water and wastewater Services by the St. Lucie West Services District and will abide by and comply with all applicable ordinances, policies, specifications and regulatory agencies governing such service. Furthermore, the PUD will accept reclaimed water for irrigation from St. Lucie West Services District.
5. The physical characteristics of the Property comprise primarily of native upland habitat. In order to provide for a viable project and since the Property does not abut any other native upland areas, the Applicant is proposing to mitigate for the native upland preservation requirements as per Section 157.06(E) of the City’s Zoning and Land Development Regulations.
6. The PUD application is consistent with the City’s Comprehensive Land Use Plan.

FLU: HIGH DENSITY RESIDENTIAL (RH/OSR/D)
 ZONING: PLANNED UNIT DEVELOPMENT (PUD)

OPEN SPACE TRACT NO. 29
 ST. LUCIE WEST PLAT NO. 157,
 OWNER: CASCADIA AT SW RES ASSN
 INC

Legal Description

A parcel of land being a portion of St. Lucie West Plat No. 178, recorded in Plat Book 49, Pages 3 and 4, Public Records of St. Lucie County, Florida, and being more particularly described as follows:
 Being all of said St. Lucie West Plat No. 178, less all of the right-of-way of Old Inlet Drive as shown on said St. Lucie West Plat No. 178

Site Drainage

The project will be served by site grading, inlets and culverts that will direct stormwater to a dry retention area on the west side of the project which will discharge through a proposed control structure to the existing surface water management area (lake) south of the project area. The stormwater system design will be submitted for review and approval by the South Florida Water Management District as part of a request for a modification to Environmental Resource Permit No. 56-00573-5-197 issued on January 10, 2008 for the previously approved project on the Property.

Traffic Statement

The Applicant is requesting to utilize the St. Lucie West DRI trip conversion matrix, utilize 11,465 square feet of the available, unbuilt commercial entitlements remaining within the DRI and convert said commercial square footage to 72 townhome residential units as calculated below:

11,465 SF of commercial x 6.28 multifamily residential units/1,000 SF of commercial retail = 72 townhome units.
