## Office Location:

617 NW Baker Rd  
Stuart, Florida  
772-781-6400  
[www.nsgeo.com](http://www.nsgeo.com)

Co-owners Greg Fleming and Frank Veldhuis founded the firm in 2002, blending the best attributes of a surveying and mapping firm together with leading-edge GIS and asset inventory organization under one roof. We are proud to have been consecutively chosen as a continuing services provider since our inception. NorthStar is one seamless source providing maximum benefits for all of Martin County's surveying, GIS, and asset management needs.

Some of the key advantages that NorthStar offers include:

- ✦ Hands on management from owners and a staff committed to excellence.
- ✦ Proven record of accomplishment.
- ✦ GIS Surveying / Mapping, and Asset Inventory expertise within a sole provider.
- ✦ Accurate data leading to informed decisions.
- ✦ Ability to meet schedule and budget requirements.
- ✦ Unique experience in GIS, asset inventory and Hansen integration with Martin County.
- ✦ Innovative and cost effective solutions without sacrificing quality.
- ✦ Complete emphasis on providing exceptional client service.
- ✦ Qualified Small Business (NAICS code 541370), Small Business Enterprise (SFWMD)
- ✦ Veteran owned.

NorthStar Geomatics is conveniently located just North of the Roosevelt Bridge at 617 NW Baker Rd, Stuart, Florida 34994

NorthStar is a certified Small Business Enterprise (SBE) with South Florida Water Management District and is NAICS 541370 compliant as well. Co-owner Gregory Fleming is a proud veteran of the United States Army.

At the heart of NorthStar is our commitment to provide exceptional customer service, reliability, cost effective solutions and quality workmanship. We have a proven history of understanding the needs of local government on the Treasure Coast and providing successful and innovative solutions. Be it a large or small surveying or GIS project or simple question, NorthStar has the answer.
